Selected Federalist Papers:

Selected Federalist Papers Alexander Hamilton, James Madison, John Jay, 2001-05-18 Almost half of the original 85 brilliant essays comprising a masterful exposition and defense of the proposed federal system of government and of the Constitution's system of checks and balances

Selected Writings Alexander Hamilton, 2021-11-17 Concise collection of the Founding Father's public and private writings provides an introduction to his life, personality, political career, and influence. Includes political essays, selections from the Federalist Papers, and personal correspondence

The Federalist Papers Alexander Hamilton, James Madison, John Jay, 2012-08-28 A selection of nineteen essential essays from The Federalist Papers in their original lengths by James Madison, Alexander Hamilton, and John Jay with notes by Richard Beeman. Penguin presents a series of six portable, accessible, and above all, essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of *The Penguin Guide to the U.S. Constitution*, draws together the great texts of American civic life to create a timely and informative mini-library of perennially vital issues. Whether readers are encountering these classic writings for the first time or brushing up in anticipation of the 50th anniversary of the Civil Rights Act, these slim volumes will serve as a powerful and illuminating resource for scholars, students, and civic-minded citizens. Written at a time when furious arguments were raging about the best way to govern America, The Federalist Papers had the immediate practical aim of persuading New Yorkers to accept the newly drafted Constitution in 1787. In this, they were supremely successful, but their influence also transcended contemporary debate to win them a lasting place in discussions of American political theory. The Federalist Papers make a powerful case for power sharing between State and Federal authorities and have only risen in legal influence over the last two centuries. Beeman's analysis helps clarify the goals, at once separate and in concert, of Madison, Hamilton, and Jay during their writing, and his selection of some of the most important papers shows the array of issues, both philosophical and policy-specific, covered by this body of work. The best commentary on the principles of government which ever was written. Thomas Jefferson

Selected Papers of Frederick Mosteller Stephen E. Fienberg, David C. Hoaglin, 2007-02-01 One of the best-known statisticians of the 20th century, Frederick Mosteller has inspired numerous statisticians and other scientists by his creative approach to statistics and its applications. This volume collects 40 of his most original and influential papers, capturing the variety and depth of his writings. It is hoped that sharing these writings with a new generation of researchers will inspire them to build upon his insights and efforts

Hamilton, Madison, and Jay on the Constitution Ralph Henry Gabriel, 1954

The Federalist Papers: The Ideas That Forged the American Constitution R. B. Bernstein, Alexander Hamilton, James Madison, 2023-11

The Rhetorical Approach in the Federalist Papers No.10, No.54, No.84 and No.85 Jelena Vukadinovic, 2009-05 Seminar paper from the year 2008 in the subject American Studies Literature grade 1.7 RWTH Aachen University course American Non-Fiction language English abstract The eighty-five essays today commonly referred to as The Federalist Papers were written in 1787 and 1788 in order

to help in securing the ratification of the proposed United States Constitution in the State of New York Although the essays were all signed Publius they were written by three men of different background and to some extent different political ideas John Jay Alexander Hamilton and James Madison have contributed to the Papers in different quantity Due to an illness Jay has contributed only five articles Hamilton s and Madison s contributions are not always easy to separate but most scholars ascribe twenty nine articles to Madison and fifty one to Hamilton The authorship of essays 18 20 49 58 and 62 63 was the subject of heated historical controversy for more than a century and a half because both Hamilton and Madison allegedly claimed authorship of these essays The object of this paper is to analyze the rhetorical approach of Madison and Hamilton in selected papers Also an attempt will be made to determine if and to what extent their rhetorical style and political ideas are distinguishable even under the joint guise of Publius The analysis will be undertaken on the examples of four selected papers No 10 54 84 and 85 which were chosen as representatives of the respective author s style since a detailed analysis of all 85 papers would be too extensive for a term paper Contributions by John Jay are deliberately left out since they consist of only 5 papers which are arguably among the less important ones Federalist No 10 was chosen as the most famous of Madison s contributions due to its prominence within the scholarly debate and the prevailing significance of the problem discussed in the essay the dangers or factions within a republic system No 54 was chosen as the most famous of Hamilton s contributions due to its prominence within the scholarly debate and the prevailing significance of the problem discussed in the essay the dangers or factions within a republic system No 84 was chosen as the most famous of Madison s contributions due to its prominence within the scholarly debate and the prevailing significance of the problem discussed in the essay the dangers or factions within a republic system No 85 was chosen as the most famous of Madison s contributions due to its prominence within the scholarly debate and the prevailing significance of the problem discussed in the essay the dangers or factions within a republic system

Committee on the Judiciary,1979 *The Founders' Curse* Brook Poston,2024-07-02 How James Monroe s relationships impacted the rise fall and rebirth of political parties in the early American republic From the Revolutionary War to his death in 1831 James Monroe s life was dominated by partisan politics Monroe not uniquely among the American founders hated political parties even writing that he always considered their existence as the curse of the country Yet his career saw the rise fall and rebirth of American political parties In *The Founders' Curse* historian Brook Poston tells the story of Monroe s decision to help create the Jeffersonian Republican party his efforts to destroy the Federalists and eliminate the need for parties and the role he played in their rebirth as various parties developed after the battle to succeed his presidency in 1824 For a time Monroe succeeded in his goal to eliminate parties during his presidency he intentionally made appointments designed to lessen partisanship and took tours of the nation that brought the country together Monroe developed relationships with every major political figure of the first half century of American history spanning two different generations yet all his relationships were defined by political parties In the end

Poston explains how Monroe's successes in eliminating political parties ultimately brought them back with a vengeance under Andrew Jackson's presidency thus laying the foundations of the modern two party system of the American government
