Prisoners And Partisans Italian Anarchists In The Struggle Against Fascism:

Prisoners & Partisans Mauro De Agostini,1999 **Fighting fascism: the British Left and the rise of fascism, 1919-39** Keith Hodgson,2013-07-19 In the years between the two world wars fascism triumphed in Italy Germany Spain and elsewhere coming to power after intense struggles with the labour movements of those countries This book available in paperback for the first time analyses the way in which the British left responded to this new challenge How did socialists and communists in Britain explain what fascism was What did they do to oppose it and how successful were they In examining the theories and actions of the Labour Party the TUC the Communist Party and other smaller left wing groups the book explains their different approaches while at the same time highlighting the common thread that ran through all their interpretations of fascism The author argues that the British left has been largely overlooked in the few specific studies of anti fascism that exist with the focus being disproportionately applied to its European counterparts He also takes issue with recent developments in the study of fascism and argues that the views of the left often derided by modern historians are still relevant today **Militant Anti-Fascism** M. Testa,2015-04-27 Fascism is not a thing of the past and in this era of crisis and austerity it is growing even stronger The fight against it must be aggressive and unrelenting Using a mixture of orthodox history and eyewitness accounts M Testa makes the case for a resolutely militant anti fascism taking us from proto fascists in nineteenth century Austria to modern day street fights in London Provocative unapologetic and based on extensive research M Testa undercover anti fascist blogger has analyzed the changing fortunes of the British far right since 2009 He has written for the anarchist magazine Freedom and is a member of the Anti Fascist Network **Assassinations and Murder in Modern Italy** S. Gundle,2007-10-15 An extraordinary series of murders and political assassinations has marked contemporary Italian history from the killing of the king in 1900 to the assassination of former prime minister Aldo Moro in 1978 This book explores well known and lesser known assassinations and murders in their historical political and cultural contexts **Fascism** David Renton,2020-09-20 Across Europe and the world far right parties have been enjoying greater electoral success than at any time since 1945 Right wing street movements draw huge supporters and terrorist attacks on Jews and Muslims proliferate It sometimes seems we are returning to the age of fascism To explain this disturbing trend David Renton surveys the history of fascism in Europe from its pre war origins to the present day examining Marxist responses to fascism in the age of Hitler and Mussolini the writings of Trotsky and Gramsci and contemporary theorists Renton theorises that fascism was driven by the chaotic and unstable balance between reactionary ambitions and the mass character of its support This approach will arm a new generation of anti fascists to resist those who seek to re enact fascism Rewritten and revised for the twentieth anniversary of its first publication Renton s classic book synthesises the Marxist theory of fascism and updates it for our own times *Bombs, Bullets and Bread* Michael Kemp,2018-08-23 During the late 19th and early 20th centuries a wave of political violence swept across the globe causing widespread alarm Described by the

media of the day as propaganda of the deed assassinations bombings and assaults carried out by anarchists both individuals and conspirators were intended to incite revolution and established the precedents of modern terrorism Much has been written about these actions and the responses to them yet little attention has been given to the actors themselves Drawing on wide range of sources the author profiles numerous insurgents their deeds and their motives **Against All Tyranny!** Edgar Rodrigues,Renato Ramos,Alexandre Samis,2003 Emigration was one of the great dreams of 19th century European workers and Brazil was just one of the New Worlds which took and showed them that the promise such lands promised was easily broken But the anarchist dream of freedom and revolution came with them and workers Italian Portuguese Spanish Russian and Brazilian fought to make it a reality And it was not only rampant capitalism they had to fight but also state worshippers both Left and Right This pamphlet contains an outline of the history of the anarchist movement in Brazil to the present day and records some of the figures who made it what it was *Prisoners and Partisans* Mauro De Agostini,Marco Rossi,1999-05 A selection of essays covering early anti fascist combat groups attempts on the life of Il Duce partisan operations in the war and post war assaults on the fascists **Italian Partisans and British Forces in the Second World War** Nicola Cacciatore,2023-04-11 This book proposes a significant new interpretation of the relations between Italian partisans and British forces during the Italian campaign of 1943 1945 The core of the argument challenges many assumptions that are today still present both in Italian and in the Anglophone historiography on the subject In current historiography the debate is still ongoing as to whether the British were a hostile force to the Italian Resistance trying to weaken it to better control it or a genuine and committed ally Instead of a clear cut and artificial dichotomy between the Italians and the British this book posits the idea that lines were often blurred and relations existed on a scale that included lots of grey and overlapping areas Thanks to an original approach that examines the Italo British interaction from a point of view as close as possible to the action it proposes a new interpretation based on the way the British image was cast in Italy Politics is left in the background in favour of an analysis of the concrete problems and difficulties that Italians and the British had to face when working together and how these processes influenced the image of Great Britain in Italy in the following decades This produces a final interpretation that enriches current historiography and pushes forward our understanding of the relationship between Italian partisans and British forces **America's Dark History** H. H. Charles,2021-07-12 Trump s Make America Great Again was a crass slogan intended to appeal to the most antiquated and base emotions resentments and bigotry that plague far too many Americans who still believe in white supremacy Using historical sources found on various research platforms Part I reviews the genocide persecution and bigotry practiced from Columbus to Trump on natives immigrants Africans and others There is no review of Trump as what he has done and is doing is well covered by present day media Acknowledging it is hardly an exhaustive compilation Part II lists the contributions made by those who suffered from their not being white Anglo immigrants to America The book is an attempt to have Americans who will listen and care

recognize that America does not need to be made great again America needs to be made great
