

## APPENDIX 1: THE SPANISH PRONOUN SYSTEM

---

One of the most complicated aspects of grammar for learners of Spanish is the pronoun system. Subject pronouns, direct object pronouns, indirect object pronouns, reflexives—students very often end up with a “mish mash” of pronouns, trying to use *se* to mean *he*, *me* as a subject pronoun, and so on. The special grammar supplements here are meant to help give students a greater understanding of pronouns than they would have with typical textbook presentations.

### I. Subject pronouns

- A. The notion of “subject” is a grammatical notion and refers to the relationship between a noun (boy, John, dogs), or a noun “phrase” (the boy, the happy boy, all of those dogs), and a verb. Generally, the subject answers the question *Who or What VERBs?* or *Who or What is VERBing?* as in *Who or What eats?* *Who or What is looking?*

The man is smiling.

Who is smiling? The man. (So, *the man* = subject.)

The green houses are for sale.

What is for sale? The green houses.  
(So, *The green houses* = subject.)

- B. A pronoun refers to a small word that stands in place of a noun or noun phrase, especially when the speakers already know who or what is being talked about. Let’s take the example, *John is a responsible student. He studies every day.* In the second sentence, *he* is a pronoun that stands for *John*, who is already mentioned in the sentence before. Pronouns are used to avoid redundancy. Look how awkward the following would be spoken aloud: *Jaime knows a lot about wines. Jaime drinks them all the time. Jaime lived in Napa and Jaime has also worked in a winery.* We use the subject pronoun *he* to avoid the repetition.

- C. The subject pronouns that stand for other nouns in English are *he*, *she*, *it*, and *they*.

#### SAMPLE SUBJECTS

John, the boy, the dog, Mr. Smith

Mary, my aunt, the ugly witch

the book, the time, the big white house

John and Mary, the kids, the big dogs

#### CORRESPONDING SUBJECT PRONOUN

he

she

it

they

We also call *I*, *you*, and *we* subject pronouns because they stand for us. For example, if your name is Bill you don’t say, *Bill went to the store yesterday.* You say, *I went to the store yesterday.* If you are talking to your friend Sally, you don’t say, *Does Sally want to come?* You say, *Do you want to come?* So, in a sense, these pronouns stand for names of people who are involved in the conversation. The entire set of subject pronouns in English then are the following, along with their Spanish equivalents.

I	yo	we	nosotros/as
you	tú	you	vosotros/as
you	usted (Ud.)	you	ustedes (Uds.)
he, she	él, ella	they	ellos/ellas
