Like an old saddle blanket the tale unfolds revealing the clean threads of a new story Groneberg moves to Montana working for wages at a number of ranches before getting a chance to become the owner of a sprawling ranch fifteen square miles of grass and sky In lean but passionate prose Groneberg demystifies the image of cowboy as celluloid hero and introduces us to the tough and kindhearted men who teach him how to be a real cowboy the woman who teaches him how to love and their son who teaches him how to be a man The Secret Life of Cowboys is both a coming of age story as stunning as the land itself and a revealing look at America s last frontier
