Myth Of Ethnic War Serbia And Croatia In The 1990s:

The Myth of Ethnic War Valère Philip Gagnon, 2004 V P Gagnon Jr believes that the Yugoslav wars of the 1990s were reactionary moves designed to thwart populations that were threatening the existing structures of political and economic power

The Shi'a of Samarra Imranali Panjwani, 2012-01-30 The assault on Samarra which was built in the period of the Abbasid caliphate in the ninth century CE therefore came to represent for many a symbol of the destructive civil conflict which engulfed Iraq following the 2003 US led invasion The Shi'a of Samarra explores and analyses the cultural architectural and political heritage of the Shi'a in both Samarra and the Middle East thus highlighting how this city functions as a microcosm for the contentious issues and debates which remain at the forefront of efforts to rebuild the modern Iraqi state Its examination of the socio political context of the Shi'a Sunni divide provides important insights for students and researchers working on the history and politics of Iraq and the Middle East as well as those interested in the art and architecture of the Islamic world

Debating the End of Yugoslavia Florian Bieber, Armina Galijaš, 2016-05-13 Countries rarely disappear off the map In the 20th century only a few countries shared this fate with Yugoslavia The dissolution of Yugoslavia led to the largest war in Europe since 1945 massive human rights violations and over 100 000 victims Debating the End of Yugoslavia is less an attempt to re write the dissolution of Yugoslavia or to provide a different narrative than to take stock and reflect on the scholarship to date New sources and data offer fresh avenues of research avoiding the passion of the moment that often characterized research published during the wars and provide contemporary perspectives on the dissolution The book outlines the state of the debate rather than focusing on controversies alone and maps how different scholarly communities have reflected on the dissolution of the country what arguments remain open in scholarly discourse and highlights new innovative paths to study the period

Like Salt for Bread. The Jews of Bosnia and Herzegovina Francine Friedman, 2021-11-22 This book is the only comprehensive treatment in any language of a rather exotic Balkan Jewish community It places the Jewish community of Bosnia and Herzegovina into the context of the Jewish world but also of the world within which it existed for around five hundred years under various empires and regimes The Bosnian Jews might have remained a mostly unknown community to the rest of the world had it not played a unique role within the Bosnian Wars of the early 1990s providing humanitarian aid to its neighbor Serbs Croats and Muslims Watch Francine Friedman's presentation on The Jews of Bosnia and Herzegovina

War Crimes, Genocide, and the Law Arnold Krammer, 2010-04-09 This timely handbook offers an examination of man's history of war crimes and the parallel development of rules of war to prevent them in the future Kosovo Rwanda Sierra Leone Darfur

Auschwitz War crimes have occurred in regions around the world and continue to this day. Although atrocities are as old as war itself, they did not become punishable crimes until the law evolved to define them as such. War Crimes, Genocide and the Law: A Guide to the Issues examines the types of war crimes and the motivations behind them, as well as the laws that seek to control and abolish these heinous acts. Within the handbook, centuries of war crimes and genocides are analyzed and catalogued. At the same time, the author offers a history of the development of the rules of war, enabling readers to grasp the importance of such precedent-setting events as the 1946 Nuremberg Trials and to see the gradual evolution of the laws intended to punish perpetrators and prevent future barbarism.

New Perspectives on Yugoslavia Dejan Djokić, James Ker-Lindsay, 2010-10-04. Nearly twenty years after it ceased to exist as a multinational federation, Yugoslavia still has the power to provoke controversy and debate. Bringing together contributions from twelve of the leading scholars of modern and contemporary South East Europe, this volume explores the history of Yugoslavia from creation to dissolution. Drawing on the very latest historical research, this book explains how the country came about, how it evolved, and why eventually it failed. From the start of the twentieth century through the First World War, the interwar years, and the Second World War to the road to socialism under President Tito and the wars of Yugoslav succession in the 1990s, this volume provides up-to-date analysis of the causes and consequences of a range of events that shaped the development of this remarkable state across its various iterations. The book concludes by examining post-conflict relations in the era of European integration. Traversing ninety years of history, this volume presents a fascinating story of how a country that once served as the model for multiethnic states around the world has now become a byword for ethno-national fragmentation and conflict. Contributors include Dejan Djokić, James Ker-Lindsay, Connie Robinson, Mark Cornwall, John Paul Newman, Tomislav Dulić, Stevan K. Pavlowitch, Dejan Jović, Nebojša Vladisavljević, Florian Bieber, Jasna Dragović Soso, and Eric Gordy.

