Security Or Armageddon Israels Nuclear Strategy:

Security Or Armageddon Louis René Beres,1986 *Security Or Armageddon* Louis René Beres,1986 *Israel's Nuclear Dilemma (Routledge Revivals)* Yair Evron,2014-06-03 Originally published in 1994 Yair Evron opens the book with an account of the development of Israel s nuclear doctrine and the internal disagreements within the Israeli political and strategic elite over how nuclear policy should be conducted There follows an analysis of the reactions from Arab states and of how with the exception of Iraq they have so far refrained from developing their own nuclear weapons *Israel's Nuclear Dilemma* Yair Evron,2005-07-28 The development of Israel s nuclear capacity controversy within the military elite implications for Arab Israeli relations and arms control in the region *Israel's National Security Predicament* David Rodman,2023-09-29 This book provides a ground breaking assessment of the Israeli national security experience from the establishment of the country through to the present day Seventy five years after its establishment the State of Israel continues to face an acute national security predicament as a result of the still unresolved Arab Israeli conflict This monograph offers a new framework for analyzing this experience first exploring the crucial events of the past and present that define it including interstate wars asymmetrical wars low intensity conflicts and developments in weapons of mass destruction The book then probes how Israel s evolving national security doctrine has addressed these various challenges over the years highlighting the roles of a number of variables deterrence warning and decision strategic depth and defensible borders the quality and quantity of fighting men and machines intelligence self reliance in military matters foreign policy and the influence of ethnic demography societal resilience economic prosperity and water security Written in accessible non technical language the book will appeal to general readers seeking an introduction to Israeli security as well as to specialists and researchers in various fields including Israeli history Middle Eastern politics and security studies **Israel's National Security** Efraim Inbar,2007-12-21 This volume presents a comprehensive analysis of Israel s security challenges since the 1973 October War Efraim Inbar takes the reader on a historical journey through Israel s relations in the Middle East that begins with an analysis of Israel s strategic thinking after 1973 and ends with an important look at the recent Second Lebanese War and the Iranian nuclear challenge Israel s National Security delves not only into Israel s responses but also its relationships in the international community providing a complete picture of how Israel s strategic environment has evolved over time Relevant to today s current political atmosphere the volume dissects the influences of the growing appeal of Islamic extremism on the peace process Israel strategic partnerships with India and Turkey and Israel s relations with the Palestinians *Israeli National Security* Charles David Freilich,2018 The most comprehensive study to date of Israel s national security It combines an exhaustive analysis of the military diplomatic demographic and societal challenges Israel faces with the responses it has developed to present a detailed proposal for an overall new national security strategy the first such Israeli strategy ever published **Strategic Review** ,1990 dedicated to the advancement and understanding of those

principles and practices military and political which serve the vital security interests of the United States **Clausewitz and Escalation** Stephen J. Cimbala, 2012-11-12 Published in 1991 Clausewitz and Escalation is a valuable contribution to the field of Military Strategic Studies **Getting MAD: Nuclear Mutual Assured Destruction, Its Origins and Practice** , 2004 Nearly 40 years after the concept of finite deterrence was popularized by the Johnson administration nuclear Mutual Assured Destruction MAD thinking appears to be in decline The United States has rejected the notion that threatening population centers with nuclear attacks is a legitimate way to assure deterrence Most recently it withdrew from the Anti Ballistic Missile Treaty an agreement based on MAD American opposition to MAD also is reflected in the Bush administration's desire to develop smaller more accurate nuclear weapons that would reduce the number of innocent civilians killed in a nuclear strike Still MAD is influential in a number of ways First other countries like China have not abandoned the idea that holding their adversaries cities at risk is necessary to assure their own strategic security Nor have U S and allied security officials and experts fully abandoned the idea At a minimum acquiring nuclear weapons is still viewed as being sensible to face off a hostile neighbor that might strike one's own cities Thus our diplomats have been warning China that Japan would be under tremendous pressure to go nuclear if North Korea persisted in acquiring a few crude weapons of its own Similarly Israeli officials have long argued without criticism that they would not be second in acquiring nuclear weapons in the Middle East Indeed given that Israelis surrounded by enemies that would not hesitate to destroy its population if they could Washington finds Israel's retention of a significant nuclear capability totally understandable **Getting MAD** Henry D. Sokolski, 2004 Getting MAD Nuclear Mutual Assured Destruction Its Origins and Practice is the first critical history of the intellectual roots and actual application of the strategic doctrine of nuclear mutual assured destruction or MAD Written by the world's leading French British and American military policy planners and analysts this volume examines how MAD and its emphasis on the military targeting of population centers influenced the operational plans of the major nuclear powers and states such as Pakistan India and Israel Given America's efforts to move away from MAD and the continued reliance on MAD thinking by smaller nations to help justify further nuclear proliferation Getting MAD is a timely must read for anyone eager to understand our nuclear past and future **Biological Warfare and Disarmament** Susan Wright, 2002 This book proposes fresh approaches and concrete proposals to overcome one of the most intractable security problems of the twenty first century Visit our website for sample chapters **Israeli Secret Services** Frank Clements, 2017-07-05 The Israeli Institute for Intelligence and Special Services the Mossad is probably the best known of the world's intelligence services one of the most suspected and certainly one of the most intriguing However despite its fame the available literature other than Hebrew is limited and scattered amongst a variety of subject areas because the tentacles of the Mossad are similarly varied The aim of this volume is to document the range of English language material available on f Mossad from its pre official origins in Europe during the Second World War to the present period of the Middle East peace process The organization had its origins in

