## **Reaching The Full Cost Of Quality In Early Childhood Programs:**

Reaching the Full Cost of Quality in Early Childhood Programs Barbara A. Willer, 1990 The Full Cost of Quality is the concept underlying a public education campaign by the National Association for the Education of Young Children This book is a handbook for launching the campaign Back cover **The Visionary Director, Second Edition** Margie Carter, Deb Curtis, 2009-11-01 An inspiring and practical guide to creating a larger vision in early child care this popular professional development tool has been thoroughly revised and offers a concrete framework for organizing an early childhood center director s ideas and work Updated and expanded it reflects new requirements and initiatives for center directors and addresses topics including cultivating a vision developing systems thinking for management roles implementing principles and strategies for mentoring building a learning community for adults and children and bringing visions to life The Visionary Director provides directors with information to perform their jobs with motivation and creativity *The Children's Development Commission Act of 1998, S. 2178* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1999 The Good-bye Window Harriet Brown, 1998-10-12 Have you ever wondered what really goes on at your child s day care center after you say good bye Harriet Brown did To satisfy her curiosity she spent an entire year observing Red Caboose a center in Madison Wisconsin This engaging and thought provoking book is the story of that year In her beautifully written personal account journalist and mother Brown takes us behind the scenes at a day care center that works At Red Caboose one of the oldest independent centers in the country we meet teachers who have worked with young children for more than twenty years We watch the child care union and parents struggle to negotiate a contract without ripping apart the fabric of trust and love that holds the Red Caboose community together We look at the center s finances to see what keeps Red Caboose going at a time when other good centers are disappearing Best of all we get to know the children families and teachers of Red Caboose their struggles their sorrows their triumphs Started twenty five years ago by a group of idealistic parents the center has not only survived but thrived through some pretty tough times In the world of day care Red Caboose is a special place a model for what child care in this country could and should be not just babysitting not just a service to working parents but a benefit for children families teachers and the community at large Brown sets her rich and engaging stories in the greater political and social context of our time Why is so much child care bad Why should working Americans worry about the link between welfare reform and child care What can we learn from the history of child care This book is a must read for parents educators and anyone who enjoys first rate writing and dead on insight into the lives of our youngest children and those who care for them Brown s writing is beautiful and her scholarship sound Students considering day care careers day care professionals and concerned parents will gain insight by reading this provocative book as will anyone who cares about the future of young children in this country Choice I admire enormously the ambition of this book its eagle eyed witness and engrossing detail plus the social importance of the project I wish there were in the world more books like it

Lorrie Moore author of *Who Will Run the Frog Hospital* The Good bye Window is a fascinating peek into the secret world of children With the poignancy of Anne LaMott and the reportorial grace of Tracy Kidder Harriet Brown has written a terrific and worthwhile book Meg Wolitzer author of *This Is Your Life* Harriet Brown's well told story of the Red Caboose child care center should be read by teachers and parents but also by every legislator and politician in the land Only a writer as good as Ms Brown could display the dramatic complexities of a school community in which the youngest members enter crawling and emerge a few years later as articulate empathetic and well socialized individuals ready for the real world Vivian Gussin Paley author of *The Boy Who Would Be a Helicopter*

**Scale-Up Effect in Early Childhood and Public Policy** John List, Dana Suskind, Lauren Supplee, 2021-05-26 This critical volume combines theoretical and empirical work across disciplines to explore what threatens scalability and what enables it in the early childhood field. Authors and editors provide specific recommendations to help professionals refine and apply the science of scaling in their programs, research, and decision making. Written by leading experts in early childhood economics, psychology, public health, philanthropy, and more, chapters and commentaries shine light on how to effectively use experimental insights for policy purposes. The result is a comprehensive and forward thinking guide to the challenges and possibilities of effective scaling in early childhood and beyond. Essential reading for researchers, practitioners, funders, and policy makers alike, this book raises vital questions and provides a vision for the long term journey to scalable evidence.

Reinventing STEM in Early Childhood Education Eugene Geist, 2025-05-09 Teaching STEM to young children is about more than helping them learn their numbers and facts. It is an important and complex process that to be effective should honor the way children's brains are developing. This book outlines how early childhood educators can best support young children's STEM journeys as children naturally take in information about their environment, synthesize it, and grow in the process. This comprehensive text details different theories of learning, research on how young brains develop, practical information on preparing your environment and yourself for teaching STEM to children, guidance for supporting diverse populations of students, and developmental guidelines, sample standards, resources, and lesson plans. Organized chronologically, the book connects relevant STEM topics with each developmental age range and outlines common school standards for each grade. Reinventing STEM in Early Childhood Education is meant to be a core text for preservice teachers in math and science methods courses and is also important reading for teacher educators and professional development programs.
