Stairway to Heaven Peter Levenda, 2008-06-01 The idea of heavenly ascent while popularized in Jewish mysticism is neither a unique nor recent one Expertly tracing its origins back to the ancient Middle East Levenda unearths ascent literature in Africa India and China discerns a common connection in the heavens themselves and determines that this connection has been sorely neglected in contemporary scholarship Because scholars treat the heavens as metaphorical it is necessary to recreate the physical context of the culture under discussion in order to better understand it For the benefit of the reader Levenda offers two useful concepts for his investigative journey a map whereby he means the cosmological system to better understand the mystical technologies of each culture investigated and a vehicle the method by which the individual equipped with special knowledge is able to navigate the culture s particular cosmology With these two tools Levenda travels from the worlds of ancient Egypt and Babylon to the Hebrew Bible to Jewish and Christian kabbalists to Daoists in ancient China to Hindu Tantra and Haitian Vodoun and finally to nineteenth and twentieth century European occult societies

some known and some not well known who stood tall and fought the establishment with compassion and strength endurance and wisdom courage and determination to share an ancient knowledge that has been awakened by them in the 21st century I write this book so that our Pagan community remembers and knows who these brave Spiritual Earth Warriors were and are and what they have given sacrificed and shared for the future of our world This book is to honour all our Elders so they are never forgotten and always honoured MERRY WE MEET MERRY WE PART AND MERRY WE MEET AGAIN The Tantric Alchemist Peter Levenda,2015-09-01 The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements lead by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis *Secret Societies* John Lawrence Reynolds,2011-09-01 Provides a behind the scenes glimpse into the world s most notorious secret societies chronicling their origins history initiations rituals beliefs activities secret signs members and influence **The Messengers** Raymond Hansen,2008-06 During my many searches for knowledge and information I have not discovered anything anywhere to contradict my findings in respect to the fact that ignorance and all of its sources are the main culprits for the propagation of ignorance without which the world would be a far better place Imagine having at your disposal the ability to correct many of the wrongs within society This actually is the case if you are capable of recognising such facts I regret deeply the fact that it is necessary to omit many pieces of information
