Moving In Memory:

Moving Memory Siri Schwabe, 2023-06-15 Moving Memory is an ethnography of remembrance in the field of tension between post dictatorship Chile and occupied Palestine that offers new insights into memory politics as a globally resurgent and increasingly transnational phenomenon It tells a largely untold story of a Palestinian diaspora how a predominantly Christian conservative and wealthy elite has come to form the backbone of a diasporic community to which the Palestinian struggle remains a central mobilizing force Schwabe explores how Palestinian diaspora politics play into larger attempts to obscure the recent Chilean past and its consequences all the while working to counter Zionist efforts to negate and erase Palestinian existence Despite considerable efforts to contain them memories move They travel across porous and ever changing geographical and socio political boundaries reconfiguring realities in the process In exploring the paradoxes of remembering and forgetting between Palestine and Chile as intertwining nodes in the complex field of global memory politics the book demarcates the limits and possibilities of forging solidarity at the fault lines of memory

Mutinous memories Matt Perry, 2019-05-14 This book explores the eight month wave of mutinies that struck the French infantry and navy in 1919 Based on official records and the testimony of dozens of participants it is the first study to try to understand the world of the mutineers Examining their words for the traces of sensory perceptions emotions and thought processes it reveals that the conventional understanding of the mutinies as the result of simple war weariness and low morale is inadequate In fact an emotional gulf separated officers and the ranks who simply did not speak the same language The revolt entailed emotional sequences ending in a deep ambivalence and sense of

despair or regret Taking this into account the book considers how mutineer memories persisted after the events in the face of official censorship repression and the French Communist Party's co-option of the mutiny **29 Days to a Smooth Move**
