Nationalism Violence And Democracy The Basque Clash Of Identities

Elisa Martí-López

Nationalism Violence And Democracy The Basque Clash Of Identities:

Nationalism, Violence and Democracy Ludger Mees, 2003-06-24 Ludger Mees offers the first comprehensive study of one of Europe's most protracted ethnic conflicts. He carefully analyzes both the historical roots of the conflict and its later growing violent dimension. Special attention is paid to the framing of a new opportunity structure during the 1990s which facilitated the first serious but ultimately frustrated attempt to broker a settlement. In the light of different theoretical and comparative approaches the reasons for the dramatic return of terrorism and the possibilities of a more successful conflict de-escalation in the near future are discussed.

Basque Nationalism and the Spanish State André Lecours, 2007-07-13 An examination of Basque nationalism from a historical perspective. Basque nationalism has been extensively examined from the perspectives of Basque culture and internal conditions in the Basque Country but Andr Lecours is among the first to demonstrate how Basque nationalism was shaped by the many forms and historical phases of the Spanish state. His discussion employs one of the most debated approaches in the social sciences: historical institutionalism and it includes an up-to-date examination of the circumstances for and consequences of recent events such as ETA's announcement in 2006 of a permanent cease-fire. Lecours also analyzes other aspects of Basque nationalism including the international relations of the Basque Autonomous Government as well as the responses of the contemporary Spanish state and how it deploys its own brand of nationalism. Finally, the book offers a comparative discussion of Basque, Catalan, Scottish, Flemish and Quebecois nationalist movements suggesting that nationalism in the Basque Country despite the historical presence of violence is in many ways similar to nationalism in other industrialized democracies. *Basque Nationalism and the Spanish State* is an original and provocative discussion that is essential reading for anyone interested in the Basques or in the development of modern nationalist movements.

Democracy and Violence John Schwarzmantel, Hendrik Kraetzschmar, 2013-09-13 Illustrated most dramatically by the events of 9/11 and the subsequent war on terror, violence represents a challenge to democratic politics and to the establishment of liberal democratic regimes. Liberal democracies have themselves not hesitated to use violence and restrict civil liberties as a response to such challenges. These issues are at the centre of global politics and figure prominently in political debates today concerning multiculturalism, political exclusion and the politics of gender. This book takes up these topics with reference to a wide range of case studies covering Latin America, the Middle East, Africa, Asia and Europe. It provides a theoretical framework clarifying the relationship between democracy and violence and presents original research surveying current hot spots of violent conflict and the ways in which violence affects the prospects for democratic politics and for gender equality. Based on field work carried out by specialists in the areas covered, this volume will be of high interest to students of democratic politics and to all those concerned with ways in which the recourse to violence could be reduced in a global context. This book has significant implications for policy makers involved in attempts to develop safer and more peaceful ways of handling political and social conflict. This book was published as a

special issue of Democratizations **Democracy and Counterterrorism** Robert J. Art, Louise Richardson, 2007 A comparative study of the policies strategies and instruments employed by various democratic governments in the fight against terrorism **Endgame for ETA** Teresa Whitfield, 2014-07-01 The violent Basque separatist group ETA took shape in Franco's Spain yet claimed the majority of its victims under democracy For most Spaniards it became an aberration a criminal and terrorist band whose persistence defied explanation Others mainly Basques but only some Basques understood ETA as the violent expression of a political conflict that remained the unfinished business of Spain's transition to democracy Such differences hindered efforts to defeat ETA's terrorism on the one hand and resolve the Basque conflict on the other for more than three decades Endgame for ETA offers a compelling account of the long path to ETA's declaration of a definitive end to its armed activity in October 2011 Its political surrogates remain as part of a resurgence of regional nationalism in the Basque Country as in Catalonia that is but one element of multiple crises confronting Spain The Basque case has been cited as an example of the perils of talking to terrorists Drawing on extensive field research Teresa Whitfield argues that while negotiations did not prosper a form of virtual peacemaking was an essential complement to robust police action and social condemnation Together they helped to bring ETA's violence to an end and return its grievances to the channels of normal politics **Women and ETA** Carrie Hamilton, 2013-07-19 Drawing on a unique body of oral history interviews archival material and published sources this book shows how women's participation in radical Basque nationalism has changed from the founding of ETA in 1959 to the present It analyses several aspects of women's nationalist activism collaboration and direct activism in ETA cultural movements motherhood prison and feminism By focusing on gender politics Women and ETA offers new perspectives on the history of ETA including recruitment the militarization of radical Basque nationalism and the role of the media in shaping popular understandings of terrorism These arguments are directly relevant to the study of women in other insurgence and terrorist movements The book will be of interest to scholars and students of history Hispanic studies gender studies anthropology and politics as well as to journalists and readers interested in women's participation in contemporary conflicts and terrorist movements **The Basque Contention** Ludger Mees, 2019-07-19 To the outside world for some half a century the words Basque Country have provoked an almost instant association with the Euskadi Ta Askatasuna ETA Basque Homeland and Liberty separatist group and violent conflict The Basque Contention Ethnicity Politics Violence attempts to undo this simplistic correlation and for the first time provide a definitive history of the wider political issues at the heart of the Basque Country Drawing on three decades of research on Basque nationalism Ludger Mees weaves together the various historical and contemporary strands of this contention from the late medieval kingdoms of Spain and France and the first articulations of a Basque ethno-particularism to the dissolution of ETA in 2018 and all manner of dictatorships conflict peace civil war political intrigue hope and failure in between For anyone who has ever wanted to gain an insight into the Basque Country beyond the headlines of ETA and grasp the complexity of its relationship with Spain

