## **Preface**

Jane Austen's main works, especially those set against the backdrop of the French Revolution, have a dynamic, eloquence, and subtle truth that has attracted and captivated historians, critics, politicians, and the rest of us hoi polloi in the world's movie theaters. To capitalize on what I understand to be a key theme of Melora Giardetti in this book, Austen's writings make what Elliot called "the everyday Miss Smiths" into potential architects of polity as well as virtual windows through which the experience of all of us may be examined, assessed, and perhaps better understood and even transformed.

It comes out that understanding through fiction may complement the efforts of historians by introducing less distortion in some respects than may arise (though not always be called to mind) in the reports of historiographers and journalists. There is a decided greater wholeness, dynamic integration, and winsomeness in a well-developed fictional narrative with fleshed out (though fictional) viewpoint characters that historians are always looking for and rarely find. What is evidently needed is an observer on the ground.

In this ambitious tour de force, Melora Giardetti constructs a literary and historical theory of personal and political transformation. The theory presented is profoundly simple and comprehensible, and yet it is intriguing in its subtlety. She illustrates her theory richly through certain representational systems deployed in Jane Austen's writings and in the words of various predecessors, contemporaries, critics, and commentators. An interesting triad of semiotic devices originating in iconic signs, images of various sorts, is

*Personal and Political Transformation in the Texts of Jane Austen* Melora Giardetti, 2003 This study addresses the rich array of past and current scholarship and explores a new angle Jane Austen's idea of personal reform precipitating societal transformation It presents the ways in which she explores the complex nature of transformation through her inversion of the commonly held definitions of masks mirrors and mirages a trio not explored by other scholars and critics As a subversive conservative Austen seems most interested in examining the middle space existent in the nature of transformation This study presents Austen amidst French rather than English contemporaries to establish her relationship to national and continental events and in exploring how she inverts the definitions of masks mirrors and mirages elucidates her political commentary in a new way

### **Gender and Madness in the Novels of Charles Dickens**

Marianne Camus, 2004 The 19th century British writer can by no means said to be liberated from Victorian patriarchal ideology admits Camus Dijon U but she finds that his madwomen are different more human somehow than his sane heroines That indicates to her that he had a different perception of gender even if half conscious than his peers and that imagination

**A New Midrashic Reading of Geoffrey Chaucer** Norman Toby Simms, 2004 Offers a novel interpretation of Chaucer as a fuzzy Jew a conflicted descendant of Conversos who created the complex antisemitic character of the Prioress Following a psycho historical approach suggests that the Prioress was raped as a child by a father figure and that she projects the blame onto the Jews who were demonized by her society Associates child victimization with the alleged victimization felt by Chaucer for his own suffering as a child belonging to a group that had to conceal its identity In view of Chaucer's putative Jewish heritage offers kabbalistic perspectives on his work *The Letters, Life, and Works of John Oldmixon* Mr. Oldmixon (John), 2004

As the present volume reveals in remarkable detail life was immensely precarious for those who tried to make their living by the pen Party writers rarely received adequate remuneration for their pains and Oldmixon always short of money was reduced to writing supplicating letters to publishers such as genial Jacob Tonson It is letters such as these which when taken in conjunction with Oldmixon's own *Memoirs of the Press 1742* offer unique details about the life of the professional writer and reveal the significance of the sub title of Professor Rogers's book *Politics and Professional Authorship in Early Hanoverian England* Hardship had forced Oldmixon to turn from writing plays and poetry to writing political pamphlets and essays Yet despite submitting to labour at the Press like a Horse in a Mill as James Ralph graphically put it Oldmixon was never financially secure

**Reading Human Nature** Joseph Carroll, 2011-03-01 As the founder and leading practitioner of literary Darwinism Joseph Carroll remains at the forefront of a major movement in literary studies Signaling key new developments in this approach *Reading Human Nature* contains trenchant theoretical essays innovative empirical

research sweeping surveys of intellectual history and sophisticated interpretations of specific literary works including *The Picture of Dorian Gray* *Wuthering Heights* *The Mayor of Casterbridge* and *Hamlet* Evolutionists in the social sciences have succeeded in delineating basic motives but have given far too little attention to the imagination Carroll makes a compelling case that literary Darwinism is not just another school or movement in literary theory It is the moving force in a fundamental paradigm change in the humanities a revolution Psychologists and anthropologists have provided massive evidence that human motives and emotions are rooted in human biology Since motives and emotions enter into all the products of a human imagination humanists now urgently need to assimilate a modern scientific understanding of human nature Integrating evolutionary social science with literary humanism Carroll offers a more complete and adequate understanding of human nature

Outlaw Fathers in Victorian and Modern British Literature Helena Gurfinkel, 2014-03-27 *Outlaw Fathers in Victorian and Modern British Literature* *Queering Patriarchy* traces the representations of outlaw fathers or queer patriarchs and their relationships with their queer sons in a particular literary tradition mid to late Victorian and twentieth century British fiction and memoir Specifically I look at such representations in Anthony Trollope's *Doctor Thorne* 1858 and *The Prime Minister* 1875-76 while also drawing on *An Autobiography* 1883 and *The Duke's Children* 1880 Samuel Butler's *The Way of All Flesh* published in 1901 Henry James's *The Lesson of the Master* 1888 J R Ackerley's *My Father and Myself* written in the 1930s and published in 1968 E M Forster's *Little Imber* 1961 with an occasional detour into *The Longest Journey* 1907 *Howards End* 1909 and *Maurice* published in 1971 and Alan Hollinghurst's *The Spell* 1998 In the coda I consider the implications of including transgender transnational female to male fathers of color in the ranks of queer patriarchy and discuss two contemporary novels Jackie Kay's *Trumpet* 1998 Scotland and Patricia Powell's *The Pagoda* 1998 Jamaica and the United States as well as briefly an episode an episode of the television show *The L Word* 2008 and the documentary *U People* 2007 The term queer patriarchy has two components The first one is a non traditional primarily but not exclusively non heterosexual pervasively present and culturally important paternal subjectivity The second one is the bond between such queer paternal figures and their sons biological and non biological This study pays attention primarily to the relationship between psyche language and ideology but it will join a larger conversation about the changing roles of men in general and fathers in particular which is taking place outside of the field of literary studies
