 photographs **Real Fantasies** Patricia Johnston, 2023-11-15 During the 1920s and 1930s Edward Steichen was the most
 successful photographer in the advertising industry Although much has been said about Steichen s fine art photography his
 commercial work which appeared regularly in Vanity Fair Vogue Ladies Home Journal and almost every other popular
 magazine published in the United States has not received the attention it deserves At a time when photography was just
 beginning to replace drawings as the favored medium for advertising Steichen helped transform the producers of such
 products as Welch s grape juice and Jergens lotion from small family businesses to national household names In this book
 Patricia Johnston uses Steichen s work as a case study of the history of advertising and the American economy between the
 wars She traces the development of Steichen s work from an early naturalistic style through increasingly calculated attempts
 to construct consumer fantasies By the 1930s alluring images of romance and class developed in collaboration with agency
 staff and packaged in overtly manipulative and persuasive photographs became Steichen s stock in trade He was most
 frequently chosen by agencies for products targeted toward women his images depicted vivacious singles earnest new
 mothers and other stereotypically female life stages that reveal a great deal about the industry s perceptions of and pitches
 to this particular audience Johnston presents an intriguing inside view of advertising agencies drawing on an array of
 internal documents to reconstruct the team process that involved clients art directors account executives copywriters and
 photographers Her book is a telling chronicle of the role of mass media imagery in reflecting shaping and challenging social
 values in American culture During the 1920s and 1930s Edward Steichen was the most successful photographer in the
 advertising industry Although much has been said about Steichen s fine art photography his commercial work which

The Decisive Network Nadya Bair,2020 Since its founding in 1947 the legendary Magnum Photos agency has been telling its own story Its photographers were concerned witnesses to history and artists on the hunt for decisive moments their pictures were humanist documents of the postwar world Based in unprecedented archival research The Decisive Network peels back layers of the Magnum mythology to offer a new history of what it meant to shoot edit and sell news images after World War II Between the 1940s and 1960s Magnum expanded the human interest story about the everyday life of ordinary people to global dimensions while bringing the aesthetic of news pictures into new markets Its best known work started as humanitarian aid promotion travel campaigns corporate publicity and advertising Working with this range of clients Magnum made photojournalism integral to visual culture Yet Magnum s photographers could not have done this alone This book unpacks the collaborative nature of photojournalism as it transpired on a daily basis focusing on how picture editors sales agents spouses and publishers helped Magnum photographers succeed in their assignments and achieve fame The Decisive Network concludes in the late 1960s and early 1970s when amidst the decline of magazine publishing and the rise of an art market for photography Magnum turned to photo books and exhibitions to manage its growing picture archives and consolidate its brand In that moment Magnum s photojournalists became artists and their assignments turned into oeuvres Such ideas were necessary publicity and they also managed to shape discussions about photography for decades Bridging art history media studies cultural history and the history of communication this book transforms our understanding of the photographic profession and the global circulation of images in the pre digital world
