Haluska, 2016-01-19 The Unprecedented Tell All Guide Through the Intricacies of Executive Recruitment The single greatest opportunity that an organization has to improve both performance and culture in one stroke lies in the hiring of a new executive the right executive The fresh thinking of a skilled leader has the potential to unleash innovation empower employees and generate wealth for the company Similarly a bad hire may mortally wound the organization and cause ripple effects throughout the entire economy Hiring Greatness contains valuable insider strategies and tactics previously only known to a handful of America's wealthiest elite head hunters to attract recruit and retain star executives Authors David E. Perry and Mark J. Haluska have completed more than 1800 search projects across five continents maintaining a 99.97% success rate and negotiating more than 380 million in salaries Like magicians unveiling the hidden tricks of the trade Perry and Haluska reveal How to systematically secure and retain the perfect talent for your company How to keep recruiters from poaching your star executives a good hire is relatively meaningless if they leave the company Twenty three questions you must ask a potential headhunter The language that makes your company the most compelling and how HR lingo can repel the best talent Four critical turnoffs that drive great candidates away from top companies One company created 3.8 million of market value each hour for six months simply by hiring the right leader Hiring Greatness takes you behind the scenes of one of the world's most profitable and secretive industries meticulously showing how any organization can make monumental hiring decisions that lead to massive success

Secret Wings of World War II Lance Cole, 2015-06-30 There are many myths and legends surrounding the advanced German aeronautical technology of the Second World War There are also facts and proven events Yet within these stories

and behind these facts lie conspiracy theories mistaken assumptions and denials that seem to contradict the evidence So what really happened How far ahead were the German scientists And of even greater interest why and how There have been other books about advanced German wartime aeronautics yet few authors have fully examined the detail of the designs and their relevance to the fighter and bomber legends of the 1950s and 60s let alone the current crop of military and civil all wing or blended wing aircraft This book charts the story from it origins through current day innovations and beyond into the all wing future of tomorrow

How Autocrats Attack Expertise Richard L. Abel,2023-12-28 Chronicling and analyzing resistance to the threat that autocracy poses to American liberal democracy this book provides the definitive account of Trump s assault on truth and his populist attacks on expertise as well as scientific and legal opposition to them This book is about the threat of autocracy which antedated Donald Trump and will persist after he leaves the stage Pandering to populists autocrats attack professional expertise in an Orwellian world where ignorance is strength and where as Hannah Arendt wrote people believe everything and nothing Trump sought to inflame xenophobia by blaming China for the pandemic and closing U S borders then declaring victory and when that proved premature wrongly blaming the number of tests for escalating cases He sought to muzzle government scientists and denounced those who defied or evaded his directives as members of the deep state preferring to rely on inexperienced buddies He elevated obscure scientists who promoted quack cures and opposed effective preventive measures while sidelining the few reputable experts who nevertheless courageously resisted political interference In addition to these as this book documents independent scientists scientific journals and professional associations also outspoken often more so Even the pharmaceutical industry sought to preserve the integrity of a federal bureaucracy that assured the public the drugs they consumed were safe and efficacious Following Trump s numerous efforts to distort and undermine expertise this book describes and evaluates the resilience of scientific and legal defenses of truth This definitive account and analysis of the Trump s populist rejection of truth and expertise will appeal to scholars students and others with interests in politics populism and the rule of law and more specifically to those concerned with resisting the threat that autocracy poses to liberal democracy

Secret Wars Gordon Thomas,2024-03-26 Gordon Thomas has established himself as a leading expert on the intelligence community He returns here on the one hundredth anniversaries of Britain s Security and Secret Intelligence Services to provide the definitive history of the famed MI5 and MI6 These agencies rank as two of the oldest and most powerful in the world and Thomas s wide sweeping history chronicles a century of both triumphs and failures He recounts the roles that British intelligence played in the Allied victory in World War II the postwar treachery of Great Britain s own agents the defection of Soviet agents and the intricate process of handling them the often frigid relationship that both agencies have had with the CIA European spy services and the Mossad the cooperation between the British and Americans in the search for Osama bin Laden and the ways in which MI5 and MI6 have fought biological warfare espionage and space terrorism All told this is the story of two agencies led by men and women who

are enigmatic eccentric and controversial and who ruthlessly control their spies Based on prodigious research and interviews with significant players from inside the British intelligence community this is a rich and even delicious history packed with intrigue and information that only the author could have attained **Career Mapping** Ginny Clarke,Echo
