

"Prize for **perfect enemies**"

"The authors carefully and fairly deal with one of the defining issues of our time. This is the kind of book that gives insight and understanding to both sides of the controversy and encourages us to find ways to resolve a conflict that is tearing our nation apart. There is the evangelical community, would do well to read this book, for it will help them to understand what is going on in their name. This book could be the beginning of the end of some of the most ugly rhetoric in politics of our time."

Anthony Campolo, author of
A Reasonable Faith: The Case for Christianity in a Secular World

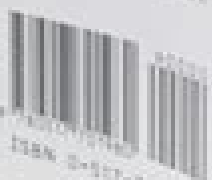

"The authors make it clear that cold war tactics have been a lot like the tactics of our democracy. At this moment, when the great, unbroken middle is looking as if it might be the cause of both right and left, Chris Bull and John Gallagher encourage us to choose a better way. I was inspired and moved by *Perfect Enemies*."

McWhite, author of
Stranger at the Gate: To Be Gay and Christian in America

"Are there parallel movements or parallel universes? Either way, the simultaneous development of the gay rights movement and the religious right presents a fascinating contrast which Bull and Gallagher perceptively explore and skilfully analyse. Not least, it is their mutual call for dialogue and understanding—at least a partial truce in the great battle of the ongoing culture war."

Larry J. Sabato

"A book, provocative, and quite healing work. Finally, some objective and clear insight into the gay/straight-religious battle, as well as brilliant analysis and discussion of many of the most critical battles on 'special rights,' gay marriage, and more. Fresh, exciting, very readable—a great book! This is compelling, even gripping reading."

Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s

Chris Bull, John Gallagher

Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s:

Perfect Enemies Chris Bull, John Gallagher, 2001 Two journalists for The Advocate show how homosexuality has become a major political issue and how two groups religious conservatives and gay activists both have at times failed to confront issues effectively

Perfect Enemies Bull Gallagher, John Gallagher, Chris Bull, 1998-06-01 In *Perfect Enemies* Chris Bull and John Gallagher trace the origins and growth of both groups from the seminal year 1969 when the Stonewall Riots ushered in the modern gay rights movement and when Pat Robertson and Jerry Falwell embarked on direct political action to bring strict biblical interpretation to bear on public policy The skillful grassroots organizational efforts of both movements based on a mutual demonization of each side by the other resulted in growing political clout that developed under the radar of mainstream political commentators and exploded upon the scene in a series of bitter and to most Americans bewildering political conflicts Bull and Gallagher offer the first comprehensive account of the rhetoric and strategies often remarkably alike of both sides and of how the mutual passion of these perfect enemies is influencing electoral politics from the state houses to the White House

The Lesbian and Gay Movement and the State David Paternotte, 2016-03-03 By analyzing the relationship between lesbian and gay movements and the state this ground breaking book addresses two interconnected issues to what extent is the lesbian and gay movement influenced by the state and to a lesser extent whether the lesbian and gay movement has somehow influenced the state for instance by altering forms of sexual regulation Given the diversity in national trajectories this book covers fifteen countries This enables the volume to shed light on different kinds of relationships between these groups and the state as well as on the way they have evolved in recent decades **The Lesbian and Gay Movement and the State Comparative Insights into a Transformed Relationship** fills an important gap in the literature on lesbian and gay activism However this book also provides important and innovative insights into broader issues in international political science public policy and comparative politics as well as issues in social movement studies These include the role of the state in constructing citizen identities the heteronormative way in which many traditional citizen entitlements and benefits were constructed state civil society relations judicial activism the impact of federalism and the increasing globalization of sexual identities

Jimmy Carter, the Politics of Family, and the Rise of the Religious Right J. Brooks Flippen, 2011 As Jimmy Carter ascended to the presidency the heir apparent to Democratic liberalism he touted his background as a born again evangelical Once in office his faith indeed helped form policy on a number of controversial moral issues By acknowledging certain behaviors as sinful while insisting that they were private matters beyond government interference J Brooks Flippen argues Carter unintentionally alienated both social liberals and conservative Christians thus ensuring that the debate over these moral family issues acquired a new prominence in public and political life The Carter era according to Flippen stood at a fault line in American culture religion and politics In the wake of the 1960s some Americans worried that the traditional family faced a grave crisis This newly politicized constituency

