**Pathway to Purpose** Kathrine Giske, 1999      **Finding Your Path as a Woman in School Leadership** Kim Cofino, Christina Botbyl, 2023-12-22 Featuring the experiences of over 70 successful female leaders in international public and private schools around the world *Finding Your Path as a Woman in School Leadership* brings together interconnected stories about the realities of being a woman in K 12 school leadership today Women face distinct and unique challenges in pursuing a leadership pathway in schools unfortunately most of the obstacles facing women are hidden and only become visible when encountered on the journey to leadership This book uncovers these invisible obstacles and shares the personal journeys of real women who have overcome them Chapters feature powerful stories woven together to provide takeaway strategies and address common themes for women in leadership including unconscious bias and daily microaggressions physical linguistic and cultural expectations of leaders perception or reality of lack of opportunities for women impostor syndrome and double standards and availability of mentorship and guidance This impactful book provides actionable steps for both aspiring leaders and established leaders ready to support growing leaders in their school communities      [The Focus on the Family Women's Ministry Guide \(Focus on the Family Women's Series\)](#) Focus on the Family, 2004-08-19 Now You Can Lead the Women in Your Church on a Journey of Fellowship and Fun In America today Christian churches are held together through the prayer and service of women yet many of these women are overwhelmed and in need of a break so that they can reconnect with the Lord That's why Focus on the Family has combined the best features of women's ministries and created these new resources to give women of all ages a chance to get together for quality time with each other and with God The essential principles in this guide were specially selected to help you lead a ministry that comprises women from different generations and backgrounds Even if you've never led a group before you can successfully start run and grow a women's ministry with the step by step guidelines in this manual Help the women in your church join together for a journey of laughter and growth in Christ      [Communicative Understandings of Women's Leadership Development](#) Elesha L. Ruminski, Annette M. Holba, 2011-12-16 *Communicative Understandings of Women's Leadership Development From Ceilings of Glass to Labyrinth Paths* edited by Elesha L. Ruminski and Annette M. Holba intertwines the disciplines of communication studies leadership studies and women's studies to offer theoretical and practical reflection about women's leadership development in academic organizational and political contexts Women's leadership development exists at the intersection of consciousness raising communication competence and education to increase one's knowledge and practice of leadership which makes the weaving together of these three disciplines important Thus *Communicative Understandings of Women's Leadership Development* claims a space for women's leadership studies and acknowledges the paradigmatic shift from discussing women's leadership using the glass ceiling phenomenon to what Eagly and Carli 2007 identify as the labyrinth of leadership Recognizing this metaphoric shift is crucial because many women now develop leadership amid the postmodern

flux of organizational change hierarchical top down systems are being eroded in lieu of transformational collaborative even improvisational leadership processes Women s leadership studies is emerging as a fruitful interdisciplinary area that reframes the debate about whether we live work and learn within a third wave feminist or post feminist context While this area might include feminist theorizing it also might not emphasize such epistemologies For this reason Ruminski and Holba s edited collection explores and highlights a variety of feminist and non feminist intersections and is thus an important and timely contribution to both marking where we are with women s leadership development in higher education and how women can further develop themselves as leaders
