Patterns Exposition Randall E. Decker,Robert A. Schwegler,1984-01-01   American Book Publishing Record ,2000-07 Rhetoric and Composition Steven Lynn,2010-09-30 An accessible introduction to teaching and studying rhetoric and composition   *Working in the Archives* Alexis E. Ramsey,Wendy B Sharer,Barbara L'Eplattenier,Lisa Mastrangelo- Do Not Use,2009-12-14 Archival research of any magnitude can be daunting With this in mind Alexis E Ramsey Wendy B Sharer Barbara L Eplattenier and Lisa Mastrangelo have developed an indispensable volume for the first time researcher as well as the seasoned scholar Working in the Archives is a guide to the world of rhetoric and composition archives from locating an archival source and its materials to establishing one s own collection of archival materials This practical volume provides insightful information on a variety of helpful topics such as basic archival theory processes and principles the use of hidden or digital archives the intricacies of searching for and using letters and photographs strategies for addressing the dilemmas of archival organization without damaging the provenance of materials the benefits of seeking sources outside academia and the difficult yet often rewarding aspects of research on the Internet Working in the Archives moves beyond the basics to discuss the more personal and emotional aspects of archival work through the inclusion of interviews with experienced researchers such as Lyn e Lewis Gaillet Peter Mortensen Kathryn Fitzgerald Kenneth Lindblom and David Gold Each shares his or her personal stories of the joys and challenges that face today s researchers Packed with useful recommendations this volume draws on the knowledge and experiences of experts to present a well rounded guidebook to the often winding paths of academic archival investigation These in depth yet user friendly essays provide crucial answers to the myriad questions facing both fledgling and practiced researchers making Working in the Archives an essential resource   *Writers Without Borders* Lynn Z. Bloom,2008-07-02 In Writers Without Borders Writing and Teaching Writing in Troubled Times Lynn Z Bloom presents groundbreaking research on the nature of essays and on the political philosophical ethical and pragmatic considerations that influence how we read write and teach them in times troubled by terrorism transgressive students and uses and abuses of the Internet Writers Without Borders reinforces Bloom s reputation for presenting innovative and sophisticated research with a writer s art and a teacher s heart Each of the eleven essays addresses in its own way the essay itself as one way to live and learn with others   The Publishers' Trade List Annual ,1981   Decker's Patterns of Exposition 12 ,1990   *Recording for the Blind & Dyslexic, ... Catalog of Books* ,1996   *Books in Print Supplement* ,2002   *Catalog* United States Armed Forces Institute,1971   *Evaluating College Writing Programs* Stephen Paul Witte,Lester Faigley,1983 Noting that present evaluation systems are so limited that they are neither reliable nor valid this monograph critically reviews studies designed to evaluate composition programs at four major universities The book offers theoretical and practical guidance through discussion of generalities from the four studies and pertinent questions and guidance to evaluators of composition programs The first chapter looks at the state of the art of evaluating writing programs discussing

the need for such evaluation and at two dominant approaches to writing program evaluation The second chapter discusses a quantitative model of writing program evaluation in terms of four university studies giving an overview of the dominant quantitative approach Chapter 3 discusses a framework for evaluating college writing programs including five components of writing program evaluation and the final chapter discusses accommodating context and change in writing program evaluation HTH *Aristotle's Voice* Jasper Neel,2013-11-14 In this book Jasper Neel s sure to be controversial resituating of Aristotle centers around three questions that have been constants in his twenty two years of teaching experience What does itmean to teach writing What should one know before teaching writing And if there is such a thing as research in the teaching of writing what is it Believing that all composition teachers are situated politically and socially both as part of the institution in which they teach and as beings with lived histories Neel examines his own life and the life of composition studies as a discipline in the context of Aristotle Neel first situates the Rhetoric as a political document he then situates the Rhetoric in the Aristotelian system and describes how professional discourse came to know itself through Aristotle s way of studying the world finally he examines the operation of the Rhetoric inside itself before arguing the need to turn to Aristotle s notion of sophistry as a way of negating his system By pointing out the connections among Aristotelian rhetoric the contemporary university and the contemporary writing teacher Neel shows that Aristotle s frightening social theories are as alive today as are Aristotelian notions of discourse Neel explains that by their very nature teachers must speak with a professional voice It is through showing how to hear one s professional voice that Neel explores the notion of professional discourse that originates with Aristotle In maintaining that one must pay a high price in order to speak through Aristotle s theory or to assume the role of professional he argues that no neutral ground exists either for pedagogy or for the analysis of pedagogy Neel concludes this discussion by proposing that Aristotelian sophistry is both an antidote to Aristotelian racism sexism and bigotry and a way of allowing Aristotelian categories of discourse to remain useful Finally as an Aristotelian a teacher and a writer Neel responds both to Aristotle and to professionalism by rethinking the influence of the past and reviving the voice of Aristotelian sophistry _Books in Print_ ,1991 **The Qualitative Researcher's Companion** Michael Huberman,Matthew B.
