Myth Of The Magus:

The Myth of the Magus E. M. Butler, Eliza Marian Butler, 1993-03-26 After identifying its anthropological origins in ancient rituals performed by a shaman or wizard this text traces the development of the Magus through pre Christian religious and mystic philosophers medieval sorcerers and alchemists and the 18th and 19th century occult revival **The Myths of the Magus** E. M. Butler, 2011-10 *The Myth of the Magus* E. M. Butler, 1982-07 **The myth of the magus** Eliza M. Butler, 1948 *The Faustus Myth in the English Novel* Şeyda Sivrioğlu, 2017-06-23 The Faustus myth before being identified as a myth was the folktale of a man named Faustus who lived in Germany Underneath the popularity of this myth lies the basic human instinct to trespass the limits of traditional knowledge in pursuit of self definition authentic knowledge and power This search and transgression also involve the desire to exercise the right of making free authentic choices Faustus represents universal issues that are relevant for all human beings which explains the reason why he has acquired mythic stature Indeed a most persistent myth has evolved the appeal of which has led one writer after the other to reshape it After his story became popular he reappeared even in contemporary culture in different art forms such as literature both high brow and popular including comics the ballet and the opera The real historical Faustus came onto the scene as a scholar and persistently reappeared in literature assuming different identities which however shared basically the same qualities This book demonstrates and offers different perspectives to versions of the Faustus myth in literature Christopher Marlowe's *The Tragical History of the Life and Death of Doctor Faustus* Goethe's *Faust* and John Fowles *The Magus* *The Faustus Myth* is a cycle which starts and ends in tragic circumstances in Christopher Marlowe's Renaissance Faustus in salvation in Johann Wolfgang von Goethe's *Faust* and in meaninglessness ambiguous collapses in John Fowles' existentialist *Nicholas Urfe*

Myths of Modern Individualism Ian Watt, 1996 In this volume Ian Watt examines the myths of Faust Don Quixote Don Juan and Robinson Crusoe as the distinctive products of modern society He traces the way the original versions of Faust Don Quixote and Don Juan all written within a forty year period during the Counter Reformation presented unflattering portrayals of the three figures while the Romantic period two centuries later recreated them as admirable and even heroic The twentieth century retained their prestige as mythical figures but with a new note of criticism Robinson Crusoe came much later than the other three but his fate can be seen as representative of the new religious economic and social attitudes which succeeded the Counter Reformation The four figures help to reveal problems of individualism in the modern period solitude narcissism and the claims of the self versus the claims of society They all pursue their own view of what they should be raising strong questions about their heroes character and the societies whose ideals they reflect **The Occult Mind** Christopher Lehrich, 2012-08-17 Given the historical orientation of philosophy is it unreasonable to suggest a wider cast of the net into the deep waters of magic By encountering magical thought as theory we come to a new understanding of a thought that looks back at us from a funhouse mirror from *The Occult Mind* Divination like many critical modes involves

reading signs and magic more generally can be seen as a kind of criticism that takes the universe seen and unseen known and unknowable as its text In *The Occult Mind* Christopher I Lehrich explores the history of magic in Western thought suggesting a bold new understanding of the claims made about the power of various belief systems In closely interlinked essays on such disparate topics as ley lines the Tarot the Corpus Hermeticum writing and ritual in magical practice and early attempts to decipher Egyptian hieroglyphics Lehrich treats magic and its parts as an intellectual object that requires interpretive zeal on the part of readers observers Drawing illuminating parallels between the practice of magic and more recent interpretive systems structuralism deconstruction semiotics Lehrich deftly suggests that the specter of magic haunts all such attempts to grasp the character of knowledge Offering a radical new approach to the nature and value of occult thought Lehrich's brilliantly conceived and executed book posits magic as a mode of theory that is intrinsically subversive of normative conceptions of reason and truth In elucidating the deep parallels between occult thought and academic discourse Lehrich demonstrates that sixteenth century occult philosophy often touched on issues that have become central to philosophical discourse only in the past fifty years

The Myth and Mystery of UFOs Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard's wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard's study is a sky watcher's guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors

clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth Theorizing Rituals, Volume 1: Issues, Topics, Approaches, Concepts Jens Kreinath, J.A.M.

