Ronald C. Harvey, 2015-12-22 *The Critical History of Edgar Allan Poe's The Narrative of Arthur Gordon Pym A Dialogue with Unreason* traces the complex scattered criticism of Poe's most anomalous work as it has steadily grown in prominence to a central position in the study of Poe and American literature. The winding route the criticism of Pym has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author's intent and its stature as a work of genius hackwork or something in between. The unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite. The only comprehensive critical history and bibliography of Pym this study fills a large hole Poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features. In the process the criticism is correlated with the popular reception and the international response. Because literary history has entangled no author with his work more than Poe ultimately this book is as much a study of Poe as of Pym. At every point therefore this study embeds the critical response to Pym in the history of Poe studies in general as well as in the larger context of American literary theory and history. Includes bibliography and index *New Formalisms and Literary Theory* V. Theile, L. Tredennick, 2013-04-11 Bringing together scholars who have critically followed New Formalism's journey through time space and learning environment this collection of essays both solidifies and consolidates New Formalism as a burgeoning field of literary criticism and explicates its potential as a varied but viable methodology of contemporary critical theory *The General Biographical Dictionary: Containing an Historical and Critical Account of the Lives and Writings of the Most Eminent Persons in Every Nation* Alexander Chalmers, 1914 **Research in Education**, 1971