States, Secessionists and De Facto Control after Separatist Wars Nicholas Barker, 2025-05-05. This book investigates how states and secessionists seek to resolve questions of de facto control in the aftermath of secessionist wars. This work presents a study of the termination and aftermath of separatist wars using two in-depth case studies: the Georgia-Abkhazia conflict (1994-2006) and the Serbia-Kosovo conflict (1999-2008). To develop an empirically grounded theoretical framework to explain state and secessionist strategies for controlling territory and populations in post-war environments, it draws on fieldwork and archival research carried out in Georgia, Abkhazia, Serbia, Kosovo, and the UN archives, and presents further evidence to develop and extend the framework using shadow cases of the separatist wars in the Caucasus and the Balkans. By focusing on actors' objectives and their strategies for controlling territory and populations within the constraints and opportunities of a post-war context, this study helps explain what states and secessionists do and why in the critical period after a war ends, and helps inform understanding of the formation and trajectories of post-war orders. This study has relevance for international policymakers with reflections on how the theoretical framework may facilitate conflict analysis and inform policy responses towards

Narrative Development in Adolescence Kate C. McLean, Monisha Pasupathi, 2009-11-11 Monisha Pasupathi and Kate C McLean Where Have You Been Where Are You Going Narrative Identity in Adolescence How can we help youth move from childhood to adulthood in the most effective and positive way possible This is a question that parents educators researchers and policy makers engage with every day In this book we explore the potential power of the stories that youth construct as one route for such movement Our emphasis is on how those stories serve to build a sense of identity for youth and how the kinds of stories youth tell are informed by their broader contexts from parents and friends to nationalities and history Identity development and in particular narrative identity development concerns the ways in which adolescents must integrate their past and present and articulate and anticipate their futures Erikson 1968 Viewed in this way identity development is not only unique to adolescence and emergent adulthood but also intimately linked to childhood and to adulthood The title for this chapter borrowed from the Joyce Carol Oates story highlights the precarious position of adolescence in relation to the construction of identity In this story the protagonist poised between childhood and adulthood navigates a series of encounters with relatively little awareness of either her childhood past or her potential adult futures Her choices are risky and her future at the end looks dark

Europe and the Collapse of Yugoslavia Branislav Radeljic, 2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia's dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branislav Radeljic offers an empirical analysis of the EC's relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josip Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milosevic and the beginning of the Yugoslav Wars Radeljic explores the economic political and social elements of these discords and also places emphasis on the role of Slovenes Croats and other diasporas focusing on their capacity to affect policy making at a Europe wide level Radeljic argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region

atrocities dilemmas of free speech in the age of social media entrenched abuses of women's rights and more Exploring the historical development of human rights around the globe Snyder shows that liberal rights based states have experienced a competitive edge over authoritarian regimes in the modern era He focuses on the role of power the interests of individuals and the groups they form and the dynamics of bargaining and coalitions among those groups The path to human rights entails transitioning from a social order grounded in patronage and favoritism to one dedicated to equal treatment under impersonal rules Rights flourish when they benefit dominant local actors with the clout to persuade ambivalent peers Activists policymakers and others attempting to advance rights should embrace a tailored strategy one that acknowledges local power structures and cultural practices Constructively turning the mainstream framework of human rights advocacy on its head Human Rights for Pragmatists offers tangible steps that all advocates can take to move the rights project forward

Blood Ties İpek Yosmaoğlu, 2013-11-27 The region that is today Macedonia was long the heart of the Ottoman Empire in Europe It was home to a complex mix of peoples and faiths who had for hundreds of years lived together in relative peace To be sure these people were no strangers to coercive violence and various forms of depredations visited upon them by bandits and state agents In the final decades of the nineteenth century and throughout the twentieth century however the region was periodically racked by a bitter conflict that was qualitatively different from previous outbreaks of violence In *Blood Ties* İpek K Yosmaoglu explains the origins of this shift from sporadic to systemic and pervasive violence through a social history of the Macedonian Question Yosmaoglu's account begins in the aftermath of the Congress of Berlin 1878 when a potent combination of zero sum imperialism nascent nationalism and modernizing states set in motion the events that directly contributed to the outbreak of World War I and had consequences that reverberate to this day Focusing on the experience of the inhabitants of Ottoman Macedonia during this period she shows how communal solidarities broke down time and space were rationalized and the immutable form of the nation and national identity replaced polyglot fluid associations that had formerly defined people's sense of collective belonging The region was remapped populations were counted and relocated An escalation in symbolic and physical violence followed and it was through this process that nationalism became an ideology of mass mobilization among the common folk Yosmaoglu argues that national differentiation was a consequence and not the cause of violent conflict in Ottoman Macedonia
