Mr Carr Of State Forty Seven Years In:

American Refugee Policy and European Jewry, 1933-1945 Richard Bretman, Alan M. Kraut, 1987 How does one explain America's failure to take bold action to resist the Nazi persecution and murder of European Jews In contrast to recent writers who place the blame on anti-Semitism in American society at large and within the Roosevelt administration in particular Richard Breitman and Alan M Kraut seek the answer in a detailed analysis of American political realities and bureaucratic processes Drawing on exhaustive archival research the authors describe and analyze American immigration policy as well as rescue and relief efforts directed toward European Jewry between 1933 and 1945 They contend that U S policy was the product of preexisting restrictive immigration laws an entrenched State Department bureaucracy committed to a narrow defense of American interests public opposition to any increase in immigration and the reluctance of Franklin D Roosevelt to accept the political risks of humanitarian measures to benefit the European Jews The authors find that the bureaucrats who made and implemented refugee policy were motivated by institutional priorities and reluctance to take risks rather than by moral or humanitarian concerns **Newsletter** United States. Department of State, 1979 US Consular Representation in Britain since 1790 Nicholas M Keegan, 2018-03-08 In its early years the United States Consular Service was a relatively amateurish organization often staffed by unsuitable characters whose appointments had been obtained as political favours from victorious presidential candidates a practice known as the Spoils System Most personnel changed every four years when new administrations came in This compared unfavourably with the consular services of the European nations but gradually by the turn of the twentieth century things had improved considerably appointment procedures were tightened up inspections of consuls and how they managed their consulates were introduced and the separate Consular Service and Diplomatic Service were merged to form the Foreign Service The first appointments to Britain were made in 1790 with James Maury becoming the first operational consul in the country at Liverpool At one point there was a network of up to ninety US consular offices throughout the UK stretching from the Orkney Islands to the Channel Islands Nowadays there is only the consular section in the embassy and the consulates general in Edinburgh and Belfast The Imperial Season William Seale, 2017-12-28 This story of the young city of Washington coming up in the international scene is populated with presidents foreign diplomats civil servants architects artists and influential hosts and hostesses who were enamored of the idea of world power but had little idea of the responsibilities involved Between the Spanish American War and World War I the thrill of America's new international role held the nation's capital in rapture Visionaries gravitated to Washington and sought to make it the glorious equal to the great European capitals of the day Remains of the period still define Washington the monuments and great civic buildings on the Mall as well as the private mansions built on the avenues that now serve as embassies The first surge of America's world power led to profound changes in diplomacy and a vibrant official life in Washington DC naturally followed In the twenty five year period that William Seale terms the imperial season a host of

characters molded the city in the image of a great world capital Some of the characters are well known from presidents to John Hay and Uncle Joe Cannon and some relatively unknown from diplomat Alvey Adee to hostess Minnie Townsend and feminist Inez Milholland The Imperial Season is a unique social history that defines a little explored period of American history that left an indelible mark on our nation s capital **Newsletter** ,1969 **American Ambassador** Waldo H. Heinrichs Jr.,1986-11-27 This rich and intimate biography reconstructs the life of an extraordinary career diplomat Joseph Clark Grew 1880 1965 providing a fascinating glimpse of the modern American diplomatic tradition **Prologue** ,1975

Spoilsmen in a "flowery Fairyland" Leonard Hammersmith,1998 An examination of the first 11 US ministers to Japan exploring the information expectations and values they took with them and how they shaped US diplomacy with Japan in the late 19th century It shows that the issue of trade was an ongoing 19th century problem Administratioon of National Security United States. Congress. Senate. Government Operations,1963 The Guarded Gate Daniel Okrent,2020-05-19 NAMED ONE OF THE 100 NOTABLE BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW From the widely celebrated New York Times bestselling author of Last Call this rigorously historical The Washington Post and timely account of how the rise of eugenics helped America keep out inferiors in the 1920s is a sobering valuable contribution to discussions about immigration Booklist A forgotten dark chapter of American history with implications for the current day The Guarded Gate tells the story of the scientists who argued that certain nationalities were inherently inferior providing the intellectual justification for the harshest immigration law in American history Brandished by the upper class Bostonians and New Yorkers many of them progressives who led the anti immigration movement the eugenic arguments helped keep hundreds of thousands of Jews Italians and other unwanted groups out of the US for more than forty years Over five years in the writing The Guarded Gate tells the complete story from its beginning in 1895 when Henry Cabot Lodge and other Boston Brahmins launched their anti immigrant campaign In 1921 Vice President Calvin Coolidge declared that biological laws had proven the inferiority of southern and eastern Europeans the restrictive law was enacted three years later In his trademark lively and authoritative style Okrent brings to life the rich cast of characters from this time including Lodge s closest friend Theodore Roosevelt Charles Darwin s first cousin Francis Galton the idiosyncratic polymath who gave life to eugenics the fabulously wealthy and profoundly bigoted Madison Grant founder of the Bronx Zoo and his best friend H Fairfield Osborn director of the American Museum of Natural History Margaret Sanger who saw eugenics as a sensible adjunct to her birth control campaign and Maxwell Perkins the celebrated editor of Hemingway and Fitzgerald A work of history relevant for today The Guarded Gate is a masterful sobering thoughtful and necessary book that painstakingly connects the American eugenicists to the rise of Nazism and shows how their beliefs found fertile soil in the minds of citizens and leaders both here and abroad
