how the poetics of paratexts interact with more general questions of literature as a cultural institution and situates Genette's work in contemporary literary theory **Bulletin of the Toronto Public Library** Toronto Public Library, 1915 **Book Bulletin**, 1917 Travellers' Visions Akane Kawakami, 2005-01-01 Travellers Visions adds another perspective to ongoing debates over colonialism with an examination of the intercultural relations between France a major colonial empire for nearly three centuries and Japan a country that has remained mostly autonomous throughout its existence In this analytic history of French literary images of Japan from soon after its reopening to the West to the present day Kawakami examines the work of many of France's most revered authors including Marcel Proust Paul Claudel and Roland Barthes along with other lesser known writers and artists such as Loti and Farrer as they embarked on journeys literary and real to this exotic land Authors are discussed according to type journalists diplomats or collectors for example and the close readings are accompanied by Girard Mac's beautiful and rarely seen photographs Travellers Visions offers new clarity to current intellectual debates and will be a valuable resource to students and scholars of French literature and Asian history alike The Spanish Civil War in Literature Janet Pérez, Wendell M.
