Wagner, 2011 Romania, 1960 **The General Prologue** Geoffrey Chaucer, 1993 Part One This monumental edition in two volumes presents a full record of commentary both textual and interpretive on the best known and most widely studied part of Chaucer's work The General Prologue of The Canterbury Tales Part One A contains a critical commentary a textual commentary text collations textual notes an appendix of sources for the first eighteen lines of The General Prologue and a bibliographical index Because most explication of The General Prologue is directed to particular points details and passages the present edition has devoted Part One B to the record of such commentary This volume compiled by Malcolm Andrew also includes overviews of commentary on coherent passages such as the portraits of the pilgrims **Works of Gautier: The romance of a mummy ; Portraits of the day** Théophile Gautier, 1901 **Portraits of Passion** Praveen Kumar, 2017-01-28

What the poet sings here is true of his life He is open for the temptations of both the passion and the reason When they act together we find the person at his best in life with the strengths of purpose and will we find the poet at his best in poetry with sweet ironies spliced with the power of language when The wind of passion and the barriers of reason pull apart from sides Thus the author gained from both his strength and weakness Poetry to this poet is an integrated expression of personality His conception of poetry is beautifully expressed in the following stanza in the poem Poetry You the gentle queen on inspiration's throne In splendours of words rhythms colours Musics and passions in unending layers Come sit on heart build bridges to the mind Bring light to the eyes to choose a carriage To carry your muse to gentle souls It is significant of this poet that the utility of poetry for him lies in carrying her muse to gentle souls He is deeply subjective and inward looking in nature This subjective and inward looking tendency makes him a proud and self-assured individual Read following lines in the poem The Path of Life Whatever may come whatever may go Whatever on the path is in store as fate I must walk as always I am Proud of self and diligent of walk I tread the path that comes in front Whatever at back bears my print Whatever in front conforms to inner strength The poet has tried to portray the widening gulf betwixt rich and poor in the poem Humanity wherein an image of poverty is laid in following lines A hapless mother Offers her to greed To save her child from the hunger's death No roof to hide no cloth to cover No fire in heart to save honour Dirt and filth sickness everywhere Dirt and filth sickness everywhere The sufferings of the people touch the poet while writing about Bangladesh cyclone in the poem Bangladesh Cyclone he describes how a famished man appears after the devastation God forsaken man sits in the middle And knows not whether he is dead or alive Portraits of Passion is primarily a portrait of passion passion in its varied and verdant forms and hues passion for life passion of love and passion to know the world around The collection has a few love portraits in both meeting and parting frames of mind Read following lines of the poem That Day She held the portrait close to her heart And drank his form to the brim of eyes What a gentle shine what contentment Her eyes spread in expression of her

heart What depth it had what immortal warmth That he felt at loss to pierce far enow Parting is the more intense form of love The foretaste of the impending separation how withers souls and brings them closer in the milieu of climacteric gloom and silence is portrayed in the poem Gulf of Life and Death Face to face they sat in silence No word to speak no shine in eyes Both blankly stared beyond each other No world to smile no light or sunshine They sought each other for hope and comfort In the eye of high tide of the time s drift There are a few poems on the nature in this fascicle Following three lines describe the full moon in motion in her full glory through the demi jour of the heaven in a mise en scene The golden queen in the stride of royal grace Ascended heaven with gold dusts splayed On the fading silk carpet of the thin sunshine The aureate beauty of the full moon day is painted in following lines The night is full with beauty s sweet contrasts Of peace and passions stillness and motion With shades and twilight fits of sensuous quietude A conflict of life and death and desperate waiting for something eerie and lovefull are lurking in many of the poet s writings and give his poems an arcane touch Portraits of the day Théophile Gautier, 1901 *Pixels & Paintings* David G. Stork, 2023-11-14 PIXELS PAINTINGS The discussion is firmly grounded in established art historical practices such as close visual analysis and an understanding of artists working methods and real world examples demonstrate how computer assisted techniques can complement traditional approaches Dr Emilie Gordenker Director of the Van Gogh Museum The pioneering presentation of computer based image analysis of fine art forging a dialog between art scholars and the computer vision community In recent years sophisticated computer vision graphics and artificial intelligence algorithms have proven to be increasingly powerful tools in the study of fine art These methods some adapted from forensic digital photography and others developed specifically for art empower a growing number of computer savvy art scholars conservators and historians to answer longstanding questions as well as provide new approaches to the interpretation of art Pixels Paintings provides the first and authoritative overview of the broad range of these methods which extend from image processing of palette marks brush strokes and shapes up through analysis of objects poses style composition to the computation of simple interpretations of artworks This book stresses that computer methods for art analysis must always incorporate the cultural contexts appropriate to the art studies at hand a blend of humanistic and scientific expertise Describes powerful computer image analysis methods and their application to problems in the history and interpretation of fine art Discusses some of the art historical lessons and revelations provided by the use of these methods Clarifies the assumptions and applicability of methods and the role of cultural contexts in their use Shows how computation can be used to analyze tens of thousands of artworks to reveal trends and anomalies that could not be found by traditional non computer methods Pixels Paintings is essential reading for computer image analysts and graphics specialists conservators historians students psychologists and the general public interested in the study and appreciation of art

From Face to Face Marina Prusac, 2010-12-20 This book provides analyses of different recarving methods in Late Antiquity and argues on the basis of 500 recarved portraits that the late antique portrait style which was formerly considered

an expression of a new era was rather a technical consequence
