Bluegrass Unlimited, 1984 **Keyboard**, 1999 *Jazz* Eddie S. Meadows, 2013-10-23

Jazz Research and Pedagogy is the third edition of an annotated bibliography to books, recordings, videos, and websites in the field of jazz. Since the publication of the 2nd edition in 1995, the quantity and quality of books on jazz research, performance, and teaching materials have increased. Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date, several books on research, performance, and teaching materials were omitted. In addition, given the proliferation of new books in all jazz areas since 1995, the need for a new comprehensive and annotated reference book on jazz is apparent. Multiply indexed, this book will serve as an excellent tool for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade.

A Blues Bibliography Robert Ford, 2008-03-31

A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the bibliography has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations, and lyric transcriptions and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars.
