Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World

Eric Helleiner, Andreas Pickel

Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World:

Pathways After Empire Andrei P. Tsygankov, 2001 In a revision of his doctoral dissertation for the University of Southern California Tsygankov international relations and political science San Francisco State U analyzes the foreign economic policies of successor states of the Soviet Union besides Russia He finds that some have looked toward Russia and others away and that the determining factor is the strength of the national identity of the new states Annotation copyrighted by Book News Inc Portland OR

Soviet and Post-Soviet Identities Mark Bassin, Catriona Kelly, 2012-04-26 A fresh look at post Soviet Russia and Eurasia and at the Soviet historical background that shaped the present *Economic Liberalism and Its Rivals* Keith A. Darden, 2009-02-02 Darden traces the decisions that shaped the entry of post Soviet states into the world economy

Divergent Paths in Post-Communist Transformation O. Havrylyshyn, 2006-02-20 The most comprehensive and up to date analysis of the successes and failures of 27 countries post communism transformation Looking at life after the fall of the Berlin wall in 1989 the book examines and contrasts why some countries have virtually completed their transformation to a liberal polity and economy while others lag behind

Historical Dictionary of Russian and Soviet Foreign Policy Norman E. Saul, 2014-12-16 The conduct of the foreign relations of the Russian state in its several contexts Kiev Rus Muscovy Russian Empire Provisional Government Union of Soviet Socialist Republics and Russian Federation were unique in its common currents from the beginning to the present Geography was certainly a key factor located in the center of the world s largest land mass and surrounded by often hostile forces All of the Russias had to confront the problems of open frontiers and the conduct of relations with a number of adjacent states of different ethnicity and with many that were more distant No other nation states had to face such complex and divergent circumstances over their histories Most other Great Powers were neighbors of similar states in culture and historical background whereas Russia had to deal with Asian as well as European countries The Historical Dictionary of Russian and Soviet Foreign Policy covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important individuals events and other aspects of the foreign policy of this important country This book is an excellent access point for students researchers and anyone wanting to know more about Russian foreign policy

Migration, Refugee Policy, and State Building in Postcommunist Europe Oxana Shevel, 2011-10-24 Why do similar postcommunist states respond differently to refugees Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what

mechanisms international actors can influence domestic politics The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine

Logics of Hierarchy Alexander Cooley, 2012-09-25 Political science has had trouble generating models that unify the study of the formation and consolidation of various types of states and empires The business administration literature however has long experience in observing organizations According to a dominant model in this field business firms generally take one of two forms unitary U or multidivisional M The U form organizes its various elements along the lines of administrative functions whereas the M form governs its periphery according to geography and territory In *Logics of Hierarchy* Alexander Cooley applies this model to political hierarchies across different cultures geographical settings and historical eras to explain a variety of seemingly disparate processes state formation imperial governance and territorial occupation Cooley illustrates the power of this formal distinction with detailed accounts of the experiences of Central Asian republics in the Soviet and post Soviet eras and compares them to developments in the former Yugoslavia the governance of modern European empires Korea during and after Japanese occupation and the recent U S occupation of Iraq In applying this model *Logics of Hierarchy* reveals the varying organizational ability of powerful states to promote institutional transformation in their political peripheries and the consequences of these formations in determining pathways of postimperial extrication and state building Its focus on the common organizational problems of hierarchical polities challenges much of the received wisdom about imperialism and postimperialism

The Nationalist Dilemma Marvin Suesse, 2023-05-11 Analyses economic nationalism as a set of ideas and policies that have shaped the modern world economy over the past 250 years

