Decision-Making in Nursing Sandra B. Lewenson, Marie Truglio-Londrigan, 2014-03-07 Decision Making in Nursing Thoughtful Approaches for Leadership Second Edition explores multiple decision making approaches to enable nursing students and professionals to become insightful critical flexible and confident decision makers in today's complex healthcare environment With a reflective multidimensional approach to decision making it examines the ways in which history legal and ethical issues spirituality culture family the media economics technology and health policy affect the way nurses make decisions With a greater emphasis on leadership teamwork and intra and inter professional relationships this new edition provides nurses and students the opportunity to see themselves as leaders and feel comfortable making decisions as leaders Important Notice The digital edition of this book is missing some of the images or content found in the physical edition

Promoting Healing and Resilience in People with Cancer: A Nursing Perspective Mary Grossman, 2022-12-08 This is the first Nursing book on cancer care designed around a conceptual model of whole person care Key concepts are stress healing resilience and health As a clinical model nursing goals desired outcomes key concepts and proposed psychosocial interventions with patients and family caregivers advance the practice of clinical nursing toward a more comprehensive understanding of the whole person with cancer and their loved ones As a model for teaching nursing students about chronic illness it provides a scientific basis for students to learn how to assess and care for the whole person and his loved one As a model for clinical research in the field of cancer care it serves as a predicate for the development evaluation and

interpretation of clinical interventions The model is a dynamic framework that both informs and is informed by research findings It is hoped that future research findings will reveal the optimal combination of interventions to provide comprehensive care across clinical contexts With a patient centred humanistic focus anchored by the quality of the nurse patient and family caregiver relationships it is hoped that the nurse s technical procedural and medical expertise may complement rather than define the nurse s approach to the whole patient and family The book is structured to facilitate the reader s easy access to needed information Each chapter examines a key concept of the model and is organized around an introduction learning objectives definitions and relevant research findings that serve as the scientific predicate for suggested interventions discussed in Part 4 Nursing approaches Clinical and personal anecdotes tables and figures illustrate the concepts under discussion Nurse practitioners clinic nurse specialists nursing professors graduate students and nurse researchers may find this book a useful reference for conceptualizing whole person care and for determining relevant interventions that promote healing resilience and health But it is also relevant for family doctors and fourth year students learning to care for the whole person with a chronic illness

Only a Life Mary Baskin,1874 *The Uninvited Guest from the Unremembered Past* Prophecy Coles,2018-05-08 This book describes different instances of trauma that may have occurred several generations ago It explores the work of several psychoanalysts who have written on the negative effect that unknown or unremembered grandparents can have upon the life of their grandchildren

Compassion in Nursing: Is It Necessary? Deborah J. Mauffray,2010-01-08 Compassion in Nursing Is It Necessary is a book designed to ignite nurses to be more willing to share their compassion But it is also for the lay people in the communities and cities who have or will experience health care to help them understand why compassion may not be evident in nurses every day Compassion is truly a part of the caring healing model of nursing However nurses are human as well and they can only take the day to day encounters with death and dying and healing the sick for so long without developing compassion fatigue This book will hopefully open the eyes of many people as it did mine in writing it

The Little Blue Book of Nurses' Wisdom Nacole T. Riccaboni,2022-04-05 Nursing is an exceptional profession that will fill your heart and at the same time empty your tank Nurses work countless hours forming community bonds and forming lasting relationships They impact the ones around them with their attention to detail caregiving and unwavering advocacy Nursing tasks are never singular one dimensional objectives but rather diverse multifaceted check boxes nurses work on and implement to improve their patients health outcomes No nurse is the same no patient is the same Each nursing shift provides a different experience adaptation is essential each and every hour Nurses are chameleons and leaders who go above and beyond making it all work out and making it the impossible look simplistic Nursing is a profession that cannot be quantified in one sentence and nurses aren t individuals who have linear mindsets Whether you are a nurse know a nurse or on your way to being a nurse The Little Blue Book of Nurses Wisdom will remind you of just how great nursing is and how much support the nursing profession offers

individuals worldwide Read and reflect on each quote Allow these words to touch your heart and trigger memories of your present and future self Nursing isn't merely a profession It is a mindset Let your mood be empowered and encouraged by these wonderful messages Tell me and I forget Teach me and I remember Involve me and I learn Benjamin Franklin Love yourself enough to set boundaries Your time and energy are precious You get to choose how you use it You teach people how to treat you by deciding what you will and won't accept Anna Taylor Kindness can transform someone's dark moment with a blaze of light You'll never know how much your caring matters Amy Leigh Mercree We overestimate the event and underestimate the process Every fulfilled dream occurred because of dedication John C Maxwell We hardly ever talk about trauma afterwards because it helps to live in a world where we can pretend it never happened Joyce Rachelle There are two types of people who will tell you that you cannot make a difference in this world those who are afraid to try and those who are afraid you will succeed Ray Goforth