viewed secular humanism in education the recognition of reproductive rights established by Roe v Wade feminism and the struggle for homosexual rights as evidence of cultural decay and as a challenge to religious orthodoxy Social liberals viewed Carter's faith with skepticism and took issue with his seeming unwillingness to build on recent progressive victories Ultimately Flippen argues conservative Christians emerged as the Religious Right and were adopted into the Republican fold Examining Carter's struggle to placate competing interests against the backdrop of difficult foreign and domestic issues a struggling economy the stalled Strategic Arms Limitation Talks disputes in the Middle East handover of the Panama Canal and the Iranian hostage crisis Flippen shows how a political dynamic was formed that continues to this day The Politics of Gay Rights Craig A. Rimmerman, Kenneth D. Wald, Clyde Wilcox, 2000-07 The contributors to this volume thoroughly investigate the politics of the gay and lesbian movement beginning with its political organizations and tactics The essays also address the strategies and ideology of conservative opposition groups *Because We Are Human* Cynthia Burack, 2018-05-01 Finalist for the 2018 Foreword INDIES Book of the Year Award in the LGBT category Around the world lesbian gay bisexual transgender and queer people continue to be threatened attacked arrested tortured and sometimes executed just for being sexual or gender minorities Since the final months of the Clinton administration agencies and officials of the US government have been engaging in programs and projects whose stated purposes are to serve goals of justice and equity for LGBTQ people outside the United States *Because We Are Human* gives readers an inside look at US sexual orientation and gender identity SOGI human rights assistance programs Cynthia Burack explores settings where indigenous and transnational human rights advocates meet to fund and strategize SOGI human rights movements This book also examines key arguments against these programs policies and interventions that originate on both the conservative right and the progressive academic left Burack ultimately recommends support for a US commitment to SOGI human rights and programs that serve the needs of LGBTQ people **Social Movements** David S. Meyer, Nancy Whittier, Belinda Robnett, 2002-06-27 Why do social movements take the forms they do How do activists' efforts and beliefs interact with the cultural and political contexts in which they work Why do activists take particular strategic paths and how do their strategies affect the course and impact of the movement *Social Movements* aims to bridge the gap between political opportunities theorists who look at the circumstances and effects of social movement efforts and collective identity theorists who focus on the reconstruction of meaning and identity through collective action The volume brings together scholars from a variety of perspectives to consider the intersections of opportunities and identities structures and cultures in social movements Representing a new generation of social movement theory the contributors build bridges between political opportunities and collective identity paradigms between analyses of movements' internal dynamics and their external contexts between approaches that emphasize structure and those that emphasize culture They cover a wide range of case studies from both the U S and Western Europe as well as from less developed countries Movements include feminist organizing in the U S and

India lesbian gay movements revolutionary movements in Burma the Philippines and Indonesia labor campaigns in England and South Africa civil rights movements community organizing political party organizing in Canada student movements of the left and right and the Religious Right Many chapters also pay explicit attention to the dynamics of gender race and class in social movements Combining a variety of perspectives on a wide range of topics the contributors synthetic approach shifts the field of social movements forward in important new directions

Encyclopedia of American Social Movements

Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety

unemployment insurance and global justice

America in Quotations Howard J. Langer, 2002-02-28 This is history from

the inside out What did Americans say about the great events in their own lifetimes This book is a grassroots look at the country as real people tell the story of America in their own voices Quotations from more than 350 individuals are taken from speeches interviews editorials letters jokes songs and eyewitness accounts represent American thought from the ground up This compendium includes the words of everyone from politicians and generals to Native Americans ethnic minorities women labor representatives and slaves The book is divided into 18 traditional historical periods from the pre Columbus explorers to the terrorist attacks of September 11 2001 We hear the voices of Jefferson Lincoln Teddy and FDR but also of Joe McCarthy Huey Long and Susan B Anthony We hear American law in action through watersheds like Brown v the Board of Education the Scopes case the prosecution of Sacco and Vanzetti and the Salem witch trials Then there are the grace notes the forgotten but significant stories a black woman beaten and humiliated for encouraging others to vote the G I who overthrew a German bunker at Normandy the last letter of a Union soldier soon to die in battle Their words are woven into American history remembered and illuminated in this kaleidoscopic collection

The Advocate , 1996-07-23 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

Disputing the Subject of Sex Cris Mayo, 2007-04-26 Sexuality remains a hotly debated subject nowhere more so than in education This perceptive and balanced book shows that discussions of sexuality and schooling can be simultaneously polarizing and democratizing Disputing the Subject of Sex examines controversies over sex AIDS and gay inclusive multicultural education which offer especially fruitful opportunities to explore the claims of various identities the social aims of public schools and the relation between schools and the publics they serve These controversies help to show the kind of confused tumble of discourses seemingly nonsensical policy decisions and student resistances that are born of arguments over sexuality and community membership In part disputes over sexuality are driven by conservative and anti pluralist agendas that help communities draw strong lines around themselves in an effort to stave off what they perceive as threatening shifts in gender and sexual identity However these disputes are also democratizing allowing a variety of constituents to argue their case in the public sphere Rather than choosing between one of these two positions this book uses

case studies interviews with queer youth and analysis of curricular texts to help readers understand how power dynamics play out in educational controversies and how they can guide us to new ideas about students abilities to learn and relate ethically to one another about the subject of sex

