Performing Action Artistry In Human Behavior And Social Research:

Performing Action Joseph R. Gusfield, 2017-09-08 In recent years the social sciences and the humanities have drawn closer to each other in thought and method This rapprochement has led to new perceptions of human behavior by sociologists as well as new methodological orientations Sociologist Joseph R Gusfield draws upon drama and fiction to show how human action is shaped by the formal dimensions of performance Gusfield first defines the concept of behavior as artistic performance He then analyzes routine and classic social research reports as literary performances in qualitative and quantitative terms Next he moves to social movements and public actions demonstrating how objects and events are products of the interpretation and reflection of individuals He draws upon literary and artistic conventions to deal with issues of representation and meaning In the first and last chapters Gusfield provides a conceptual summary examining the relation between sociology as science and art arguing that sociological methods are neither science nor art but partake of both Following the philosopher Paul Ricoeur Gusfield shows how human behavior can be read as a text always telling the participant or observer something about something *Performing Action* will be of interest to sociologists psychologists and students of aesthetics and critical theory

Sandinista Narratives Jean-Pierre Reed, 2020-10-21 Sandinista Narratives is an analysis of the role of agency in the Nicaraguan Revolution and its aftermath Jean Pierre Reed argues that the insurrection in Nicaragua was shaped by political contingency action specific subjectivity and popular culture He also examines how Sandinista ideology contributed to state building in Nicaragua while tracing the role of post revolutionary Sandinismo as a political identity

Making Sense of Reality Tia DeNora, 2014-09-22 What is reality and how do we make sense of it in everyday life Why do some realities seem more real than others and what of seemingly contradictory and multiple realities This book considers reality as we represent perceive and experience it It suggests that the realities we take as real are the result of real time situated practices that draw on and draw together many things technologies and objects people gestures meanings and media Examining these practices illuminates reality or rather our sense of it as always virtually real that is simplified and artfully produced This examination also shows us how the sense of reality that we make is nonetheless real in its consequences *Making Sense of Reality* offers students and educators a guide to analysing social life It develops a performance based perspective doing things with that highlights the ever revised dimension of realities and links this perspective to a focus on object relations and an ecological model of culture in action

Ironies of Organizational Change Richard J. Badham, Brenda M. Santiago, 2023-05-09 This unique book provides a novel and challenging framework for understanding and influencing organizational change It reimagines managing and leading change as the mindful mobilisation of maps masks and mirrors

Boxing, the Gym, and Men Jérôme Beauchez, 2017-09-19 This book explores the lived experiences of boxers in a French banlieue largely populated by people from working class and immigrant backgrounds Jérôme Beauchez who joined in the men's daily workouts for many years analyzes the act of boxing as a high stakes confrontation

that extends well beyond the walls of the gym Exploring the physical and existential realities of combat the author provides a multifaceted thick description of this world and shows that the violence faced by the gym s members is not so much to be found in the ring as in the adversity of everyday racism and social exclusion Boxing can therefore be understood as an act of resistance that is about more than simply fighting an opponent and that reflects all the existential struggles facing these men who are both stigmatized and socially dominated by race and class Holding down the Fort Aaron Bielejewski,2022-11-26 This Open Access book questions the relationship between institutionalized images and understandings of policing the monolithic ideas common to most if not all Western law enforcement agencies and contextual situative and local interactions where the human representatives of policing street level officers come into contact with residents The political and theoretical association of specific forms of Western policing with democratic society can be illustrated in the case of German integration narratives of reform and essentially forging new democratic police agencies in the new German states stand at odds with much of the experience and statements of officers who continued to serve following Re Unification Officers who present their works primarily in terms of their local responsibilities expectations and more specifically to their unique and individual relationship and connection to their communities downplay the relevance of high level policing policy Based on a two year ethnographic study of policing in a rural county in the German state of Brandenburg this book explores the local nature of policing both in terms of how police officers imagine their communities to be and with reference to broader societal expectations and assumptions of what police essentially are can effectively do and should effectively do Comedy and Social Science Cate Watson,2015-06-12 While there have been many sociological and psychological studies of humor few can claim to be funny Humor may be regarded as a legitimate topic for social scientists but in general they present their research rather seriously In academia humor tends to be trivialized and dismissed This is more than just a missed opportunity for otherwise fun loving academics In literature it is readily accepted that comedy is integral to the human condition To ignore humor is to reject a potentially insightful methodological approach as the humorous worldview presents unique opportunities for investigating the social This book constitutes a unique resource presenting chapters on irony satire and parody as tools for analysis and means of representation as well as considering humor in the conduct of research and offering guidance on getting published Through presenting examples from across the social sciences the book seeks to persuade and inspire rather than to prescribe an approach a closure which would ironically be inimical to the multiplicity and ambiguity which characterizes humorous research and lends it its distinctive edge **Ten Questions** Joel M. Charon,2004 Charon Minnesota State University introduces sociology by posing ten questions and answers that reveal the field s approach to the study of society human nature and the role of the individual in society This second edition includes an 11th question on generalizations and stereotypes as well as an updated glossary Annotation c 2003 Book News Inc Portland OR booknews com

