Roll Over A Counting Song:

Roll Over! ,1981 Poetry Revelator is the opening poem in a major sequence entitled Universe It s the jumping off point for a work that were Ron Silliman to live long enough would take him three centuries to complete We are hopeful Universe is a poem of globalization and post global poetics an important reason for publishing this key section outside of the USA At its core it addresses the problem that there are only two global systems the biosphere and capital while every response to these global systems is invariably local The first appearance of Revelator in a journal won Poetry s Levinson prize previously given to poets such as Robert Creeley Theodore Roethke Geoffrey Hill John Ashbery Robert Duncan Basil Bunting William Carlos Williams Dylan Thomas Hart Crane Robert Frost and Wallace Stevens Called a thaumaturge wonder worker by the poet Robert Duncan Silliman has created a new kind of writing from the simplest materials The poet confides describes extols remarks puns paints domestic scenes slyly alludes records minutiae leaps to large statements arouses repeats Through it all a friendly northern California sort of personality emerges David Melnick What I find most striking about Silliman s sentences is that they re fun they give pleasure in many different ways through their wit their allusiveness their visuality their phonetic texture their descriptive precision or their sheer unlikeliness Roger Gilbert Of all the language poets Silliman s express line writing was and is the one that stuck to my ribs It was so thingy so specific so formally radical so hard headed yet witty and now and then in spite of itself lyric I liked his post industrial music I loved ketjak and tjanting and paradise And the reach the compulsion to pull everything in C D Wright
