Paul and Ancient Rhetoric Stanley E. Porter, Bryan R. Dyer, 2016-02-24 The Apostle Paul lived and breathed in a Hellenistic culture that placed high value on the art of rhetoric and recent advances in rhetorical criticism of the New Testament have resulted in a new emphasis on the rhetorical aspect of his letters As many scholars have pointed out however it is not clear to what extent ancient rhetoric actually influenced Paul and his writing or how important rhetoric is for interpreting the Pauline corpus This volume containing contributions from major figures in the field provides a nuanced examination of how ancient rhetoric should inform our understanding of Paul and his letters The essays discuss Paul's historical context present innovative advances in and trenchant critiques of rhetorical theory and offer fresh readings of key Pauline texts Outlining the strengths and weaknesses of a widely used approach Paul and Ancient Rhetoric will be a valuable resource for New Testament and Classics scholars

Paul's 'Spirit of Adoption' in its Roman Imperial Context Robert Brian Lewis, 2016-01-28 Robert Lewis examines Paul's use of the phrase Spirit of Adoption in Romans 8 12 17 against the background of its Roman Imperial context in order to shed light on interpretation of Paul's Letter to the Romans Whereas other scholars have explored what Paul may have meant when he uses the term adoption Lewis instead explores the reasons behind Paul's coupling of it with the term spirit Having examined theories for a possible Jewish antecedent for Paul's use of this phrase and found them less than persuasive Lewis unlocks the data within the term's Roman Imperial context that significantly clarifies what Paul means when he uses the phrase Spirit of adoption Lewis shows that when Paul wrote his letter to the Romans adoption had become a feature of Imperial succession Roman religion gave a great deal of prominence to the Roman family spirit the genius The Emperor's genius became identified as a deity in Roman religion and its veneration was widespread in Rome as well as the provinces When Romans 8 12 17 is read against this background a very different kind of exegetical picture emerges

Early Christian Ethics in Interaction with Jewish and Greco-Roman Contexts Jan Willem van Henten, Joseph Verheyden, 2012-11-29 Early Christian Ethics in Interaction with Jewish and Greco Roman Contexts focuses upon the nexus of early Christian Ethics and its contexts as a dynamic process The ongoing interaction with Jewish Greco Roman or early Christian traditions as well as with the social historical context at large continuously transformed early

Christian ethics The volume proposes a dynamic model for studying culture and its various expressions in a society composed of several ethnic and religious groups The contributions focus on specific transformations of ethics in key documents of early Christianity or take a more comparative perspective pointing to similar developments and overlaps as well as particularities within early Christian writings Hellenistic Jewish writings Dead Sea Scrolls and Jewish inscriptions *Jesus and Paul in the Context of Judaism and Early Christianity* Donald A. Hagner, 2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti-Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament **St. Paul, the Natural Law, and Contemporary Legal Theory** Jane Adolphe, Robert Fastiggi, Michael Vacca, 2012-03-22 The editors of this unique collection of essays exploring the relationship of St Paul and the natural law bring together contributions by scripture scholars theologians philosophers and international lawyers Inspired by the special Jubilee Year from June 2008 to June 2009 proclaimed by Pope Benedict XVI to celebrate the 2 000 year anniversary of the birth of St Paul the chapters in this book are the fruit of the contributors collaboration during the celebration of the Year of St Paul They share a common appreciation of the natural law as a basis for civil law and contemporary legal theory and each chapter examines the foundations of the natural law particularly in the writings of St Paul giving special recognition to the Catholic contributions to natural law and contemporary legal theory Paul and Philosophy Troels Engberg-Pedersen, 2023-11-20 This volume collects sixteen essays published by Troels Engberg Pedersen between 1994 and 2023 in which he analyses Pauline texts and themes philosophically often using ancient philosophy particularly Stoicism as a comparison to invigorate traditional theological exegesis of Paul Published in chronological order the essays are preceded by a substantial introduction tracing their analytical development This leads to a final account of Paul's message bringing all the issues together in a single strand Among the central themes tackled are the relationship between theology and ethics the logical form of Pauline moral exhortation the understanding of flesh and spirit the logic of action personhood and Paul's soteriology Along the way Paul's apocalypticism and his relationship with Judaism gain in importance with the analysis reaching its goal in an explication of the notion of the Christ circle **Torah** William M. Schniedewind, Jason M. Zurawski, Gabriele Boccaccini, 2022-03-11 The present volume explores the ever evolving understandings and diverse manifestations of the Hebrew notion of torah in early Jewish and Christian literature and the