The Pataphysician's Library Ben Fisher,2000-01-01 The Pataphysician's Library is a study of aspects of 1890s French literature with specific reference to the traditions of Symbolism and Decadence Its main focus is Alfred Jarry who has proved perhaps surprisingly to be one of the more durable fin de siècle authors The originality of this study lies in its use of the enigmatic list of books termed the livres pairs which appears in Jarry's 1898 novel *Gestes et Opinions du docteur Faustroll* pataphysicien his best known prose work The greatest interest of the livres pairs lies in a group of works by Jarry's friends and contemporaries primarily Leon Bloy Georges Darien Gustave Kahn Catulle Mendès Josephin Rodière and Henri de Regnier Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris In conjunction with Jarry's own works the contemporary livres pairs serve to illustrate the vibrant and experimental atmosphere in which these authors worked

The Sin of Knowledge Theodore Ziolkowski,2021-01-12 Adam Prometheus and Faust their stories were central to the formation of Western consciousness and continue to be timely cautionary tales in an age driven by information and technology Here Theodore Ziolkowski explores how each myth represents a response on the part of ancient Hebrew ancient Greek and sixteenth century Christian culture to the problem of knowledge particularly humankind's powerful perennial and sometimes unethical desire for it This book exposes for the first time the similarities underlying these myths as well as their origins in earlier trickster legends and considers when and why they emerged in their respective societies It then examines the variations through which the themes have been adapted by modern writers to express their own awareness of the sin of knowledge Each myth is shown to capture the anxiety of a society when faced with new knowledge that challenges traditional values Ziolkowski's examples of recent appropriations of the myths are especially provocative From Voltaire to the present the Fall of Adam has provided an image for the emergence from childhood innocence into the consciousness of maturity Prometheus as the challenger of authority and the initiator of technological evil yielded an ambivalent model for the socialist imagination of the German Democratic Republic And finally an America unsettled by its responsibility for the atomic bomb and worrying that in its postwar prosperity it had betrayed its values recognized in Faust the disturbing image of its soul

Ruin, Ritual and Remembrance in Twentieth Century Irish Drama Ronald Gene Rollins,2001 This monograph explores the development of Irish drama in the 20th century and discusses recent cultural critiques of the entire enterprise of the Irish theatre Rollins interprets Yeats Synge Beckett Friel and McGuinness among others as practitioners in a kind of national reformulation of ritual and memory This is one of the most thorough one volume discussions of the greatest century of Irish dramatic creativity and influence I am impressed with the critical writing in Ronald Rollins's RUIN RITUAL AND REMBRANCE His

scholarship focuses on Ireland's intricate history and Yeats's definition of maimed Irish space great hatred little room Rollins deals with three playwrights Sean O'Casey Denis Johnston and the contemporary Frank McGuinness and their response to the nationalist uprising of 1916 Rollins points up after artful consideration of the older dramatists the special relevance of McGuinness' idea that the Ulster rebels of pre World War 1 are the same as the Dublin rebels of 1916 the flip side of the coin These writers see each denomination in Ireland as ordinary half inspired half bigoted human beings curiously united in their defiant rhetoric The central thrust of the study is a consideration of the nationalist poet playwright and leader Patrick Pearse as a man lost in the labyrinth of revolutionary rhetoric in Rollins' approach to McGuinness THE SONS OF ULSTER MARCHING TOWARDS THE SOMME Rollins argues the proposition that the character Piper is a counter figure to Pearse similarly involved in the ritual chants of war youth and death The difference is that the real life Pearse shot by the British survives as an icon of Irish republicanism while the fictional Piper lives to see the Protestant house of Ulster crumble Rollins' work is full of insights like this Buy the book James Liddy highly recommended Professor Robert Mahony Catholic University of America

Theorizing Myth Bruce Lincoln, 1999 In Theorizing Myth Bruce Lincoln traces the way scholars and others have used the category of myth to fetishize or deride certain kinds of stories usually those told by others He begins by showing that mythos yielded to logos not as part of a mythic Greek miracle but as part of struggles over political linguistic and epistemological authority occasioned by expanded use of writing and the practice of Athenian democracy Lincoln then turns his attention to the period when myth was recuperated as a privileged type of narrative a process he locates in the political and cultural ferment of the eighteenth and nineteenth centuries Here he connects renewed enthusiasm for myth to the nexus of Romanticism nationalism and Aryan triumphalism particularly the quest for a language and set of stories on which nation states could be founded In the final section of this wide ranging book Lincoln advocates a fresh approach to the study of myth providing varied case studies to support his view of myth and scholarship on myth as ideology in narrative form

