Sacraments Revisited What Do They Mean Today:

Sacraments Revisited Liam Kelly, 1998 Explores the history and theology of both the sacraments in general and all seven individually while encouraging readers to rediscover the rich meaning each one has for them today Martin Luther and the Seven Sacraments Brian C. Brewer, 2017-10-03 This introduction to Martin Luther's sacramental theology addresses a central question in the life of the church and in ecumenical dialogue Although Luther famously reduced the sacraments from seven to two baptism and the Lord's Supper he didn't completely dismiss the others Instead he positively recast them as practices in the church This book explores the medieval church's understanding of the seven sacraments and the Protestant rationale for keeping or eliminating each sacrament It also explores implications for contemporary theology and worship helping Protestants imagine ways of reclaiming lost benefits of the seven sacraments Sacraments Ray Robert Noll, 1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today's key sacramental theologians Becoming Apostolic Catherine Sexton, 2024-07-01 This book explores the experience and understanding of Roman Catholic sisters of their vocation to the apostolic form of religious life as they age Based on interviews with twelve religious women it draws on the practice of Lectio Divina to explore how these women describe their call to service and activity at a time in life when these might be curtailed by physical diminishment and increasingly reduced social interaction and influence As the very institutions of religious life are themselves under threat the book identifies new emerging forms of ministry through presence to each other and to their carers Womanpriest Jill Peterfeso, 2020-05-12 This book is openly available in digital formats thanks to a generous grant from the Andrew W Mellon Foundation While some Catholics and even non Catholics today are asking if priests are necessary especially given the ongoing sex abuse scandal The Roman Catholic Womanpriests RCWP looks to reframe and reform Roman Catholic priesthood starting with ordained women Womanpriest is the first academic study of the RCWP movement As an ethnography Womanpriest analyzes the womenpriests' actions and lived theologies in order to explore ongoing tensions in Roman Catholicism around gender and sexuality priestly authority and religious change In order to understand how womenpriests navigate tradition and transgression this study situates RCWP within post Vatican II Catholicism apostolic succession sacraments ministerial action and questions of embodiment Womanpriest reveals RCWP to be a discrete religious movement in a distinct religious moment with a small group of tenacious women defying the Catholic patriarchy taking on the priestly role and demanding reconsideration of Roman Catholic tradition Doing so the women inhabit and re create the central tensions in Catholicism today *Worship that Cares* Mark Earey, 2013-01-03 An introduction to the principles and skills of pastoral liturgy Inter denominational this text can be used across different Christian traditions in both formal and informal contexts and to meet traditional and non traditional pastoral needs **Ritual Making Women** Jan Berry, 2017-07-05 Ritual

Making Women looks at the way in which women's making of ritual has emerged from the rapidly developing field of women's spirituality and theology. The author uses ethnographic material to explore how the construction of ritual uses story making and embodied action to empower women. Ritual far from being a timeless and universal practice is shown to be a contextual and gendered performance in which women subvert conventional distinctions of private and public. The book combines narrative and case study material and draws on feminist theology and theory, social anthropology and gender studies. **Our Catholic Faith - Teacher's Manual** Michael Pennock, 2005-11 This Teacher's Wraparound Edition TWE includes the pages of the Student Text in reduced size with lessons wrapped around the margins of those pages. In the bottom gutter additional resources for the teacher are included. **The Catholic Periodical and Literature Index**, 2008 Restoration through Redemption: John Calvin Revisited Henk van den Belt, 2013-01-08 Restoration through Redemption offers examples of three ways in which John Calvin's theology can be revisited by analysis, assessment and reception. This volume contains analyses of Calvin's position on the trinity and on politics as well as assessments of his theology for evolutionary biology and comparative ecclesiology. It also discusses the reception of his heritage for instance in North America and South Africa. The central theme in this volume is Calvin's approach to the renewal of creation that hinges on Christ the Redeemer. One of the golden threads is Calvin's emphasis upon the meditatio on the future life, the turning of the believer towards the eschatological perspective. Contributors include J Todd Billings, Johan Buitendag, Jaeseung Cha, Ernst M Conradie, Roger Haight, I John Hesselink, Rinse Reeling Brouwer, Philippe Theron, Henk van den Belt, Gijsbert van den Brink, Cornelis van der Kooij, J H Amie van Wyk, J M Koos Vorster, Nico Vorster, Robert Vosloo and Paul Wells. **The Publishers Weekly**, 1998 **Canon Revisited** Michael J. Kruger, 2012-04-30 Given the popular level conversations on phenomena like the Gospel of Thomas and Bart Ehrman's Misquoting Jesus as well as the current gap in evangelical scholarship on the origins of the New Testament, Michael Kruger's Canon Revisited meets a significant need for an up to date work on canon by addressing recent developments in the field. He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds, mining the text itself for direction in understanding what the original authors and audiences believed the canon to be. Canon Revisited provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike. In contrast to the prior volumes on canon, this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed. Rather than simply discussing the history of canon, rehashing the Patristic data yet again, Kruger develops a strong theological framework for affirming and authenticating the canon as authoritative. In effect, this work successfully unites both the theology and the historical development of the canon, ultimately serving as a practical defense for the authority of the New Testament books.