To Balance or Not to Balance Eric A. Miller, 2017-03-02 With the collapse of the Soviet Union in 1991 fifteen newly independent states emerged from the imperial wreckage some more ready than others to grasp their new found independence This book tackles the seminal question related to these broader developments why did some states choose to align with Russia despite Moscow's overwhelming power advantage and recurrent neo imperial ambitions Eric A Miller develops and tests a theoretical framework that extends traditional realist alignment theories to include domestic level political and economic variables critical to the study of the Commonwealth of Independent States CIS Specifically Miller argues that internal political threats to CIS leaders and the extent of a country's economic dependence on Russia were the most influential factors in determining alignments The volume is designed to meet the need for a thorough theoretical and scholarly assessment of the international and domestic politics of CIS countries

Uzbekistan's Foreign Policy Bernardo Fazendeiro, 2017-08-25 Uzbekistan's foreign policy from 1991 to 2016 starting from independence right up to the death of its first president Islam Karimov is one of the more distinctive approaches to international politics since the end of the Cold War This distinctiveness rests on the republic's gradual struggle for self reliance upon becoming independent Authorities in Uzbekistan especially its President were sceptics of the norms that came to prevail across regional and broader international politics This book addresses the making of Uzbekistan's

general foreign policy and its corresponding effects outside Central Asia particularly at the highest level among state officials heads of state and ministers It shows how a particular set of promises slogans and attitudes became the pillars upon which Uzbekistan's international role was shaped a role which then affected Tashkent's twenty five year relations with Russia the United States Germany and Turkey The book argues that the Government of Uzbekistan sought to be recognised as a self reliant power after independence but that the international norms of the post Cold War order coupled with the conflicting aims of the partners with whom it interacted hindered acknowledgement and contributed to a twenty year struggle for recognition Providing a thorough assessment of President Karimov's legacy in the foreign policy domain this book contributes to the developing field of role theory and recognition in International Relations It will also be of interest to academics in the fields of Central Asian and Eurasian politics and international relations

Russia's Foreign Policy Andrei P. Tsygankov, 2006-05-25 Exploring Soviet Russian international relations this book compares foreign policy formation under Gorbachev Yeltsin and Putin Showing how Moscow's policies have shifted with each leader's vision of Russia's national interests it also evaluates the successes and failures of Russia's foreign policies

The Social Construction of Russia's Resurgence Anne L. Clunan, 2009-06-01 Shortlisted 2010 Joseph Rothschild Prize in Nationalism and Ethnic Studies Association for the Study of Nationalities Once again it appears that Russia is marching to the forefront of the international stage Anne L Clunan's analysis of Russia's resurgence convincingly argues that traditional security concerns historical aspirations and human agency are coalescing around a new national identity and reconfigured national interests in the post Soviet nation Her work moves beyond balance of power and realist politics to posit a new interdisciplinary theory aspirational constructivism This groundbreaking theory draws on international relations research and social psychology Clunan argues that the need for collective self esteem creates aspirations often based in a nation's past that directly shape its national and security interests In applying this theory to Russia she points to the nation's continuing efforts to exert influence over former Soviet satellite states and relates the desire for international status found in five broad Russian national self images Western statist Slavophile neocommunist and nationalist to Russia's definition of its security interests with respect to Europe Eurasia and nuclear weapons Clunan's examination of how sociology social psychology and traditional international politics affect post Soviet Russian identity and security concerns is truly cross disciplinary A concluding chapter discusses the policy implications of aspirational constructivism for Russia and other nations and a methodological appendix lays out a framework for testing the theory

Russian Nationalism and the National Reassertion of Russia Marlene Laruelle, 2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy

Economic Nationalism in a Globalizing World Eric Helleiner, Andreas Pickel, 2018-08-06 Is economic nationalism an outdated

