Iyer,2024-03-25 In the timeless expanse of truth eternal and boundless lies a wisdom that transcends human grasp Its divine origin eludes even the most brilliant minds floating far above our earthly realm beyond the tumultuous skies where thunder and lightning are born and even farther than the cosmic sea where celestial bodies dance in the vast ether This truth originating from the Infinite the Unmanifest the Great Silence is where all creation stirs and all harmony breathes It is from this profound depth that Truth takes its pure and unblemished form While the entirety of this wisdom is beyond human perception the aspiring soul catches glimpses of its glory like fleeting sparks of perfection Those who are attuned to this cosmic source receive inspirations divine insights that shed light on the shadows of our mortal existence Throughout history such enlightened souls have illuminated the world with their wisdom Their divine messages transcending time and space have been gathered in sacred texts across civilizations be it the Vedas Upanishads the Quran or the Bible No single culture or sage holds exclusive rights to this universal wisdom The Eternal Source is a fountain with innumerable streams and even if these were all merged the vast reservoir of Divine Truth would remain largely untapped As humanity evolves shedding materialistic tendencies and embracing spiritual illumination the soul s thirst for higher truth grows Such earnest yearnings are always answered Pure hearted messengers shaped by life s trials and tribulations are chosen to convey these profound truths to mankind Our Trees of Life Christine Graef,2015-11-20 God s word begins with the tree of life and the tree of

knowledge watered by a river nourishing Eden As it ends with the image of a tree by a river appearing in heaven the redeemed who have stood as a tree planted by streams of water bringing the fruits of the spirit and birds and animals of every kind find shelter are healed by its leaves In the ecology of trees we find the believer rooted in living water lifting to the heavens sheltering others and bearing fruit From communities of pines and oaks of the North American continent to the solitary baobab silhouetted on the African savannah to the restoration of Israel s cedars in Asia trees are being felled under a darkening warfare to silence God s words Every year an estimated 100 000 Christians die for their faith Hundreds more suffer loss of home and jobs Churches burn and worshippers are slaughtered Jesus is being argued in the courts and classrooms His believers are imprisoned and beheaded Our Trees of Life combines the tangible world of trees around us with an image of God s concern for us in a world increasingly hostile to his word The Bahir Aryeh Kaplan,2001-01-15 The Bahir is one of the oldest and most influential of all classical Kabbalah texts Until the publication of the Zohar the Bahir was the most widely quoted primary source of Kabbalistic teachings The Bahir is quoted in every major book on Kabbalah the earliest being the Raavad s commentary on Sefer Yetzirah and it is cited numerous times by Rabbi Moshe ben Nachman Ramban in his commentary on the Torah It is also quoted many times in the Zohar It was first published around 1176 by the

Provence school of Kabbalists the first printed edition appeared in Amsterdam in 1651 The name Bahir is derived from the first verse quoted in the text Job 37 21 And now they do not see light it is brilliant Bahir in the skies It is also called the Midrash of Rabbi Nehuniah ben HaKana particularly by the Ramban The reason might be that Rabbi Nehuniah s name is at the very beginning of the book but most Kabbalists actually attribute the Bahir to him and his school Some consider it the oldest kabbalistic text ever written Although the Bahir is a fairly small book some 12 000 words in all it was very highly esteemed among those who probed its mysteries Rabbi Judah Chayit a prominent fifteenth century Kabbalist writes Make this book a crown for your head Much of the text is very difficult to understand and Rabbi Moshe Cordevero 1522 1570 head of the Safed school of Kabbalah says The words of this text are bright Bahir and sparkling but their brilliance can blind the eye One of the most important concepts revealed in the Bahir is that of the Ten Sefirot and careful analysis of these discussions yields much of what will be found in later kabbalistic works as well as their relation to anthropomorphism and the reason for the commandments Also included is a discussion of reincarnation or Gilgul an interpretation of the letters of the Hebrew alphabet the Thirty two Paths of Wisdom and the concept of Tzimtzum

Merlin's Guide to the Apocalypse Margaret Doner, 2021-02-02 The apocalypse is a time of karmic return Like the astrological Saturn return that occurs every 30 years in an individual s lifetime and brings with it personal karma the collective karma of humanity returns during the apocalypse The apocalypse is a time of revelation when we must ask ourselves What are we waking up to When I first began the journey to write spiritual and new age books and teach workshops I never imagined I would write a book with a title such as this one Times change Our time has definitely changed The Pandemic 2020 and 2021 became a viral wave of apocalyptic truth and reckoning Let s use this time of unrest and upheaval to change our destructive ways and instead embrace co operation and caring Let s wake up to the truth of our collective shadow so we can heal at last

Behta Bayda Baron James Ashanti, 2013-05 Baron James Ashanti accomplishes a remarkable success in presenting multifaceted aspects of Indian culture Ashanti touches its intimate radiance by writing about women in different times and spaces The character of Indian women has been domineering accommodating and suppressible as well in different circumstances The poor women have suffered male domination in some tribes families and sub cultures This has been ably highlighted Baron James Ashanti s narrative poetry incorporates in this volume the images like jewels imbedded inside an oriental monument that reflect the shades of the times as light falls on them Dr H K Kaul President The Poetry Society India An esoteric drift in the beginning from another time I come to redeem along with authoritative repetitions imparts a bardic quality in the opening poems but we are soon to enter the 21st century India and confront a determinate modern tone of a powerful poet ruthlessly vocal about the evils of society still persisting in many parts and within many cultural groups of India As we visit Irom Sharmila Chanu or Manorama look at Delhi and Udaipur through the sensitive eyes revisit personalities like Gandhi and Tagore in the garden of the poet s mind or trace the course of

Maa Ganga pausing briefly at Varanasi where the rapture of the devotees might seem organized chaos to the unaccustomed eye we are to realize that we have only been following the trail of conscience as the poet disquiets our inner stirrings and looks around at the scenes of human suffering. The perspective of time sharply locates the poems in Indian present or Indian past with an unflinching insistence less concerned with the aesthetics of philosophical realm asserting the content as the prime matter of the poems yet achieving a graceful sense of motion taking the readers along in the Behta Bayda Floating Raft towards scruples where ancient Indian gongs resonate. The author tried to establish the simplest methods yet geometrically proven techniques to draw precise perspective views. This book is divided into two parts based on the viewing angle or so called the tilt angle of the camera. Part one of the book is related to level vision i.e. the camera is set level which is the most popular in perspective drawing. Part two deals with the tilt angle of the camera to generate oblique perspective or so called Bird's and Worm's eye view. There haven't been any perspective methods that involve a tilt angle to be preset prior to construct a perspective drawing. This book also includes a mathematical approach to establish simple vector equations to plot any 3D model based on x y and z coordinates. It also deals with the tilt angle of the camera to generate three point perspective or so called bird's and worm's eye view.
