Ruth Gordon An Open:

Ruth Gordon, an Open Book Ruth Gordon, 1980 **The Broadcast 41** Carol A Stabile, 2018-10-16 How forty one women including Dorothy Parker Gypsy Rose Lee and Lena Horne were forced out of American television and radio in the 1950s Red Scare At the dawn of the Cold War era forty one women working in American radio and television were placed on a media blacklist and forced from their industry The ostensible reason so called Communist influence But in truth these women among them Dorothy Parker Lena Horne and Gypsy Rose Lee were by nature of their diversity and ambition a threat to the traditional portrayal of the American family on the airwaves This book from Goldsmiths Press describes what American radio and television lost when these women were blacklisted documenting their aspirations and achievements Through original archival research and access to FBI blacklist documents *The Broadcast 41* details the blacklisted women s attempts in the 1930s and 1940s to depict America as diverse complicated and inclusive The book tells a story about what happens when non male non white perspectives are excluded from media industries and it imagines what the new medium of television might have looked like had dissenting viewpoints not been eliminated at such a formative moment The all white male dominated Leave it to Beaver America about which conservative politicians wax nostalgic existed largely because of the forcible silencing of these forty one women and others like them For anyone concerned with the ways in which our cultural narrative is constructed this book offers an urgent reminder of the myths we perpetuate when a select few dominate the airwaves *When Women Wrote Hollywood* Rosanne Welch, 2018-07-11 This collection of 23 new essays focuses on the lives of female screenwriters of Golden Age Hollywood whose work helped create those unforgettable stories and characters beloved by audiences but whose names have been left out of most film histories The contributors trace the careers of such writers as Anita Loos Adela Rogers St Johns Lillian Hellman Gene Gauntier Eve Unsell and Ida May Park and explore themes of their writing in classics like *Gentlemen Prefer Blondes* *Ben Hur* and *It s a Wonderful Life* *Visions of Belonging* Judith E. Smith, 2004-09-01 *Visions of Belonging* explores how beloved and still remembered family stories *A Tree Grows in Brooklyn* *I Remember Mama* *Gentleman s Agreement* *Death of a Salesman* *Marty* and *A Raisin in the Sun* entered the popular imagination and shaped collective dreams in the postwar years and into the 1950s These stories helped define widely shared conceptions of who counted as representative Americans and who could be recognized as belonging The book listens in as white and black authors and directors readers and viewers reveal divergent emotionally textured and politically charged social visions Their diverse perspectives provide a point of entry into an extraordinary time when the possibilities for social transformation seemed boundless But changes were also fiercely contested especially as the war s culture of unity receded in the resurgence of cold war anticommunism and demands for racial equality were met with intensifying white resistance Judith E Smith traces the cultural trajectory of these family stories as they circulated widely in bestselling paperbacks hit movies and popular drama on stage radio and television *Visions of Belonging* provides unusually close access to a vibrant

conversation among white and black Americans about the boundaries between public life and family matters and the meanings of race and ethnicity Would the new appearance of white working class ethnic characters expand Americans understanding of democracy Would these stories challenge the color line How could these stories simultaneously show that black families belonged to the larger family of the nation while also representing the forms of danger and discriminations that excluded them from full citizenship In the 1940s war driven challenges to racial and ethnic borderlines encouraged hesitant trespass against older notions of normal But by the end of the 1950s the cold war cultural atmosphere discouraged probing of racial and social inequality and ultimately turned family stories into a comforting retreat from politics The book crosses disciplinary boundaries suggesting a novel method for cultural history by probing the social history of literary dramatic and cinematic texts Smith s innovative use of archival research sets authorial intent next to audience reception to show how both contribute to shaping the contested meanings of American belonging
