Mysteries In The Public Domain Poems:

Mysteries in the Public Domain Walter Bargaen,1990 **Mediaeval English Mystery Plays, Rituals, and Archetypes** Albin Wallace,2024-04-10 This book examines the mediaeval English mystery play the importance of ritual and archetypes and how masonic traditions may have been influenced by these mediaeval dramas Similarly to mystery plays elements of masonic ceremonial use symbolic characters archetypes stories and rituals to convey moral and spiritual teachings to its members The rituals are steeped in symbolism and draw on a wide range of historical and cultural sources Masonic rituals and mediaeval plays both emphasise community and fellowship This book attempts to highlight the enduring power of symbolic performance archetypes and the importance of belonging and fellowship in the pursuit of moral and spiritual improvement The connection between ritual and mediaeval mystery plays is a tantalising subject of much debate as Freemasonry is a fraternity claimed to have its roots in the mediaeval stonemasons guilds whose members certainly participated in the mystery plays especially those that depicted biblical stories relating to the building of King Solomon s temple *A Mystery of Mysteries* Mark Dawidziak,2023-02-14 An Agatha Edgar Anthony Macavity and Ohioana Award nominee *A Mystery of Mysteries* is a brilliant biography of Edgar Allan Poe that examines the renowned author s life through the prism of his mysterious death and its many possible causes It is a moment shrouded in horror and mystery Edgar Allan Poe died on October 7 1849 at just forty in a painful utterly bizarre manner that would not have been out of place in one of his own tales of terror What was the cause of his untimely death and what happened to him during the three missing days before he was found delirious and in great distress on the streets of Baltimore wearing ill fitting clothes that were not his own Mystery and horror Poe who remains one of the most iconic of American writers died under haunting circumstances that reflect the two literary genres he took to new heights Over the years there has been a staggering amount of speculation about the cause of death from rabies and syphilis to suicide alcoholism and even murder But many of these theories are formed on the basis of the caricature we have come to associate with Poe the gloomy eyed grandfather of Goth hunched over a writing desk with a raven perched on one shoulder drunkenly scribbling his chilling masterpieces By debunking the myths of how he lived we come closer to understanding the real Poe and uncovering the truth behind his mysterious death as a new theory emerges that could prove the cause of Poe s death was haunting him all his life In a compelling dual timeline narrative alternating between Poe s increasingly desperate last months and his brief but impactful life Mark Dawidziak sheds new light on the enigmatic master of macabre *The Curandero* Daniel Curley,1991 **History and Mystery: The Complete Eschatological Encyclopedia of Prophecy, Apocalypticism, Mythos, and Worldwide Dynamic Theology Vol 5** Bernie L. A True American Wendy Jean Katz, 2022-02-01 This book argues that nativism the hostility especially to Catholic immigrants that led to the organization of political parties like the Know Nothings affected the meaning of nineteenth century American art in ways that have gone unrecognized In an era of industrialization nativism's erection of barriers to immigration appealed to artisans a category that included most male artists at some stage in their careers But as importantly its patriotic message about the nature of the American republic also overlapped with widely shared convictions about the necessity of democratic reform Movements directed toward improving the human condition including anti slavery and temperance often consigned Catholicism along with monarchies and slavery to a repressive past not the republican American future To demonstrate the impact of this political effort by humanitarian reformers and nativists to define a Protestant character for the country this book tracks the work and practice of artist William Walcutt Though he is little known today in his own time his efforts as a painter illustrator and sculptor were acclaimed as masterly and his art is worth reconsidering in its own right But this book examines him as a case study of an artist whose economic and personal ties to artisanal print culture and cultural nationalists ensured that he was surrounded by and contributed to anti Catholic publications and organizations Walcutt was not anti immigrant himself nor a member of a nativist party but his kin friends and patrons publicly expressed warnings about Catholic and foreign political influence And that has implications for better known nineteenth century historical and narrative art Precisely because Walcutt's profile and milieu were so typical for artists in this period this book is able to demonstrate how central this supposedly fringe movement was to viewers and makers of American art

Roman Literary Culture Elaine Fantham, 2013-07-18 This new edition broadens the scope of Fantham's study of literary production and its reception in Rome Scholars of ancient literature have often focused on the works and lives of major authors rather than on such questions as how these works were produced and who read them In *Roman Literary Culture* Elaine Fantham fills that void by examining the changing social and historical context of literary production in ancient Rome and its empire Fantham's first edition discussed the habits of Roman readers and developments in their means of access to literature from booksellers and copyists to pirated publications and libraries She examines the issues of patronage and the utility of literature and shows how the constraints of the physical object itself the ancient book influenced the practice of both reading and writing She also explores the ways in which ancient criticism and critical attitudes reflected cultural assumptions of the time In this second edition Fantham expands the scope of her study In the new first chapter she examines the beginning of Roman literature more than a century before the critical studies of Cicero and Varro She discusses broader entertainment culture which consisted of live performances of comedy and tragedy as well as oral presentations of

the epic A new final chapter looks at Pagan and Christian literature from the third to fifth centuries showing how this period in Roman literature reflected its foundations in the literary culture of the late republic and Augustan age This edition also includes a new preface and an updated bibliography
