arrangements over original compositions and female amateurs perspectives over those of composers and asks what cultural musical and social functions did opera arrangements serve in Vienna c 1790 1830 Multivalent musical analyses explore ways Viennese arrangers tailored large scale operatic works to the demands and values of domestic consumers Documentary analysis using little studied evidence of private and semi private music making investigates the agency of musical amateurs and reinstates the central importance of women s roles Library of Congress Catalog Library of Congress,1973 A cumulative list of works represented by Library of Congress printed cards *Program Notes* Cleveland Orchestra,1927
