Sayyid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica, 2024-12-15 Sayyid Qutb s Radical Islamism and The Comparative Political Theology argues that Sayyid Qutb s radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb s political theology of Hakimiyyah God s Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb s critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Corte s 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God s Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti modern political theology Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God s Sovereignty placed within a larger cross cultural paradigm this book contributes as well to the necessary process of decolonization of

political theology God and Government Jarrett A. Carty, 2017-11-08 Martin Luther 1483 1546 famously began the Reformation a movement that shook Europe with religious schism and social upheaval While his Ninety Five Theses and other theological works have received centuries of scrutiny and recognition his political writings have traditionally been dismissed as inconsistent or incoherent God and Government focuses on Luther's interpretations of theology and the Bible the historical context of the Reformation and a wide range of writings that have been misread or misappropriated Re contextualizing and clarifying Luther's political ideas Jarrett Carty contends that the political writings are best understood through Luther's two kingdoms teaching in which human beings are at once subjects of a spiritual inner kingdom and another temporal outer kingdom Focusing on Luther's interpretations of theology and the Bible the historical context of the Reformation and a wide range of writings that have been misread or ignored Carty traces how Luther applied political theories to the most difficult challenges of the Reformation such as the Peasants War of 1525 and the Protestant resistance against the Holy Roman Empire as well as social changes and educational reforms The book further compares Luther's political thought to that of Protestant and Catholic political reformers of the sixteenth century Intersecting scholarship from political theory religious studies history and theology God and Government offers a comprehensive look at Martin Luther's political thought across his career and writings **Libertarian Black Theology** Demaine Solomons, Eugene

Baron, 2024-02-14 Current debates on decolonisation call for academic disciplines including the practitioners of Black theology to reflect on its content and curriculum This edited volume actively engages in these ongoing dialogues specifically addressing the pertinence of a Black theology of liberation within the postapartheid landscape It not only delves into the historical underpinnings of this theological framework but also endeavours to establish a conceptual framework for assessing its significance within the current discourse on decolonising theological disciplines In addition to shedding light on the historical importance of Black theology the late Vuyani Vellem poses a crucial question What lessons has Black theology yet to learn This inquiry by emerging South African scholars serves as a guide for navigating the path forward in developing this theological perspective Beyond emphasising the historical context the volume aims to contribute to broader discussions about social cohesion in South Africa where conflicting socio political narratives persist This work adds to the theoretical development by grappling with the history of Black theological thought and influences contemporary engagements with theology Its impact spans various levels encompassing the reconsideration of Black theology's influence on race gender politics community development and more Ultimately this volume serves as a catalyst for understanding and reshaping the discourse on Black theology offering valuable insights for navigating the complexities of theological thought in today's diverse and evolving landscape Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *Empowering Spirit, Empowering Structures* Stephen Charles McKnight, 2023-08-03 Noel Perkin a banker turned missionary led Assemblies of God World Missions AGWM for more than thirty years 1927 59 His life exemplifies the missionary zeal historians have noted

within the early Pentecostal movement Perkin's experience of the Holy Spirit and his experiences as a missionary in Argentina led him to create systems intended to empower others to fulfill Christ's commission to make disciples of all nations. Perkin's empowering leadership played a significant part in AGWM's remarkable growth into a leading Pentecostal mission sending agency which currently sends over 2 000 missionaries to 140 countries. As one of the principal architects of AGWM's missiology and operation, Perkin transformed a two person office relying on envelope boxes for its accounting system into a well structured strategic mission agency and laid a foundation for AGWM's continued growth. Empowering Spirit: Empowering Structures uses the foundation of a biographical study to examine the concept of empowerment through Perkin's life and the impact that Perkin and his missiology had and continues to have upon AGWM. **The Index**, 1876