Interpretations of Greek Mythology (Routledge Revivals) Jan N. Bremmer, 2014-03-18 Interpretations of Greek Mythology first published in 1987 builds on the innovative work of Walter Burkert and the Paris school of Jean Pierre Vernant and represents a renewal of interpretation of Greek mythology The contributors to this volume present a variety of approaches to the Greek myths all of which eschew a monolithic or exclusively structuralist hermeneutic method Specifically the notion that mythology can simply be read as a primitive mode of narrative history is rejected with emphasis instead being placed on the relationships between mythology and history ritual and political genealogy The essays concentrate on some of the best known characters and themes Oedipus Orpheus Narcissus reflecting the complexity and fascination of the Greek imagination The volume will long remain an indispensable tool for the study of Greek mythology and it is of great interest to anyone interested in the development of Greek culture and civilisation and the nature of myth *Hidden Mutualities* Michael Mitchell, 2006-01-01 *Hidden mutualities* link the work of major postcolonial writers with Christopher Marlowe's drama of the

Faustian pact the manipulation of the material world in exchange for the soul written as the scientific world view was emerging which accompanied the imperial expansion of Europe and has determined the economic and social structures of the colonial and postcolonial world This fascinating study brings together researches in widely different fields to show how Doctor Faustus reflects a Gnostic Hermetic tradition marginalized within the dominant European power structures Rediscovered in the Renaissance and combined with occult arts such as alchemy and magic this living tradition informs the work of Magus figures such as Pico della Mirandola Marcilio Ficino Trithemius Johannes Reuchlin Agrippa of Nettesheim Paracelsus and John Dee who are reflected in the Faust tradition and in Prospero in Shakespeare's *The Tempest* The second part investigates the dual legacy of the Magus A counterpoint between a law governed objective material world and an occult visionary pursuit of the divine potential of the human imagination is traced through the examples of Johan Kepler Robert Fludd Isaac Newton William Blake Rudyard Kipling Aleister Crowley W B Yeats Wolfgang Pauli and C G Jung In the third part textual analysis reveals how attention to these Faustian themes opens new and exciting critical perspectives in appreciating the works of postcolonial writers in particular *Dimetos* by Athol Fugard *Disappearance* by David Dabydeen *Omeros* by Derek Walcott and the novels of Wilson Harris **Who Is the Dreamer, Who Dreams the Dream?** James S.

Grotstein, 2013-06-17 In *Who Is the Dreamer Who Dreams the Dream A Study of Psychic Presences* James Grotstein integrates some of his most important work of recent years in addressing fundamental questions of human psychology and spirituality He explores two quintessential and interrelated psychoanalytic problems the nature of the unconscious mind and the meaning and inner structure of human subjectivity To this end he teases apart the complex tangled threads that constitute self experience delineating psychic presences and mystifying dualities subjects with varying perspectives and functions and objects with different often phantasmagoric properties Whether he is expounding on the Unconscious as a range of dimensions understandable in terms of nonlinear concepts of chaos complexity and emergence theory modifying the psychoanalytic concept of psychic determinism by joining it to the concept of autochthony comparing Melanie Klein's notion of the archaic Oedipus complex with the ancient Greek myth of the labyrinth and the Minotaur or examining the relationship between the stories of Oedipus and Christ Grotstein emerges as an analyst whose clinical sensibility has been profoundly deepened by his scholarly use of mythology classical thought and contemporary philosophy The result is both an important synthesis of major currents of contemporary psychoanalytic thought and a moving exploration of the nature of human suffering and spirituality **The Journal of American Folklore**, 1988 Metafiction and Myth in the Novels of Peter

Ackroyd Susana Onega Jaén, 1999 Providing detailed analysis of the recurrent structural and thematic traits in Peter Ackroyd's first nine novels this work sets out to show how they grow out of the tension created by two apparently contradictory tendencies These are on the one hand the metafictional tendency to blur the boundaries between story telling and history to enhance the linguistic component of writing and to underline the constructedness of the world created in a way that aligns

Ackroyd with other postmodernist writers of historiographic metafiction and on the other the attempt to achieve mythical closure expressed for example in Ackroyd's fictional treatment of London as a mystic centre of power This mythical element evinces the influence of high modernists such as Ezra Pound and T S Eliot and links Ackroyd's work to transition to postmodern writers such as Lawrence Durrell Maureen Duffy Doris Lessing and John Fowles