phenomenon in light of globalization Economic Nationalism in a Globalizing World demonstrates the enduring and even heightened economic significance of national identities and nationalism in the current age The volume s contributors pioneers in the reinterpretation of economic nationalism explore diverse ways in which national identities and nationalism continue to shape contemporary economic policies and processes The authors examine the question in a range of geographical contexts and issues European Union food politics competitiveness strategies in New Zealand East Asian development strategies Japanese liberalization monetary politics in Quebec and Germany and post Soviet economic reforms Together the cases explore the policy breadth of nationalism It is not just a protectionist ideology but is in fact associated with a wide variety of economic policies including support for economic liberalization and globalization *Global Political Economy* Theodore H. Cohn, Anil Hira, 2020-09-07 Praised for its authoritative coverage *Global Political Economy* places the study of IPE in broad theoretical context and has been updated to cover the rise of populism Brexit the USMCA US China trade wars tariffs refugees and global migration the Keynesian monetarist debate Fordism automation the gig economy global value chains climate change cryptocurrencies and the residual effects of global economic crises and regional relationships and impacts Written by leading IPE scholar Theodore Cohn now joined by his prolific colleague Andy Hira this book equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the global economy This text is suitable for both introductory and advanced IPE courses New to the Eighth Edition Expands upon the growing US China competition in many areas of the global political economy Discusses the problems Brexit is posing for Britain and the European Union EU Explores the growth of populism Focuses more on environmental degradation climate change along with the increase in global migration Incorporates a new theme of South South global economic relations Highlights the relationship among economics geopolitics and security issues Emphasizes the importance of global value chains Looks at the potential for future global financial crises Updates and expands the number of tables figures and graphics throughout Provides an updated Test Bank and new PowerPoint slides in an Instructor s e Resource [The Politics of Energy Dependency](#) Margarita Mercedes Balmaceda, 2013-01-01 *The Politics of Energy Dependency* explores why these states were unable to move towards energy diversification Through extensive field research using previously untapped local language sources Margarita M Balmaceda reveals a complex picture of local elites dealing with the complications of energy dependency and in the process affecting the energy security of Europe as a whole [Well-Oiled Diplomacy](#) Adam N. Stulberg, As a window into understanding the relationship between globalization and the pursuit of national security Adam N Stulberg examines Russia s mixed success at leveraging energy advantages in Eurasia from 1992 to 2002 Stulberg supplements traditional analyses of statecraft by highlighting indirect market and regulatory mechanisms for altering the behavior of foreign and subnational actors as well as by demonstrating the usability of soft power and global networks The power of this new theory of strategic manipulation is illustrated in several case studies

including Russia's successful natural gas diplomacy toward Turkmenistan and Kazakhstan Russia's troubled oil diplomacy toward Azerbaijan and Kazakhstan and Russia's mixed success with commercial nuclear diplomacy toward Kyrgyzstan and Kazakhstan

Performing the East Amy Bryzgel, 2013-05-30 Performance art in Western Europe and North America developed in part as a response to the commercialisation of the art object as artists endeavoured to create works of art that could not be bought or sold But what are the roots of performance art in Eastern Europe and Russia where there was no real art market to speak of While many artworks created in the East may resemble Western performance art practices their origins as well as their meaning and significance is decidedly different By placing specific performances from Russia Latvia and Poland from the late and post communist periods within a local and international context this book pinpoints the nuances between performance art East and West Performance art in Eastern Europe is examined for the first time as agent and chronicle of the transition from Soviet and satellite states to free market democracies Drawing upon previously unpublished sources and exclusive interviews with the artists themselves Amy Bryzgel explores the actions of the period from Miervaldis Polis's Bronze Man to Oleg Kulik's Russian Dog performances Bryzgel demonstrates that in the late 1980s and early 1990s performance art in Eastern Europe went beyond the modernist critique to express ideas outside the official discourse shocking and empowering the citizenry both effecting and mirroring the social changes taking place at the time Performing the East opens the way to an urgent reassessment of the history function and meaning of performance art practices in East Central Europe