Family Matters Hilde Løvdal Stephens, 2019-10-15 The first full length study of a pivotal figure in American evangelical faith James Dobson child psychologist author radio personality and founder of the Christian conservative organization Focus on the Family published his first book Dare to Discipline in 1970 and quickly became the go to family expert for evangelical parents across the United States as American evangelicalism rose as a major political force The family expert became a leading voice in the Reagan Revolution and played a role in making American evangelicals even more firmly associated with the Republican Party Dobson s principle beliefs are that the family is the center of Christian America and that the traditional family must be defended from perceived threats such as gay rights feminism abortion and the secularization of public schools Dobson and Focus on the Family dominated Christian media through print radio and online venues and their message reached millions of American evangelical households shaping the cultural sensibilities and political attitudes of evangelical families throughout the culture wars from the 1980s into the 2000s Family Matters James Dobson and Focus on the Family s Crusade for the Christian Home by Hilde L vdal Stephens is an insightful history and analysis of James Dobson s rise to fame effect on American evangelical culture and subsequent descent from relevance Extensively researched L vdal Stephens scoured through Dobson s books articles and other materials published by Focus on the Family in order to explore how evangelicals defined and defended the traditional family as an ideal and as a symbol in an ever changing world By contextualizing the history of Dobson s reign L vdal Stephens s discerning analysis fills an important gap in our understandings of the politics and culture of late twentieth century conservative Christianity in the United States She explores complex topics ranging from Dobson s celebration of what he believes are timeless biblical values such as maintaining strict and defined gender roles to the ways Dobson and Focus on the Family balanced their basic ideals with real everyday lives of average American evangelical families facing the realities of divorce working mothers and other perceived threats to the traditional family

Social Issues in America James Ciment, 2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates

Queer Families, Queer Politics Mary Bernstein, Renate Reimann, 2001 This book addresses the themes of visibility transgression and resistance as well as the

intersection between the personal and political in the contexts of relationships parenthood and political activism Giving special attention to families of color immigrants and poor families the authors examine the risks entailed in coming out and the significance of class race and sexual and gender identity in this process Parenting also creates dilemmas of visibility as queer families negotiate malls schools and workplaces as well as the medical legal and political institutions that regulate their families

Social History of the United States Brian Greenberg,Linda S. Watts,Richard A. Greenwald,Gordon Reavley,Alice L. George,Scott Beekman,Cecelia Bucki,Mark Ciabattari,John C. Stoner,Troy D. Paino,Laurie Mercier,Andrew Hunt,Peter C. Holloran,Nancy Cohen,2008-10-23 This ten volume encyclopedia explores the social history of 20th century America in rich authoritative detail decade by decade through the eyes of its everyday citizens Social History of the United States is a cornerstone reference that tells the story of 20th century America examining the interplay of policies events and everyday life in each decade of the 1900s with unmatched authority clarity and insight Spanning ten volumes and featuring the work of some of the foremost social historians working today Social History of the United States bridges the gap between 20th century history as it played out on the grand stage and history as it affected and was affected by citizens at the grassroots level Covering each decade in a separate volume this exhaustive work draws on the most compelling scholarship to identify important themes and institutions explore daily life and working conditions across the economic spectrum and examine all aspects of the American experience from a citizen s eye view Casting the spotlight on those whom history often leaves in the dark Social History of the United States is an essential addition to any library collection

Politics and Religion in the White South Glenn Feldman,2005-09-30 Politics while always an integral part of the daily life in the South took on a new level of importance after the Civil War Today political strategists view the South as an essential region to cultivate if political hopefuls are to have a chance of winning elections at the national level Although operating within the context of a secular government American politics is decidedly marked by a Christian influence In the mostly Protestant South religion and politics have long been nearly inextricable Politics and Religion in the White South skillfully examines the powerful role that religious considerations and influence have played in American political discourse This collection of thirteen essays from prominent historians and political scientists explores the intersection in the South of religion politics race relations and southern culture from post Civil War America to the present when the Religious Right has exercised a profound impact on the course of politics in the region as well as the nation The authors examine issues such as religious attitudes about race on the Jim Crow South Billy Graham s influence on the civil rights movement political activism and the Southern Baptist Convention and Dorothy Tilly a white Methodist woman and her contributions as a civil rights reformer during the 1940s and 1950s The volume also considers the issue of whether southerners felt it was their sacred duty to prevent American society from moving away from its Christian origins toward a new secular identity and how this perceived God given responsibility was reflected in the work of southern political and church leaders By analyzing the vital relationship

