**The Paradise Garden Murals of Malinalco** Jeanette Favrot Peterson, 2014-07-03 Winner Charles Rufus Morey Award 1993 The valley of Malinalco Mexico long renowned for its monolithic Aztec temples is a microcosm of the historical changes that occurred in the centuries preceding and following the Spanish conquest in the sixteenth century In particular the garden frescoes uncovered in 1974 at the Augustinian monastery of Malinalco document the collision of the European search for Utopia with the reality of colonial life In this study Jeanette F Peterson examines the murals within the dual heritage of pre Hispanic and European muralism to reveal how the wall paintings promoted the political and religious agendas of the Spanish conquerors while preserving a record of pre Columbian rituals and imagery She finds that the utopian themes portrayed at Malinalco and other Augustinian monasteries were integrated into a religious and political ideology that in part camouflaged the harsh realities of colonial policies toward the native population That the murals were ultimately whitewashed at the end of the sixteenth century suggests that the spiritual conquest failed Peterson argues that the incorporation of native features ultimately worked to undermine the orthodoxy of the Christian message She places the murals imagery within the pre Columbian tlacuilo scribe painter tradition traces a Sahag n connection between the Malinalco muralists and the native artists working at the Franciscan school of Tlatelolco and

explores mural painting as an artistic response to acculturation The book is beautifully illustrated with 137 black and white figures including photographs and line drawings For everyone interested in the encounter between European and Native American cultures it will be essential reading

**Ornament** T. L. J. Howard, Michael Snodin, Maurice Howard, 1996-01-01 In a wide ranging and richly illustrated book the authors begin by tracing the ways ornament has been used over the last five centuries the rules of decorum and etiquette associated with it and the social moral and spiritual values it has represented They examine how architecture set the agenda for ornament in the Renaissance and how printed images carried a common vocabulary of ornament throughout the Western world They survey the personal side of ornament both in dress and in the domestic interior a private expression of the self and a public statement of social and cultural status They look at ornament in the public domain from the lavish decoration and symbolism of a town pageant to the logos of today's corporate industry and show how the ever evolving role of ornament is to invent and embody the collective spirit of communities at work and at leisure They conclude by discussing how the Western tradition of ornament has responded to and absorbed exotic African and Asian motifs Moresque motifs of the Near East and such familiar designs as the Paisley and Willow patterns
