Ray Millers Texas Parks A History And Guide:

Ray Miller's Texas Parks Ray Miller,1984 **Ray Miller's Texas Parks** Ray Miller,1984 Ray Miller's Texas parks blends the fascinating history of Texas with the state park system **Parks for Texas** James Wright Steely,2010-07-05 State parks across Texas offer a world of opportunities for recreation and education Yet few park visitors or park managers know the remarkable story of how this magnificent state park system came into being during the depths of the Great Depression in the 1930s Drawing on archival records and examining especially the political context of the New Deal James Wright Steely here provides the first comprehensive history of the founding and building of the Texas state park system Steely's history begins in the 1880s with the movement to establish parks around historical sites from the Texas Revolution He follows the fits and starts progress of park development through the early 1920s when Governor Pat Neff envisioned the kind of park system that ultimately came into being between 1933 and 1942 During the Depression an amazing cast of personalities from Franklin D Roosevelt to Lyndon Johnson led followed or obstructed the drive to create this state park system The New Deal federal state partnerships for depression relief gave Texas the funding and personnel to build 52 recreational parks under the direction of the National Park Service Steely focuses in detail on the activities of the Civilian Conservation Corps whose members built parks from Caddo Lake in the east to the first park improvements in the Big Bend out west An appendix lists and describes all the state parks in Texas through 1945 while Steely's epilogue brings the parks story up to the present

Treasures of Texas Tristan G. Smith,2025-04-28 The subject matter of National Historic Landmarks is one that will entice readers as this goes beyond a narrative non fiction in depth view of each site This book gives an overview of each site enough to give people the 20 000 foot view that will bring them to the site for a more in depth look and exploration Being able to see present day and historic photos of the site and its history along with directions and visitor information will give them the ability to find and explore on a basic level before deciding where to explore next As a local historian an avid explorer of such sites and having worked on the public sides of historic sites for several years I have a unique ability to boil down the history of a place to make it readable accessible and understandable with it leading the reader to want to visit and explore more Bringing this subject matter to the reader must make it more than a brochure but less than an in depth look site by site Through my years in the museum field I have been doing just that kind of work through marketing and exhibits