different roles torah played within those communities whether in Judea or in the Hellenistic and early Roman diaspora This collection of essays is purposefully wide ranging with contributors exploring and rethinking some of the most basic scholarly assumptions and preconceptions about the nature of torah in light of new critical approaches and methodologies Contributors include Gabriele Boccaccini Francis Borchardt Calum Carmichael Federico Dal Bo Lutz Doering Oliver Dyma Paula Fredriksen Robert G Hall Magnar Kartveit Anne Kreps David Lambert Michael Legaspi Jason A Myers Juan Carlos Ossand n Widow Anders Klostergaard Petersen Patrick Pouchelle Jeremy Punt Michael L Satlow Joachim Schaper William Schniedewind Elisa Uusim ki Jacqueline Vayntrub Jonathan Vroom James W Watts Benjamin G Wright III and Jason M Zurawski

Greek and Roman Philosophy Timothy A. Brookins, 2025-05-06 For students of the New Testament wanting a background into Greek and Roman philosophy to help them better understand the New Testament text This book offers a survey of the Greek philosophical tradition from its inception in the Classical period until the final stages of its evolution beginning in the first part of Late Antiquity covering the pre Socratics the Classical philosophers the major schools of the Hellenistic period the Stoics Epicureans Academics the rise of Roman philosophy developments and revivals in the post Hellenistic period and the emergence of Christianity as a philosophy While making Greek and Roman philosophy its central feature the book s underlying interest is the relevance of these traditions to the early Christian movement especially the New Testament For although Christianity is rooted in and ineradicably linked with Judaism its shoots quickly extended outward into the Greco Roman world where it was able to flower and propagate only by competing with the intellectual traditions of the Greek speaking world above all the philosophical traditions A knowledge of these traditions therefore is an essential complement to the study of Second Temple Judaism for serious students of the New Testament and early Christianity It is the purpose of this book to offer such an introduction

Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament written by more than 40 scholars from a variety of Christian denominations Treats the 27 books and letters of the New Testaments systematically beginning with a review of current issues and concluding with an annotated bibliography Considers the historical social and cultural contexts in which the New Testament was produced exploring relevant linguistic and textual issues An international contributor list of over 40 scholars represent wide field expertise and a variety of Christian denominations Distinctive features include a unified treatment of Luke through Acts articles on the canonical Gospels and a discussion of the apocryphal New Testament

Experientia, Volume 2 Colleen Shantz, Rodney Werline, 2012-08-17 This collection of essays continues the investigation of religious experience in early Judaism and early Christianity begun in Experientia Volume 1 by addressing one of the traditional objections to the study of experience in antiquity The authors

address the relationship between the surviving evidence which is textual and the religious experiences that precede or ensue from those texts Drawing on insights from anthropology sociology social memory theory neuroscience and cognitive science they explore a range of religious phenomena including worship the act of public reading ritual ecstasy mystical ascent and the transformation of gender and of emotions Through careful and theoretically informed work the authors demonstrate the possibility of moving from written documents to assess the lived experiences that are linked to them The contributors are István Czachesz Frances Flannery Robin Griffith Jones Angela Kim Harkins Bert Jan Lietaert Peerbolte John R Levison Carol A Newsom Rollin A Ramsaran Colleen Shantz Leif E Vaage and Rodney A Werline **Galatians and Christian Theology** N.

T. Wright, Mark W. Elliott, Scott J. Hafemann, John Frederick, 2014-09-09 The letter to the Galatians is a key source for Pauline theology as it presents Paul's understanding of justification the gospel and many topics of keen contemporary interest In this volume some of the world's top Christian scholars offer cutting edge scholarship on how Galatians relates to theology and ethics The stellar list of contributors includes John Barclay Beverly Gaventa Richard Hays Bruce McCormack and Oliver O'Donovan As they emphasize the contribution of Galatians to Christian theology and ethics the contributors explore how exegesis and theology meet critique and inform each other *Paul and the Gentile Problem* Matthew Thiessen, 2016 Paul

and the Gentile Problem provides a new explanation for the apostle Paul's statements about the Jewish law Instead of understanding his arguments against circumcision to be criticisms of Judaism or the law this book makes the case that Paul meant to oppose gentile judaizing **Stoicism in Early Christianity** Tuomas Rasimus, Troels Engberg-Pedersen, Ismo Dunderberg, 2010-11 An international roster of scholars highlights the place of Stoic teaching in early Christian thought

