

Task 4

Read the text below. Match choices (A–H) to (17–21). There are three choices you do not need to use. Write your answers on the separate answer sheet.

HOW TO INCREASE YOUR CHILD'S READING LEVEL AT HOME**17**

Do it often. Studies show parents do not read to their children very much any more, if at all. Leading authorities say a child should be read to at least 30 minutes a day.

18

Pause to spell them and sound them out as you read to your child. Pause while reading to have him spell out or read a word you previously went out of your way to teach him.

19

Write them out the letters to a word. Say cat, then let the child turn the letters into a picture of a cat. If she is too young, you can draw the picture for her so it is recognizable. Do this for every letter of the alphabet.

20

Use for the objects around the house and post them to the appropriate object. For instance, spell out 'refrigerator' or 'door' on a note card then tape it to that object. Your child can help make these or decide what objects he would like to spell. Then every time you or he uses that object, get in the habit of spelling it and pointing to each letter.

21

Practise reading it over and over again. Let this be his/her very first book to read on his/her own. If a child has memorised the words, as many kids do, it will be even easier for him/her to learn the words.

- A** Have fun with words
- B** Point out words
- C** Write the letters
- D** Read to your child
- E** Find a book the child loves
- F** Make flash cards
- G** Make note of important parts
- H** Start a learning discussion

From Reading-Writing Research to Practice Sophie Briquet-Duhazé, Catherine Turcotte, 2019-04-10 Teachers regularly seek to update their practice with newly developed tools from the realm of research with the aim of applying them directly in the classroom particularly for teaching reading and writing Thus teachers continuing education is dependent on the effective dissemination and appropriation of research results

This book explores this problem from multiple angles presenting research projects from France and Quebec Canada Using a variety of methods including creating teaching materials and engaging classroom teachers in the research process the authors demonstrate the importance of ownership and dissemination of research results in schools Although this necessity sometimes complicates the work of researchers it is vital to develop and maintain the relationship between reading writing research and its practical applications
