

THE SOCIAL AND ECONOMIC VIEWS OF Mr. Justice Brandeis

Collected, with Introductory Notes, by
ALFRED LIEF

With a Foreword by
CHARLES A. BEARD

Vying in interest with the recently issued *Essays*, written by Mr. Justice Holmes, is this volume composed of extracts from the legal and other papers of Justice Louis D. Brandeis, Justice Holmes' colleague on the bench of the United States Supreme Court. It would be difficult to exaggerate the effect of these pronouncements not, indeed, upon the body of law already assimilated and codified, but upon the law that is to be called into being in response to the new needs of the nation and the new conditions produced by twentieth-century developments of the industrial revolution.

The distinguishing feature of the points of view of both Justice Brandeis and Justice Holmes is that each recognizes that law, in order to render justice, must change with changing conditions. This volume will be treasured by all Americans who realize that history is still in the process of being unfolded and that the course of social evolution is not yet complete.
