Rahner Reader:

A Rahner Reader Karl Rahner, 1975 Rahner Reader Karl Rahner, 1975-05 **Theological Method: A Guide for the Perplexed** Paul L. Allen, 2012-06-28 An upper level undergraduate introduction to how to do theology in an academic context The Vows of Religious Life in a Secular Society Judith A. Merkle, 2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today's society can be partially rooted in the shallowness of the sort of religion that the secular can abandon Such a religion characterized as magical shallow illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society It fails to address the profound aspects of human existence the authentic freedom of the spirit and the enduring obedience of faith This study of religious vows uncovers their deeper meanings in light of these challenges It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts It surveys sociological landscapes and goes beyond to encompass shifts in science psychology theology Religious life in this sense is part of the renewal of the church as well as an agent in it By focusing briefly on each vow Judith A. Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society Identity, Ethics, and Nonviolence in Postcolonial Theory S. Abraham, 2007-04-30 Abraham argues that a theological imagination can expand the contours of postcolonial theory through a reexamination of notions of subjectivity gender and violence in a dialogical model with Karl Rahner She questions of whether postcolonial theory with its disavowal of religious agency can provide an invigorating occasion for Catholic theology A Semiotic Christology Cyril Orji, 2021-03-04 This book details how semiotics furthers an understanding of the science of Christology In the light of the trend towards evolutionary worldview the book goes beyond description and critically engages the sign system of C. S. Peirce which it sees as a conceptual tool and method for a better understanding of some of the basic issues in Christology **Divine Revolution** Dean Brackley, 2004-09-27 A compelling exploration of one of the central issues if not the central issue facing theology in our time the relation between transcendent salvation and temporal liberation What does the salvation that the church proclaims mean for the poor of the world In Divine Revolution Dean Brackley presents in a comprehensive yet manageable way what Catholic theology has to say about this complex and urgent topic He addresses the historical as well as the systematic dimensions of the question providing insights that point toward an understanding of the issues that challenge conservative and liberal interpretations alike In a work of great daring and clarity Brackley surveys the confusion surrounding the social historical dimension of salvation in Catholic thought He shows the irony of the fact that after 2 000 years what salvation means for the

poor in relationship to their concrete plight remains a quaestio disputata for official Magisterial teaching. Going deeply into the relationship of salvation and liberation Brackley explores the thought of Maritain, Rahner and Gutierrez to demonstrate how the symbolon of the Reign of God that Jesus announces transcends the tired theological distinctions of all sides in the debate. Drawing from developments in feminist and Protestant theology as well as contemporary social theory, Divine Revolution offers a fresh understanding of what it means to participate in God's revolutionary reign. Catholic tradition, Brackley argues, has great potential to articulate a hope which responds to the suffering of the poor in our time. When conventional wisdom says compassion-fatigued Americans are tired of hearing about the poor, Brackley responds: The poor are far more tired of being poor. They too would like to move on to other things but they cannot.

Christian Theology, Volume Two

Thomas N. Finger, 2020-03-09

This is one of the first systematic theologies written from a believer's church, chiefly an Anabaptist/Mennonite perspective. Dr. Finger develops his themes throughout the volume in careful dialogue with Reformed, Lutheran, Roman Catholic and other historic approaches. The eschatological approach taken by Finger does not represent a fixation on future events. Rather, it represents a method of inquiry based on the early Christian conviction that the last things had already occurred through Jesus, even though their effects were not yet fully realized. Chief among these were the resurrection of the dead, the outpouring of the Spirit, the coming of God's kingdom, and the defeat of the powers of evil. After outlining this vantage point, Volume I considers eschatology, revelation, and the work of Christ in its light. Volume II begins with anthropology. Jesus' human work provides the norm for authentic human being. Justification comes next and is considered as the eschatological revelation and actualization of God's righteousness through the faithfulness of Jesus Christ. After treating the dynamics of personal sanctification, Dr. Finger explores the context within which it is pursued: the church. His ecclesiology begins with mission, including its approach to non-Christian religions and the sociopolitical realm. Volume II ends where most systematic theologies begin: with God, including the humanity and deity of Jesus Christ. Thomas N. Finger has undertaken an important task that is rarely attempted: the production of a constructive systematic theology informed by judicious dialogue with current biblical scholarship. Finger's methodological decision to adopt an eschatological approach enables him to work formally as well as materially from within a perspective shaped by the NT writers. His innovative organization of the loci of Christian doctrine, with its emphasis on the church as a community of believers living out the tensions between Christ's resurrection and Parousia, is a direct result of taking the NT seriously. Particularly noteworthy is his exposition of the doctrine of justification in the light of recent paradigm shifts in Pauline studies. Finger's book is a productive and edifying work for all who care about the ongoing conversation between Scripture and systematics.

Richard Hays, Duke Divinity School

Thomas N. Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my *Theology of Hope* in 1964. He begins with the goal with eschatology. With that goal in mind, a new light is cast on every single doctrine of Christian theology: the light of redemption and the work of the theologian.

becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger s theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jurgen Moltmann Professor of Theology University of Tübingen This volume is not only a contribution to the contemporary discussions in systematic theology It is also an important ecumenical breakthrough The Anabaptist tradition stands as an important dialogue partner in the quest for a common ground in the Christian faith Finger approaches the biblical faith from an eschatological viewpoint that is faithful to the Anabaptist tradition but in dialogue with Roman Catholic classical Protestant and contemporary scholars in both of these traditions He has begun a substantive conversation that will be important into the twenty first century Jeffrey Gros Former Director of the Commission on Faith Order National Council of Christian Churches USA A Sacred Look: Becoming Cultural Mystics Nancy Usselman, 2018-04-18 How should a follower of Christ engage the popular media culture By becoming a mystic Sr Nancy challenges Christians today to delve deep into the rich theological tradition of the church as the root and foundation for recognizing the beauty of God present in all that is truly human The artists of popular culture sometimes unwittingly seek transcendence while grappling with some of humanity s most profound existential longings The cultural mystics of today point out those needs of humanity in the culture s artifacts in order to enter into dialogue with those who seek something beyond what this world satisfies The anthropological sacramental incarnational paradigm presented gives us this ability to take a sacred look of the culture and offer the joy of the Gospel Christ who is the answer of all humanity s yearnings **Historical Dictionary of Catholicism** William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The Historical Dictionary of Catholicism Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism *Theological Dissent in Post-Vatican II Catholicism* Anthony Devlin, 2025-12-03 This book examines the reality of theological dissent in the Catholic Church in the decades since the Second Vatican Council 1962 1965 and its relation to the problematic search for certainty and doctrinal consistency in addressing the complexities of moral decision making in the contemporary world Concern for the fundamental dignity of the human person and the tension between obedience and the ultimate freedom in conscience of the believer within the boundaries of the institution have informed successive episodes of dissent and their attempted suppression in the post Conciliar period Neuralgic issues in

sexual ethics feminist theology the role of women in the Church and theologies of liberation have presented profound challenges to magisterial authority resulting in a fracturing of the faith community and the persistence of a progressive conservative divide The Church's Synodal turn meanwhile has presented new possibilities for a dialogical approach to dissent emphasizing discernment and principles of participation and co responsibility focusing on a dialectical approach to unsettled questions and inviting a diversity of theological expression Equally however conservative dissent and entrenched opposition to the possibility of transposing hitherto adversarial postures into a more constructive and collaborative frame present a growing threat to unity in a polarized world now increasingly tempted by totalitarianism and losing the capacity for constructive disagreement The book will be of particular interest to scholars and general readers in theology ecclesiology and religious studies
