Paul Robert Hanna Jared Stallones,2002-05-01 Analyzing and ultimately placing in context Paul Hanna s vast contributions this book provides a richly textured narrative of his life and his major role in twentieth century American education and the development of modern American education **Paul Robert Hanna** Jared R. Stallones,2013-11-01 Analyzing and ultimately placing in context Paul Hanna s vast contributions this book provides a richly textured narrative of his life and his major role in twentieth century American education and the development of modern American education

Research Methods in Social Studies Education Keith C. Barton,2006-03-01 This volume fills a significant gap in the scholarship on social studies education by providing thoughtful reflections on research methods in the field It is not a how to guide but an exploration of key issues related to the design and implementation of empirical studies The authors are active researchers who use varied methods in diverse settings including historical research international comparative studies survey research interviews with students and teachers classroom observations self studies and action research and emancipatory methodologies They use their own experiences to examine such topics as the conceptualization of research questions relationships with participants researchers identities and elicitation of students and teachers thinking This collection should become indispensable for both beginning and experienced scholars in social studies Reflections on People, Policy, and Practices in Curriculum History Deborah L. Morowski,Lynn M. Burlbaw,2024-03-01 America s schools are constantly in the news today for safety concerns contested curricula teacher quality test scores and a variety of other topics Although most people spend at least 12 years in school systems they know little of the history or evolution of American schooling The collection of papers assembled in this book are divided into three categories which greatly impacted American schooling people policy and practices This work seeks to shed light on what has occurred in curriculum history in the past so as to help readers develop a deeper understanding of how our system of schooling arrived at its current state The first section of the book examines the stories of people who had an influence on schooling and education The second section focuses on the curricula and programs that were utilized in schools and districts throughout the country The final chapter of the book looks at decisions that had long ranging impact on educational policies The chapters of this book offer a glimpse into the history of American schooling and those people policies and practices that influenced its development It is the editors hope that the work will spark interest in scholars and students of educational history to examine other past as well as present stories of educators to expand our understanding of the saga that is the American schooling experience **The Importance of Philosophy in Teacher Education** Andrew D. Colgan,Bruce Maxwell,2019-08-29 The Importance of Philosophy in Teacher Education maps the gradual decline of philosophy as a central integrated part of educational studies Chapters consider how this decline has impacted teacher education and practice offering new directions for the reintegration of philosophical thinking in teacher preparation and development Touching on key points in history this valuable collection of

chapters accurately appraises the global decline of philosophy of education in teacher education programs and seeks to understand the external and endemic causes of changed attitudes towards a discipline which was once assigned such a central place in teacher education Chapters illustrate how a grounding in the theoretical and ethical dimensions of teaching learning and education systems contribute in meaningful ways to being a good teacher and trace the consequences of a decline in philosophy on individuals professional development and on the evolution of the teaching profession more broadly With this in mind the text focusses on the future of teacher education and considers how we can ensure that philosophy of education feeds into the excellence of teaching today This book will be of great interest to graduate postgraduate students as well as research scholars in the field of educational philosophy and history of education In addition it will be useful for those involved in teacher education and in particular course module and program development

The Wiley Handbook of Social Studies Research Meghan McGlinn Manfra, Cheryl Mason Bolick, 2017-03-13 The Wiley Handbook of Social Studies Research is a wide ranging resource on the current state of social studies education This timely work not only reflects on the many recent developments in the field but also explores emerging trends This is the first major reference work on social studies education and research in a decade An in depth look at the current state of social studies education and emerging trends Three sections cover foundations of social studies research theoretical and methodological frameworks guiding social studies research and current trends and research related to teaching and learning social studies A state of the art guide for both graduate students and established researchers Guided by an advisory board of well respected scholars in social studies education research

Choice ,2002-05 *Hoover Digest* ,2002 Historical Dictionary of American Education Richard J. Altenbaugh, 1999-10-30 The history of American education is a vital and productive field of study This reference book provides factual information about eminent people and important topics related to the development of American public private and parochial schools covering elementary and secondary levels In addition to major state and regional leaders and reformers it includes biographies of significant national educators philosophers psychologists and writers Subjects embrace important ideas events institutions agencies and pedagogical trends that profoundly shaped American policies and perceptions regarding education The more than 350 entries are arranged alphabetically and written by expert contributors Each entry closes with a brief bibliography and the volume ends with a list of works for further reading Entries were drawn from a review of leading history of education textbooks and the History of Education Quarterly These topics were further refined by comments from leading authorities and the contributors Most of the contributors are established scholars in the history of education curriculum and instruction school law educational administration and American history a few also work as public and private school teachers and thus bring their practical experience to their entries The period covered begins in the colonial period and continues through the 1990s
