**Milton and the Climates of Reading** Balachandra Rajan, Joseph A. Wittreich, 2006-01-01 Scholarly criticism of John Milton s writings has in recent decades been distinguished by a methodological prudence that separates it from other forms of literary scholarship One critic however stands apart from his colleagues and has consistently offered a corrective to this prudence Balachandra Rajan In Milton and the Climates of Reading Elizabeth Sauer undertakes the daunting work of bringing together a selection of Rajan s essays on Milton some hitherto unpublished in order to chart trends and changes in Milton scholarship over the last sixty years and to consider future directions in this vital field of inquiry This collection which is framed by Sauer s insightful introduction and an eloquent afterword by Joseph Wittreich demonstrates Rajan s critical range and his ability to adapt to new ideas always reformulating them in his own characteristic and individual manner Milton and the Climates of Reading offers timely statements about the ways in which Milton s writings not only addressed their own time but also speak profoundly and powerfully to ours

**Reading Food in Modern Japanese Literature** Tomoko Aoyama, 2008-09-30 Literature like food is in Terry Eagleton s words endlessly interpretable and food like literature looks like an object but is actually a relationship So how much do we and should we read into the way food is represented in literature Reading Food explores this and other questions in an unusual and fascinating tour of twentieth century Japanese literature Tomoko Aoyama analyzes a wide range of diverse writings that focus on food eating and cooking and considers how factors such as industrialization urbanization nationalism and gender construction have affected people s relationships to food nature and culture and to each other The examples she offers are taken from novels shosetsu and other literary texts and include well known writers such as Tanizaki Jun ichiro Hayashi Fumiko Okamoto Kanoko Kaiko Takeshi and Yoshimoto Banana as well as those who are less widely known Murai Gensai Nagatsuka Takashi Sumii Sue and Numa Shozo Food is everywhere in Japanese literature and early chapters illustrate historical changes and variations in the treatment of food and

eating Examples are drawn from Meiji literary diaries children's stories peasant and proletarian literature and women's writing before and after World War II The author then turns to the theme of cannibalism in serious and popular novels Key issues include ethical questions about survival colonization and cultural identity The quest for gastronomic gratification is a dominant theme in gourmet novels Like cannibalism the gastronomic journey as a literary theme is deeply implicated with cultural identity The final chapter deals specifically with contemporary novels by women some of which celebrate the inclusiveness of eating and writing while others grapple with the fear of eating Such dread or disgust can be seen as a warning against what the complacent gourmet boom of the 1980s and 1990s concealed the dangers of a market economy environmental destruction and continuing gender biases Reading Food in Modern Japanese Literature will tempt any reader with an interest in food literature and culture Moreover it provides appetizing hints for further savoring digesting and incorporating textual food
