Games to Make Learning Fun is now out in its 2nd edition Movement is the young child's preferred method of learning This is because when a child physically experiences concepts they understand them more completely and retain the information longer Retention has been proven to increase when children's senses are involved in the learning process and this book provides hundreds of activities that help to teach major concepts in the content areas of art language arts math music science and social studies The domains of child development are completely intertwined in the early years making it important to incorporate them all throughout the learning process This book will show the early childhood professional how to educate the whole child covering all of the domains of child development which include physical social emotional and cognitive To truly educate the child they must be recognized as thinking feeling moving human beings with the need to experience with all of their senses Moving and Learning Across the Curriculum 2e provides the activities to achieve that level of learning with features including detailed lesson plans outdoor alternatives updated resources and enhanced curriculum connectors with additional suggestions for children's literature and music An ideal resource for the early childhood professional this book offers everything needed to use movement as a teaching tool

Why Play? Rae Pica, 2024 In an age when play is often seen as frivolous or unproductive this book explains the importance of play in early childhood education Each chapter focuses on a specific type of play includes suggestions for putting theory into practice and offers recommendations for language and information educators can use to help parents understand that play is not separate from learning Why Play highlights some of the most popular types of play such as dramatic cooperative construction and It also covers those considered controversial such as rough and tumble war gun and superhero play Parents and policymakers are receiving a great deal of misinformation leading them to believe that exposure to early academics not play is the best way to start children on the road to success This book shares why different modes of play are beneficial and how educators can facilitate these different types of play in early childhood settings Whether used as a tool for advocacy or as a guide on how to use play Why Play is for everyone who believes children should have the chance to be children and that child development should guide all our practices Book Features Looks at the importance of play in general and then at many different kinds of play each addressed in its own chapter Provides ideas and information early childhood educators pre K grade 3 can use to make 12 different types of play a greater part of their program Includes Partnering with Parents text boxes to help educators speak to parents about the important role play has in developmentally appropriate practice