France and indeed itself this volume provides a detailed yet digestible basis for such an understanding *Contesting Spain? The Dynamics of Nationalist Movements in Catalonia and the Basque Country* Richard Gillespie, Caroline Gray, 2015-06-26

Contesting Spain The Dynamics of Nationalist Movements in Catalonia and the Basque Country offers an exploration of the dynamics behind contemporary shifts in the orientation of nationalist parties and movements with reference to Catalonia and the Basque country in Spain The chapters were originally papers presented at a workshop held at the Barcelona Centre for International Affairs CIDOB in September 2014 as part of a research project on The Dynamics of Nationalist Evolution in Contemporary Spain whose purpose was to gain a better understanding of why regionally based nationalist movements have experienced shifting relationships with the Spanish state over time in some periods appearing content with accommodation between central and regional government and at other times pushing to go beyond autonomist demands to seek sovereignty or even attain full independence The volume is one of the first to focus comparatively on the rise of pro sovereignty politics in mainstream nationalist parties whose evolution has also featured more traditional impulses towards territorial accommodation within the wider state Using the exceptionally rich laboratory provided by Spain the book explores the dynamics behind shifts in the orientation of nationalist parties and movements once they have established themselves as electorally successful at regional level Dimensions to the analysis include the interaction of nationalist parties with central government pressures from their support bases competition between parties within the home region and international influences This title is innovative in bringing together experts with a range of disciplinary approaches primarily political scientists but also historians and scholars located at the cusp between social sciences and humanities

Volatile Social Movements and the Origins of Terrorism Christine Sixta Rinehart, 2013 Although many scholars have studied terrorism few scholars have ever studied terrorism from the aspect of its initial origins in social movements Not only is research concerning this phenomenon outdated but there has also been no consensus as to what causes terrorism Many contemporary terrorist organizations were once social movements that formed for a specific purpose using nonviolent tactics to accomplish their agenda Eventually terrorist tactics became the method of choice for these once peaceful social movements

Volatile Social Movements and the Origins of Terrorism The Radicalization of Change by Christine Sixta Rinehart focuses on why this transition occurred why did a peaceful social movement transition to a terrorist organization The case studies in this book include the Muslim Brotherhood the ETA the FARC and the LTTE The study focuses on the individual characteristics group dynamics and external forces that caused social movements to use terrorist tactics It is ascertained who made the decision to use terrorism and why and how that person or group of people ascended to a leadership position within the social movement After the person people time and place are found pertaining to the first decision to use terrorism Sixta Rinehart examines why terrorism became an attractive option for each social movement

Volatile Social Movements and the Origins of Terrorism asks a necessary question for scholars and researchers in counterterrorism and international policy Under what conditions

do social movements resort to the use of terrorist tactics *ETA's Terrorist Campaign* Rafael Leonisio, Fernando Molina, Diego Muro, 2016-07-28 This book analyses the rise and decline of the Basque terrorist group Euskadi Ta Askatasuna ETA Basque Homeland and Freedom ETA declared a unilateral ceasefire in November 2011 bringing to a close a campaign of political violence that started in the late 1960s By the beginning of the twenty first century the overwhelming majority of secession supporters agreed that an independent Basque homeland would be realised through ballots and not bullets Providing an inter disciplinary overview of radical Basque nationalism that pays special attention to the drivers for ETA s decline defeat and disbandment this book includes chapters by historians political scientists and sociologists who offer three important theoretical and empirical contributions to the literature on nationhood and security studies Firstly the book reassesses the military conflict that opposed ETA and the Spanish state by paying special attention to tactical and strategic considerations as well as the counter terrorist policy itself Secondly it provides an original interpretation of the politics of fear which surrounded the process of victimization as well as assessing the extent to which the issue of violence led to the polarisation of citizens Thirdly the authors examine the historical narratives and rituals that contributed to the production and reproduction of identity binaries and memories of war Arguing that the defeat of ETA must be contextualised within the strategic evolution of Basque nationalism the declining resonance of the radical message and the effectiveness of the Spanish counter terrorist effort this book is essential reading for students and scholars working in the areas of European politics nationalism and terrorism studies **Historical Dictionary of Spain** Angel Smith, 2017-12-29 Following Spain s transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the Historical Dictionary of Spain contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain [The Cambridge History of Terrorism](#) Richard English, 2021-05-20 The Cambridge History of Terrorism provides a comprehensive reference work on terrorism from a distinctly historical perspective offering systematic analyses of key