between religion and politics in the region where their connection is strongest and most evident Politics and Religion in the White South offers insight into the conservatism of the South and the role that religion has played in maintaining its social and cultural traditionalism *Gaylaw* William N. ESKRIDGE, William N Eskridge, 2009-06-30 This book provides a comprehensive analysis of the legal issues concerning gender and sexual nonconformity in the United States Part One which covers the years from the post Civil War period to the 1980s is a history of state efforts to discipline and punish the behavior of homosexuals and other people considered to be deviant During this period such people could get by only at the cost of suppressing their most basic feelings and emotions Part Two addresses contemporary issues Although it is no longer illegal to be openly gay in America homosexuals still suffer from state discrimination in the military and in other realms and private discrimination and violence against gays is prevalent William Eskridge presents a rigorously argued case for the sexualization of the First Amendment showing why for example same sex ceremonies and intimacy should be considered expressive conduct deserving the protection of the courts The author draws on legal reasoning sociological studies and history to develop an effective response to the arguments made in defense of the military ban The concluding part of the book locates the author's legal arguments within the larger currents of liberal theory and integrates them into a general stance toward freedom gender equality and religious pluralism **Progay/Antigay** Ralph R. Smith, Russel R.

Windes, 2000-02-03 Combining humanistic rhetorical criticism with social scientific concepts Ralph R Smith and Russel R Windes examine how the discourse of the progay antigay debate shapes the self understanding and strategies of the two opposing sides The struggle over issues such as lesbians and gay men serving openly in the military same sex marriage and inclusion of sexual orientation in anti discrimination and hate crime laws have evolved along with the development of rival progay and traditionalist antigay communities In the process of presenting their arguments to the wider society the two sides exercise extraordinary influence on each other As a result of the public policy debates the progay movement has moved toward an essentialist non sexual identity while the traditionalists have shifted toward a secular public self representation Progay Antigay also analyzes the internal disagreements within the two movements The same sex marriage debate illustrates important dimensions of the contest over sexuality The authors examine rhetorical strategy and counter strategy in this specific institutional context Progay Antigay also discusses how the study of the variant sexuality issue provides the opportunity to assess paths for reconciliation and to judge concepts of political pluralism and multiculturalism **A Public Faith** Michael Cromartie, 2003 The essays in this volume take another look at the role of evangelicals in American civic life The prominent contributors examine evangelicals beliefs and activity on topics ranging from bioethics to race relations and welfare reform to international human rights Taken together the essays show that contrary to what critics have proclaimed the social commitment of evangelicals extends considerably beyond family related issues and that their activity in the public sphere makes an essential contribution to the public good Co published with the Ethics and Public Policy Center **Free**

Speech and the Politics of Identity David A. J. Richards, 1999 Free Speech and the Politics of Identity challenges the scholarly view as well as the dominant legal view outside the United States that the right of free speech may reasonably be traded off in pursuit of justice to stigmatized minorities These views appeal to an alleged reasonable balance between two basic human rights the right of free speech and the right against unjust discrimination Compelling arguments of normative political theory and interpretative history show however that these rights are structurally linked the abridgement of one compromises the other To make this case David Richards offers an original political theory of toleration and of structural injustice that addresses the nature and scope of the right of free speech and the right against unjust discrimination its analytic focus is on the role played by members of subordinated groups in the protest of the terms of structural injustice the politics of identity advancing constitutional justice under law While the argument is developed on the basis of American constitutional experience from the antebellum period forward its normative force is brought to bear both in defending and criticizing some aspects of American law and in challenging the continuing legitimacy of laws against group libel obscenity and blasphemy under national legal systems including Germany France Britain Canada Israel India South Africa and others regional systems the jurisprudence of the European Court of Human Rights and public international law The book's innovative normative and interpretative methodology calls for a new departure in comparative public law in which all states responsibly address their common problems not only of inadequate protection of free speech but of relative failure to take seriously the continuing political power of such evils as anti-Semitism racism sexism and homophobia

Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s Book Review: Unveiling the Magic of Language

Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide

range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Perfect Enemies The Religious Right The Gay Movement And The Politics Of The 1990s Books