Augustus to Constantine Robert McQueen Grant, 2004-01-01 This masterful study of the early centuries of Christianity vividly brings to life the religious political and cultural developments through which the faith that began as a sect within Judaism became finally the religion of the Roman empire First published in 1970 Grant's classic is enhanced with a new foreword by Margaret M Mitchell which assesses its importance and puts the reader in touch with the advances of current research *Roman Faith and Christian Faith* Teresa Jean Morgan, 2015 This study investigates why faith *pistis fides* was so important to early Christians that the concept and praxis dominated the writings of the New Testament It argues that such a study must be interdisciplinary locating emerging Christianities in the social practices and mentalities of contemporary Judaism and the early Roman empire This can therefore equally be read as a study of the operation of *pistis fides* in the world of the early Roman principate taking one small but relatively well attested cult as a case study in how micro societies within that world could treat it distinctively Drawing on recent work in sociology and economics the book traces the varying shapes taken by *pistis fides* in Greek and Roman human and divine human relationships whom or what is represented as easy or difficult to trust or believe in where *pistis fides* is deferred and reified in practices such as oaths and proofs how *pistis fides* is related to fear doubt and scepticism and which foundations of *pistis fides* are treated as more or less secure The book then

traces the evolution of representations of human and divine human pistis in the Septuagint before turning to pistis pisteuein in New Testament writings and their role in the development of early Christologies incorporating a new interpretation of pistis Christou and ecclesiologies It argues for the integration of the study of pistis pisteuein with that of New Testament ethics It explores the interiority of Graeco Roman and early Christian pistis fides Finally it discusses eschatological pistis and the shape of the divine human community in the eschatological kingdom **Identity and Moral Formation in 1**

Thessalonians Kiwoon Lee, 2024-01-19 The author examines Paul's first letter to the Thessalonians shedding light on his significant role in shaping the identity and ethos of the early Christian community in first century Thessalonica By delving into Paul's formative discourse this book shows how Paul utilized the key concepts from the Hebrew Scriptures to substantiate God's redemptive plan for the gentiles The author discerns echoes of holiness sanctification the fulfillment of the new covenant and the Day of the Lord within Paul's writing These notions serve as reminders to believers of their shared memory narrative and communal ethos as God's chosen people In the midst of the Thessalonians political and religious conflicts with their surrounding world Paul guides them towards a self recognition of their identity and cultivates a transformative daily ethos within their community Furthermore this book not only offers contemporary readers a deeper appreciation of their own distinctive identity as followers of Christ in today's socio cultural context but it also invites them to actively engage with Paul's formative discourse *Paul: Jew, Greek, and Roman* Stanley E. Porter, 2009-01-31 What does it mean to study Paul the Apostle as Jew Greek and Roman The framing of the question exposes the fact that the distinctions themselves involve a complex of ethnic social and cultural designations Paul is both a complicated individual of the ancient world because he combines in his one personage features of life in each of these cultural ethnic and even religious areas of the ancient world and one of many people of that world who evidenced such complexity This volume Paul Jew Greek and Roman explores a number of the important and diverse cultural ethnic and religious dimensions of the multi faceted background of Paul the Apostle Some of the treatments are focused and specific while others range over the broad issues that go to making up the world of the Apostle *Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 4* John P. Keenan, 2024-02-26 In a Tiantai theology conventional truth is conventionally arisen which means that such truth is never set once and for all but is to be cherished and rethought in new circumstances whether interreligious or scientific but always in critical consonance with its ancient embodiments Contexts shift frameworks but life in Christ is translatable across cultures Christian faith and theology discourage the assumption that the point of it can be clearly pinned down God's appearance to Elijah out of the whirlwind is an eternal reminder of the paltriness of all human perspectives Symbolic worlds of faith and wisdom are not themselves finished products Because it has a past and a future the cosmos itself is unfinished Christian creeds ought not be defended as last word ideological positions and bastions against relativity but instead recognized in their cultural contexts and affirmed as grammars of communal and personal assent
