because once you know the global agenda and its structure and method of imposition calling the future is very simple Reality Check places current events into their true context and explains humanity's plight with rare clarity and simplicity The central premise of Reality Check is to question everything right down to the nature of reality itself which is detailed extensively in this blockbuster new book Never before in human history has testing our own perceptions been more necessary and in this extraordinary new book over 860 pages Ford challenges the reader to reassess their perception of reality and everything they thought they knew Only by doing so Ford contends do we stand a chance of living in a world of health freedom and prosperity which he says in an upbeat conclusion is within our grasp if we only choose to take it How do we claim this new world of respect for humanity The answers are in Reality Check and you might be surprised by just how simple and achievable they are and how quickly they can be realised In an era of cancel culture and ever increasing censorship Reality Check is the most explosive and controversial book of modern times not only due to its content but also the environment into which it is published Daniel Ford has had the courage to write it Do you have the courage to read it Prepare for a perception reboot that will stretch your current worldview to breaking point The book also features 364 pages demolishing the Covid 19 hoax including 142 pages exposing the Covid 19 vaccine crime against humanity Why do people think what they do How do we see the world How are we manipulated to see the world and current events Reality Check dives deep into the human psyche to examine human perception and how to set our minds and therefore our world free The book explores how human perception is formed maintained and perpetuated and thus provides the ultimate answer to true freedom Daniel Ford reveals the mechanisms of mass manipulation and control and thus the keys to set ourselves free We live in extraordinary times and face the most enormous challenge to our individual and collective freedom We either stand up now and take back our perceptions to take back our freedom or stay silent and regret it forever with the children and grandchildren of today taking the consequences It's time for a Reality Check

The Arrival of the Promise Land Katherine Irvin, 2014-07-21 A fully complete Promise Land Community is similar in nature to a highly advanced Garden of Eden meets *Ufo'S (The Reality)* William Calderwood, 2015-04-10 The subject of UFOs I believe is one of the most important subjects there is because of its implications If an alien craft under intelligent control can shut down our nuclear missile systems which is a national security issue it has to be an important subject My interest began while in the service on a destroyer off the Korean coast when I heard that in the fall of 1951 a UFO was observed circling the task force and was picked up on 14 radars in the task force that began my interest in UFOs and have remained with me ever since After returning from the service I later had the opportunity to work for Boeing aero space on the Saturn V moon rocket worked at Michoud La 15 miles out of New Orleans Had a classified clearance while working there One night while lounging by the pool I was looking for the trail of a satellite going overhead when I noticed one of the stars by the big dipper started to move it traveled from the right side of the dipper to about the same distance on the left side and stopped After about two minutes it slowly faded away knowing about space

and that an object must travel at 17 000 miles an hour to remain in space or gravity would pull it down to earth it had to be a UFO After two and a half years at Michoud Boeing opened a new branch at Cape Kennedy Florida and I put in for a transfer there was accepted and worked in system interface control received a secret clearance while at the cape During the time I sat in on two lectures of UFOs the first was by Maj Keyhoe at the Marriott hotel in Coco Beach there was standing room only and he waved some documents and said UFOs were nuts bolts machines and were real objects The other lecture was at Patrick AFB next to where I lived at Satellite Beach The first half of his presentation was a slide show showing the most ridiculous UFOs imaginable an air force presentation The last half was his own personal experience when flying a cargo plane from a southern state to Washington D C A bright yellow UFO came His plane and followed him all the way to Washington D C after I left Boeing and came back home I turned on the TV to watch a new series called project blue book and it was directed by retired col Coleman Once hooked the subject stays with you for life **Der Saturn-Kult - Die**