the aftermath of the Holocaust being the agency responsible for organizing the illegal Jewish immigration into Palestine before becoming officially constituted in 1951. Since its formation the Mossad has been intimately involved in each of the significant events in Israel's history including actions against its Arab neighbors, the hunting of wanted Nazis, spectacular actions such as the raid on Entebbe to free the hostages, counter terrorist activities and high technology espionage against friend and foe alike. This bibliography will be of interest to researchers covering intelligence activities and to students, scholars and librarians interested in the history of Israel and its relations with its Arab neighbors. The early material on the Mossad will also be of special concern to students of the Holocaust and its aftermath.

The Global Community Yearbook of International Law and Jurisprudence 2019 Giuliana Ziccardi Capaldo, 2020-08-20. The Global Community Yearbook is a one stop resource for all researchers studying international law generally or international tribunals specifically. The Yearbook has established itself as an authoritative source of reference on global legal issues and international jurisprudence. It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives. The Global Community Yearbook publishes annually in a volume of carefully chosen primary source material and corresponding expert commentary. The general editor Professor Giuliana Ziccardi Capaldo employs her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay guides which illuminate those cases. Although the main focus is recent case law from the major international tribunals and regional courts, the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy themes that appear throughout the case law of the many courts covered by the series as a whole. The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence, the series now also serves to prepare researchers for the issues facing emerging global law. The 2019 edition both updates readers on the important work of long standing international tribunals and introduces readers to more novel topics in international law. The Yearbook continues to provide expert coverage of the Court of Justice of the European Union and diverse tribunals from the International Court of Justice (ICJ) to criminal tribunals such as the International Criminal Court (ICC) and the International Residual Mechanism for Criminal Tribunals (MICT) to economically based tribunals such as ICSID and the WTO Dispute Resolution panel. This edition contains original research articles on the development and analysis of the concept of global law and the views of the global law theorists such as a judicial knowledge sharing process as a tool for courts working together in a universal constitutional structure, the role of human rights treaty monitoring bodies in the international legal order and an examination of the consequences of the UN compact for the safe, orderly and regular migration on international law. The Yearbook provides students, scholars and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates as well as an annual overview of the process of cross fertilization between

international courts and tribunals The Yearbook provides students scholars and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates as well as an annual overview of the process of cross fertilization between international courts and tribunals and a section focusing on the thought of leading international law scholars on the subject of the globalization This publication can also be purchased on a standing order basis

Bulletin of the Atomic Scientists ,1985-09 **The Encyclopedia of the Arab-Israeli Conflict** Spencer C.

Tucker,Priscilla Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon

Transformed Hemda Ben-Yehuda,Shmuel Sandler,2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict *Cascade of Arms* Andrew J. Pierre,1997-11-01 With the post cold war emphasis on the proliferation of weapons of mass destruction the neglected dimension has been the spread of advanced conventional arms Yet these are the arms most likely to be used in conflict They present the greatest diversion from economic and social development and are the centerpiece of regional security balances This book examines the policies and practices of the major arms supplying nations looks at the impact of weapons purchases on the principal recipient regions and the possibilities for regional arms control and dissects the economics of arms exports for the producer nations in both the developing and industrialized worlds The book thoroughly discusses the opportunities for and obstacles to achieving multilateral restraint on arms In addition to the editor contributors

Security Or Armageddon Israels Nuclear Strategy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Security Or Armageddon Israels Nuclear Strategy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Security Or Armageddon Israels Nuclear Strategy has opened up a world of possibilities. Downloading Security Or Armageddon Israels Nuclear Strategy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Security Or Armageddon Israels Nuclear Strategy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Security Or Armageddon Israels Nuclear Strategy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Security Or Armageddon Israels Nuclear Strategy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Security Or Armageddon Israels Nuclear Strategy, users should also consider the

potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Security Or Armageddon Israels Nuclear Strategy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