Eurasia's New Frontiers Thomas W. Simons, 2011-05-02 As a global power the United States will always be interested in Eurasia and engaged with its peoples and nations Eurasia is too large and important a part of the world to be ignored It casts a shadow of the old Soviet threat forward in time and its axis the Russian Federation is nuclear armed So are its neighbors China to the east India and Pakistan to the south and there are others in the queue Eurasia's new nations are players on today's most urgent global issues terrorism counterproliferation of weapons of mass destruction economic stability and growth including its energy centerpiece stable political development including democratization its long term key So the context for why Eurasia matters is very large from Eurasia's New Frontiers In Eurasia's New Frontiers Thomas W. Simons Jr a distinguished veteran of the U.S. Foreign Service with extensive experience in the Communist and post Communist worlds assays the political economic and social developments in the fifteen successor states to the Soviet Union that comprise Eurasia from Estonia to Azerbaijan and from Tajikistan to Ukraine centered on Russia He makes a compelling case that the United States can play a large role in shaping the future of this vast and strategic region and at less cost than during Soviet times This can only be accomplished however if U.S. policy toward Eurasia shifts from alternating hand wringing and indifference to steady and flexible engagement that focuses on its fledgling individual nation states Throughout Eurasia Simons shows civil society is anemic market reforms have been discredited and political development has been stunted Authoritarian and semiauthoritarian regimes are firmly in place from Belarus to Central Asia in Ukraine Moldova and

even Russia some democratic forms have taken hold but everywhere politics features struggle among elites over access to economic resources albeit often defined in terms of sovereignty Almost everywhere states are consolidating as resurgent Russia presses on its neighbors they can now press back alone or with help from the outside world Simons believes that the post Soviet space needs stable development of state institutions within which new civil societies can take root and grow Potentially strong state institutions are in his view Soviet Communism s secret gift to Eurasia and they may well enable the region to become in time an arc of promise an anchor of relative stability in a troubled part of the world For that to happen Simons argues the nationalism that gives content to these new state structures must be the right kind civic and inclusionary rather than ethno religious and exclusionary Because Russia is so diverse and its nationalism so state oriented Simons also sees it as more likely to develop that kind of civic nationalism than some of its new neighbors The United States has a limited but real role to play in helping or hindering its emergence everywhere in Eurasia If it wishes to help though the U S must realize that in this part of the world the path to democracy leads through state development The U S will continue to advocate for its core values but it can best act as a City on the Hill for Eurasia if its policy centers on the emerging new states of today for they must be the incubators of tomorrow s civil societies **The Future of Money** Benjamin J.

Cohen,2018-06-05 Is globalization leading us toward a world of fewer and fewer currencies and consequently simplified monetary management Many specialists believe this is the case as the territorial monopolies national governments have long claimed over money appears to be eroding In *The Future of Money* Benjamin Cohen argues that this view which he calls the Contraction Contention is wrong Rigorously argued written with extraordinary clarity and thoroughly up to date this book demonstrates that the global population of currencies is set to expand greatly not contract making monetary governance more difficult not less At the book s core is an innovative theoretical model for understanding the strategic preferences of states in monetary management Should governments defend their traditional monetary sovereignty or should they seek some kind of regional consolidation of currencies The model offers two broad advances First whereas most scholarly work evaluates strategic options individually or in comparison to just one other alternative this model emphasizes the three dimensional nature of the decisions involved Second the model emphasizes degrees of currency regionalization as a central determinant of state preferences Cohen also systematically explores the role of the private sector as an alternative source of money The book concludes with two key policy proposals First fiscal policy should be resurrected as a tool of macroeconomic management to offset the present day erosion in the effectiveness of monetary policy Second the International Monetary Fund should more actively help coordinate the decentralized strategic decision making of governments The future of money will be perilous But by mapping out the alternative policies countries can follow *The Future of Money* shows it need not be chaotic

If you ally obsession such a referred **Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World** books that will give you worth, get the entirely best seller from us currently from several preferred authors. If you desire to funny books, lots of novels, tale, jokes, and more fictions collections are also launched, from best seller to one of the most current released.

Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF books and manuals is

convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World Books

What is a Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Pathways After Empire National Identity And Foreign Economic Policy In The Post Soviet World PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to

"File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
