Private Agriculture In The Soviet Union A Soviet Agricultural Anomaly:

Private Agriculture in the Soviet Union Stefan Hedlund, 2019-08-06 First published in 1989 Perestroika it was widely believed must succeed in agriculture before permanent change could be affected elsewhere in the Soviet economy But Soviet agriculture had so far remained stubbornly inefficient and resistant to change In this book Stefan Hedlund investigates the reasons for this state of affairs The author gives an account of the emergence development and performance of private agriculture in the Soviet Union In particular he describes the essentials of the peculiarly Soviet hybrid of private and socialized agriculture He places the private sector within the broader framework of Soviet agriculture He saw Soviet agriculture as a Black Hole ready to absorb any resources that came near be they private plots urban gardens factory workshops or military units Hedlund also examines the impact on the peasants as producers of decades of negative ideological pronouncements in Party propaganda and of discrimination and at times outright harassment by local officials He points out that this background makes the prospect of any positive response from the peasants to Gorbachev's call for perestroika in agriculture extremely unlikely
