Lansing, 2015-06-30 Excerpt from Patriots and Tyrants History has no period which makes a more vivid appeal to the young reader than the thousand years which we call the Middle Ages The mediaeval world is just such a world as he would like to live in where knights ride off on crusades and kings wander out from their palaces in disguise where heroes sail away to explore unknown seas and gay cavaliers sally forth to tournament and joust It requires no effort to interest boys and girls in this part of history They turn to it with the enthusiasm with which they seize fairy tales and legends of chivalry and romance and find in its reality a satisfying response to the desire for a true story The child's interest being assured the problem is to make this interest of use in the process of his education The purpose of this series is to relate this fascinating and heroic past to the present by telling the stories from the point of view of the contribution of the Middle Ages to the world of today The heroes gain a new importance and the stories a new meaning by this treatment Who the mediaeval builders were may be seen by the titles of the following books which make up the series Barbarian and Noble Patriots and Tyrants Kings and Common Folk Craftsman and Artist Cavalier and Courtier Sea Kings and Explorers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *PATRIOTS & TYRANTS* Marion Florence 1883 Lansing, 2016-08-29 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a
