Roman Replies And Clsa Advisory Opinions 1991:

Roman Replies and CLSA Advisory Opinions, 1991 Lynn Jarrell, Kevin W. Vann, 1991 *Before Dallas* Nicholas P. Cafardi, 2008 The clergy sex abuse scandal and its ongoing fallout have created the greatest crisis in the history of the American Catholic Church Yet for well over a thousand years the Church has recognized the problem of clerical abuse of children and has maintained strict canonical punishments for perpetrators including expulsion from the clerical state So why did Church leaders favor therapeutic solutions over the provisions of canon law in dealing with decades of abuse This ground breaking analysis of the Church s response to the abuse crisis addresses that very question and engages in a vigorous assessment of the Church s failures in the light of its own canon law The author a civil and canon lawyer summarizes the history of clerical sexual abuse from the New Testament era to modern times He describes the major cases that brought the problem to the forefront in the United States He goes on to explain why most bishops decided to take the therapeutic option when dealing with abusive priests rather than subjecting abusers to proper canonical punishments that might have brought the cases to light and resulted in greater sensitivity to the victims themselves Finally the author explains what the Church must learn from the abuse crisis Insightfully written and thoroughly annotated BEFORE DALLAS will become the accepted reference work on the Church s legal response to clerical sexual abuse and an indispensable guide for preventing the tragedy from happening again It will be essential reading for church historians canonists clergy and all those interested in the future welfare of the Church and her faithful *Reservatio Papalis* Monica-Elena Herghelegiu, 2008 The Pontiff s power of reservation has existed for centuries it began to develop in the Middle Ages as the papacy established itself as head of the medieval Church and the entire Christianity This monograph is an analysis of the new system of papal reservations in relation to the Bishops as described in the 1983 Code of Canon Law and in the legal prescriptions of the Roman Catholic Church The study highlights the cases which the Pontiff reserves to himself removing them from the responsibility of the diocesan bishops who continue to exercise the power they possess in their own right Practice what You Preach James F. Vasoli,1998 The United States is home to only 6% of the world s Catholics Robert Vasoli points out but it now accounts for 75% of all Church annulments two thirds of which are granted on ostensibly psychological grounds The real scandal though is not simply the numbers but that Church marriage courts annul thousands of marriages that are actually valid according to Catholic teaching Drawing on considerable research the author details precisely how these courts let divorced Catholics and many non Catholics as well bypass Catholic teaching and law The result has been a tidal wave in 1968 the American Church granted fewer than 600 annulments today it hands out more than 60 000 a year But Rome has not smiled on the performance of U S tribunals of those psychological annulments appealed to the Roman Rota the Vatican s highest marriage tribunal more than 90% are overturned New Commentary on the Code of Canon Law John P.