The Art of Educational Leadership Fenwick W. English,2007-08-14 English successfully challenges the established

educational community to rethink the current state of research on school leadership in the social sciences The inclusion of theory discourse and stories of recognized leaders followed by chapter learning extensions that include key concepts movie recommendations and prompted reflective journaling makes this book a most valuable resource for the educational leadership community H J Bultinck CHOICE The Art of Educational Leadership provides one of the most complete examinations of leadership that I have encountered I admire the way it urges students to think and reflect The format allows individual learners to focus on those materials that best fit their learning style while the numerous presentations of a single topic through the different modalities strengthens the learning This text is a fresh new look at leadership Louise L MacKay East Tennessee State University Fenwick W English returns to themes of leadership he explored in more than 20 earlier books and dozens of presentation to educator audiences He favors re centering educational leadership in the humanities rather than acting on the recommendation of the business literature and he emphasizes the use of films as a way to humanize leadership concepts THE SCHOOL ADMINISTRATOR Excellent cogent analysis of key concepts of leadership are presented in a reader friendly style Saul B Grossman Temple University Moves beyond established notions of leadership to recognize that effective leading is about drama and performance artistry The Art of Educational Leadership Balancing Performance and Accountability stresses the human side of leadership No other text on this topic demonstrates so ably the importance of artistry in leadership in a field that has been lopsidedly dominated by concepts informed by science Presenting the idea that leadership is an art this book Exemplifies a balance between the science and the art of educational leadership The real improvement of practice is rooted in the art of application which is about context and represents the key to leadership practice Connects content material to self discovery Exercises at the end of each chapter include creating a personal reflective journal to engage the reader in and reflect upon theories and practices presented in the book Films are suggested for viewing to illustrate the interaction between context culture decisions and outcomes Portrays multicultural leadership in action Biography boxes throughout the book share how multicultural educational and political leaders who have been recognized as expert practitioners learned the art of leadership in the public arena This is the first book in educational leadership to sketch out a balance between the science and the art of the field The text illustrates how performance and practice represent the art while the delineation of the skills and conceptual models represent the science *Enhancing Performance for Action and Perception* ,2011-08-23 Based on the result of a symposium held at the Universite de Montreal May 2010 **Library of Congress Subject Headings** Library of Congress. Performance through Diversity and Inclusion Ruth Bernstein, Paul Salipante, Judith Weisinger, 2021-09-29 This book provides practical guidance for managers leaders diversity officers educators and students to achieve the benefits of diversity by focusing on creating meaningful inclusive interactions Implementing inclusive interaction practices along with accountability practices enhances performance outcomes for the organization and improves equity for members of historically underrepresented and marginalized groups The book highlights the need to challenge existing approaches that have overemphasized representational that is numerical diversity For many decades the focus has been on this important first step of increasing the numbers of underrepresented groups However moving beyond representation toward a truly inclusive organizational culture that produces real performance and equity has been elusive This book moves the focus from achieving numerical diversity to achieving frequent high quality equitable and productive interactions that enable individuals to leverage their distinctive talents and provides the steps to do so The benefits of this approach occur at the individual workgroup and organizational levels Real life examples of good inclusive practices are provided from across the for profit nonprofit and governmental sectors and in various organizational contexts The book is ideal not only for those charged with diversity equity and inclusion efforts in organizations but also for

organizational leaders and managers who can create and or support the implementing of inclusive organizational practices and also for postgraduate and undergraduate students studying human resource management organizational behavior management or diversity equity and inclusion *Handbook of Gender Research in Psychology* Joan C. Chrisler, Donald R. McCreary, 2010-03-12 Donald R McCreary and Joan C Chrisler The Development of Gender Studies in Psychology Studies of sex differences are as old as the eld of psychology and they have been conducted in every sub eld of the discipline There are probably many reasons for the popularity of these studies but three reasons seem to be most prominent First social psychological studies of person perception show that sex is especially salient in social groups It is the rst thing people notice about others and it is one of the things we remember best Fiske Haslam Stangor Lynch Duan Glass 1992 For example people may not remember who uttered a witty remark but they are likely to remember whether the quip came from a woman or a man Second many people hold rm beliefs that aspects of physiology suit men and women for particular social roles Men s greater upper body strength makes them better candidates for manual labor and their greater height gives the impression that they would make good leaders i e people we look up to Women s reproductive capacity and the caretaking tasks e g breastfeeding baby minding that accompany it make them seem suitable for other roles that require gentleness and nurturance Third the logic that underlies hypothesis testing in the sciences is focused on difference Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ Performance/Art Shaun Gallagher, 2021-09-22T00:00:00+02:00 Performance Art explores the phenomenology of skilled performance ranging from athletics to the performing arts including music dance and acting Gallagher reviews a variety of studies concerning different degrees of mindful awareness operative in performance and builds on the concept of a meshed architecture suggesting ways to make it more complex and dynamic He draws on ideas from enactivist embodied cognition about how different types of movement can be meaningful and intelligent and can scaffold learning and problem solving He also explicates the notion of an empathic mindfulness in performance and develops the idea of a double attunement to explain aesthetic experience in performance distinguishing the latter from aesthetic experience in the observer audience perspective
