It Found Us Lindsay Currie, 2023-09-05 From the New York Times bestselling author of Scritch Scratch and The Girl in White comes a new spooky mystery about a girl detective who must decode a series of ominous clues tied to a century old tragedy to find a missing teenager before it's too late Twelve year old Hazel Woods has always had an unusual knack for sleuthing Some may call it snooping but all she really wants is to solve mysteries around town So when she not so accidentally overhears her brother Den planning to sneak into the cemetery at night for an epic game of hide and seek she decides to secretly tag along This seems like the perfect opportunity to investigate the claims that the cemetery is haunted But the moment the game ends Hazel realizes something is very very wrong From her hiding spot in the bushes she

overhears that her brother's best friend Everett is missing. Everyone else was found by the seeker but there's no sign of Everett anywhere. It's as if he just vanished. Hazel and Dan are determined to find Everett before it's too late. But as they begin to unravel the terrifying clues that started appearing since that night in the graveyard, eerie whispers that sound like someone counting, the intermittent smell of smoke, and the cold lost presence that follows them everywhere, she's not sure what they are dealing with. But Everett needs more than search parties and scent tracking dogs to find him, especially if his disappearance is tied to the history of the cemetery and the lost century-old spirits that might still be trapped there. **A**