themes problems and case studies from terrorism's long past Featuring expert scholars from across the globe this volume examines the phenomenon of terrorism through regional case studies largely written by local scholars as well as through thematic essays exploring the relationship between terrorism and other historical forces Each of the chapters whether thematic or case study focused embodies new research based analysis which will help to inform and reshape our understanding of one of the world's most challenging problems

Spain, 1833-2002 Mary Vincent, 2007-12-06 This book provides a cultural history of Spanish politics from the civil war of 1833 to the Spanish adoption of the Euro in 2002 a period dominated for the most part by violent military interventions in the political process a succession of weak unstable but repressive governments and the ever present threat of rebellion from below and culminating in the victory and repressive dictatorship of General Franco Using a wide range of sources both textual and material Mary Vincent focuses on the question of how ordinary people came to identify themselves both as citizens and as Spaniards throughout this turbulent period She argues that a weak state rather than a weak sense of nation was the key to Spain's problematic development and that this is the key to explaining both the persistence of political violence and the strength of regional nationalism in modern Spain But as Vincent shows from the 1970s with modernization of the state and the introduction of democratic politics all Spaniards including Catalans and Basques enthusiastically adopted an additional identity that of Europeans And while questions over the territorial unity of the Spanish state have still not been wholly resolved nevertheless the political choices facing Spaniards today are very similar to those of other western European nations and Spanish singularity appears at last to be consigned to the past

Cities, Nationalism and Democratization Scott A. Bollens, 2007-04-11 Cities Nationalism and Democratization provides a theoretically informed practice oriented account of intercultural conflict and co existence in cities Bollens uses a wide ranging set of over 100 interviews with local political and community leaders to investigate how popular urban policies can trigger pushes from below that help nation states address social and political challenges The book brings the city and the urban scale into contemporary debates about democratic transformations in ethnically diverse countries It connects the city on conceptual and pragmatic levels to two leading issues of today the existence of competing and potentially destructive nationalistic allegiances and the limitations of democracy in multinational societies Bollens finds that cities and urbanists are not necessarily hemmed in by ethnic conflict and political gridlock but can be proactive agents that stimulate the progress of societal normalization The fuller potential of cities is in their ability to catalyze multinational democratization Alternately if cities are left unprotected and unmanaged ethnic antagonists can fragment the city's collective interests in ways that slow down and confine the advancement of sustainable democracy This book will be helpful to scholars international organizations and grassroots organizations in understanding why and how the peace constitutive city emerges in some cases while it is misplaced and neglected in others

Sovereignty Revisited Åshild Kolås, Pedro Ibarra Güell, 2017-08-07 This book explores the new debates on Basque sovereignty and statehood that have emerged in the post

violence Basque political scenario It deciphers how sovereignty is understood or imagined by a revitalized civil society after the unilateral cessation of operations by ETA Basque Homeland and Freedom The contributors to this book investigate the new political field developing in the nexus between conventional party politics established socio cultural and linguistic organizations creative civil society initiatives and innovative activism This book is for graduate students scholars and professionals in political science social anthropology European studies political philosophy transnational studies sociology political geography and global studies It will also be of interest to academic specialists in Basque studies specialists working on sovereignty nationalism and globalization and professionals in governance international relations foreign affairs European politics and diplomacy

Ruining Revolution Inga K. Trauthig, 2025-11-25 The political turmoil in Libya which has claimed more than 20 000 lives and frustrated international partners since 2011 is an immensely complex struggle for power with a dizzying array of participants How did Libya's Arab Spring devolve into civil war after the removal of longtime leader Muammar Gaddafi *Ruining Revolution* examines Libya's descent into chaos pinpointing the roles of Islamist and Salafi forces Focusing on two key but underestimated movements the Libyan Muslim Brotherhood and Libyan Salafi Madkhalis Inga K Trauthig argues that ideological groups have been of greater importance than previously assumed She maps out crucial junctions in Libya's recent history tying in these movements pasts to show how Islamist and Salafi forces have stoked instability Although the 2011 Libyan revolution was not religious these groups proved surprisingly well equipped to capitalize on social and political fissures and to attract international support Featuring deep research and rigorous analysis this book draws on a range of sources including in depth interviews and propaganda shared on social media *Ruining Revolution* illuminates the dynamics that have shaped contemporary Libya with significant policy implications for regional engagement and offers broader insight into the underlying workings of a range of radical groups

