Pattern Joan Evans, **Pattern** Joan Evans, 1975 Pattern: A Study of Ornament in Western Europe from 1180 to 1900, Vol. 1 Joan Evans, 1931 **Pattern: A Study of Ornament in Western Europe from 1180 to 1900, Vol. 2** Joan Evans, 1931 **Theory of Society, Volume 2** Niklas Luhmann, 2013-08-21 This second volume of Niklas Luhmann's two part final work was first published in German in 1997 The culmination of his thirty year theoretical project to reconceptualize sociology it offers a comprehensive description of modern society Beginning with an account of the fluidity of meaning and the accordingly high improbability of successful communication Luhmann analyzes a range of communicative media including language writing the printing press and electronic media as well as success media such as money power truth and love all of which structure this fluidity and make communication possible The book asks what gives rise to functionally differentiated social systems how they evolve and how social movements organizations and patterns of interaction emerge The advent of the computer and its networks which triggered potentially far reaching processes of restructuring receives particular attention A concluding chapter on the semantics of modern society's self description bids farewell to the outdated theoretical approaches of old Europe that is to ontological holistic ethical and critical interpretations of society and argues that concepts such as the nation the subject and postmodernity are vastly overrated In their stead society long considered a suspicious term by sociologists one open to all kinds of reification is defined in purely operational terms It is the always uncertain answer to the question of what comes next in all areas of communication **The Philosophy of Enchantment** R. G. Collingwood, 2005 This is the long awaited publication of a set of writings by the British philosopher historian and archaeologist R G Collingwood on critical anthropological and cultural themes only hinted at in his previously available work At the centre of the book are six chapters of a study of folktale and magic composed by Collingwood in the mid 1930s and intended for development into a book Here Collingwood applies the principles of his philosophy of history to problems in the long term evolution of human society and culture This is preceded in Part I by a range of contextualizing material on such topics as the relations between music and poetry the nature of language the value of Jane Austen's novels the philosophy of art and the relations between aesthetic theory and artistic practice Part III of the volume consists of two essays one on the relationship between art and mechanized civilization and the second written in 1931 on the collapse of human values and civilization leading up to the catastrophe of armed conflict These offer a devastating analysis of the consequences that attend the desertion of liberal principles indeed of all politics as such in the ultimate self annihilation of military conquest The volume opens with three substantial introductory essays by the editors authorities in the fields of critical and literary history social and cultural anthropology and the philosophy of history and the history of ideas they provide their explanatory and contextual notes to guide the reader through the texts The Philosophy of Enchantment brings hitherto unrecognized areas of Collingwood's achievement to light and demonstrates the broad range of Collingwood's intellectual engagements their

integration and their relevance to current areas of debate in the fields of philosophy cultural studies social and literary history and anthropology

MacDonald, Arie Johan Vanderjagt, 2005-01-01 The essays in this second volume discuss princely courts north and south of the alps and pyrenees between 1450 1650 as focal points for products of medieval and renaissance culture such as literature music political ideology social and governmental structures the fine arts and devotional practice

Transnational Mobilities in Early Modern Theater Robert Henke, Eric Nicholson, 2016-02-24 The essays in this volume investigate English Italian Spanish German Czech and Bengali early modern theater placing Shakespeare and his contemporaries in the theatrical contexts of western and central Europe as well as the Indian sub continent Contributors explore the mobility of theatrical units genres performance practices visual images and dramatic texts across geo linguistic borders in early modern Europe Combining distant and close reading a systemic and structural approach identifies common theatrical units or theatergrams as departure points for specifying the particular translations of theatrical cultures across national boundaries The essays engage both dramatic approaches e g genre plot action and the dramatic text and theatrical perspectives e g costume the body and gender of the actor Following recent work in mobility studies mobility is examined from both material and symbolic angles revealing both ample transnational movement and periodic resistance to border crossing Four final essays attend to the practical and theoretical dimensions of theatrical translation and adaptation and contribute to the book s overall inquiry into the ways in which values properties and identities are lost transformed or gained in movement across geo linguistic borders

The Anonymous Text Simone Celine Marshall, 2010 One of the most intriguing features of The Assembly of Ladies an anonymous fifteenth century Middle English poem is that it has remained in print in anthologies for over 500 years Why would a poem about courtly love remain so popular for so long This book analyses the literary and historical publishing evidence about The Assembly of Ladies to show that the poem has remained in print not for its literary merit but because its anonymity has allowed it to be appropriated by editors for their own particular social and political causes The book draws together textual contextual and intertextual evidence about all twenty editions of The Assembly of Ladies By examining closely how and why a single text is or has been included in canonical traditions over time this study not only reveals the material presence of the text in various traditions but also brings to the foreground the categories scholars continue to use while defining or imagining those traditions