Beyond Nations John R. Chavez, 2009-06-29 *Beyond Nations* traces the evolution of peripheral ethnic homelands around the North Atlantic from before transoceanic contact to their current standing in the world political system For example Megumaage homeland of the Micmac is transformed into the French colony of Acadia then into the British colony of Nova Scotia and subsequently into the present Canadian province Centrally Professor Chavez tracks the role of colonialism in the transformation of such lands but especially the part played by federalism in moving beyond the ethnic and racial conflicts resulting from imperialism Significantly Chavez gives attention to the effects of these processes on the individual mind arguing that historically federalism has permitted the individual to sustain and balance varying ethnic loyalties regionally nationally and globally *Beyond Nations* concludes with a discussion of an evolving global imagination that takes into account migrations borderlands and transnational communities in an increasingly postcolonial and postnational world

The Routledge Hispanic Studies Companion to Nineteenth-Century Spain Elisa Martí-López, 2020-09-24 The *Routledge Hispanic Studies Companion to Nineteenth Century Spain* brings together an international team of expert contributors in this critical and innovative volume

that redefines nineteenth century Spain in a multi national multi lingual and transnational way This interdisciplinary volume examines questions moving beyond the traditional concept of Spain as a singular homogenous entity to a new understanding of Spain as an unstable set of multipolar and multilinguistic relations that can be inscribed in different translational ways This invaluable resource will be of interest to advanced students and scholars in Hispanic Studies

The Spanish Frustration Josep M. Colomer, 2019-06-21 Old troubles with remote origins persist in modern Spain including huge public debts extensive corruption widespread unlawfulness oligarchical politics territorial splits and permanent protests and riots When did Spain screw up The Spanish Frustration provides an interpretation of several important aspects of present day Spain and its past stories It argues that in the long term Spain missed the opportunity to become a consolidated modern nation state because it was entangled in imperial adventures for several centuries when it should have been building a solid domestic basis for further endeavors In short a ruinous empire made a weak state which built an incomplete nation which sustains a minority democracy

Counter-terror by proxy Emmanuel Pierre Guittet, 2021-08-10 Between 1983 and 1987 mercenaries adopting the pseudonym GAL Grupos Antiterroristas de Liberaci n Antiterrorist Liberation Group paid by the Spanish treasury and relying upon national intelligence support were at war with the Basque militant group ETA Euskadi e Ta Askatasuna Basque Country and Freedom Over four years their campaign of extrajudicial assassinations spanned the French Spanish border Nearly thirty people were killed in a campaign comprised of torture kidnapping bombing and the assassination of suspected ETA activists and Basque refugees This establishment of unofficial counterterrorist squads by a Spanish Government was a blatant detour from legality It was also a rare case in Europe where no less than fourteen high ranking Spanish police officers and senior government officials including the Minister of Interior himself were eventually arrested and condemned for counter terrorism wrongdoings and illiberal practices Thirty years later this campaign of intimidation coercion and targeted killings continues to grip Spain The GAL affair was not only a serious example of a major departure from accepted liberal democratic constitutional principles of law and order but also a brutal campaign that postponed by decades the possibility of a political solution for the Basque conflict Counter terror by proxy uncovers why and how a democratic government in a liberal society turned to a dirty war and went down the route of illegal and extrajudicial killing actions It offers a fuller examination of the long term implications of the use of unorthodox counter terrorist strategies in a liberal democracy

As recognized, adventure as with ease as experience more or less lesson, amusement, as well as arrangement can be gotten by just checking out a ebook **Nationalism Violence And Democracy The Basque Clash Of Identities** after that it is not directly done, you could acknowledge even more more or less this life, in relation to the world.

We offer you this proper as without difficulty as simple pretentiousness to acquire those all. We offer Nationalism Violence And Democracy The Basque Clash Of Identities and numerous ebook collections from fictions to scientific research in any way. among them is this Nationalism Violence And Democracy The Basque Clash Of Identities that can be your partner.

Nationalism Violence And Democracy The Basque Clash Of Identities Introduction

In today's digital age, the availability of Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nationalism Violence And Democracy The Basque Clash Of Identities versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nationalism Violence And Democracy The Basque Clash Of Identities books and manuals for download and embark on your journey of knowledge?

FAQs About Nationalism Violence And Democracy The Basque Clash Of Identities Books

1. Where can I buy Nationalism Violence And Democracy The Basque Clash Of Identities books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Nationalism Violence And Democracy The Basque Clash Of Identities book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Nationalism Violence And Democracy The Basque Clash Of Identities books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them

- with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
 6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
 7. What are Nationalism Violence And Democracy The Basque Clash Of Identities audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Nationalism Violence And Democracy The Basque Clash Of Identities books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
