*Paul Klee*, 1989      *Paul Klee*, 1990      **Paul Klee**, 1989      The Making of Paul Klee's Career, 1914-1920 Otto Karl Werckmeister, 1989-07-10 Paul Klee one of the preeminent artists of the twentieth century was associated with all of the major movements of the first half of the century expressionism cubism surrealism and abstraction In this economic and political history O K Werckmeister traces Klee s career as a professional artist concentrating on the years 1914 20 in which Klee rose from obscurity to recognition in the visual culture of the incipient Weimar Republic Werckmeister reveals the degree to which Klee who has been traditionally portrayed as aloof from politics and the vicissitudes of the art market was subject to and interacted with material conditions Drawing on rich documentary evidence records of Klee s sales reviews of his exhibitions the artist s published writings about his art unpublished correspondence as well as contemporary criticism Werckmeister follows Klee s transformation from an idiosyncratic abstract individualist to a metaphysical storyteller to mystical sage Werckmeister argues that this latter image was promoted by a number of influential art critics and dealers acting in cooperation with the artist himself This posture prompted Klee s success first in the war weary modernist art world of 1916 18 and then in the pseudo revolutionary art world of 1919 20 This work is a critical challenge to the myth of Klee s art and to the hagiography of his artistic personality Werckmeister s historical account is sure to be a controversial yet significant contribution to Klee studies one that will change the nature of Klee scholarship for some time to come      The Graphic Legacy of Paul Klee Paul Klee, Edith C. Looking High and Low Brenda Jo Bright, Liza Bakewell, 2022-12-06 Can low riders rightfully be considered art Why are Chicano murals considered art while graffiti is considered vandalism What do Native American artisans think about the popular display of their ceremonial objects How do the middlebrow notions of Getty workers influence highbrow values at the J Paul Getty Trust Looking High and Low attempts to answer these questions and the broader question What is art by bringing together a collection of challenging essays on the meaning of art in cultural context and on the ways that our understandings of art have been influenced by social process and aesthetic values Arguing that art is constituted across

cultural boundaries rather than merely inside them the contributors explore the relations between art cultural identity and the social languages of evaluation among artists art critics art institutions and their audiences in the Southwest and in Mexico The authors use anthropological methods in art communities to uncover compelling evidence of how marginalized populations make meaning for themselves how images of ethnicity function in commercial culture how Native populations must negotiate sentimental marketing and institutional appropriation of their art work and how elite populations use culture and ritual in ways that both reveal and obscure their power and status The authors make dramatic revelations concerning the construction and contestation of ideas of art as they circulate between groups where notions of what art should be are often at odds with each other This volume challenges conventional modes of analyzing art Its ethnographic explorations illuminate the importance of art as a cultural force while creating a greater awareness of the roles that scholars museum curators and critics play in the evaluation of art Contents Introduction Art Hierarchies Cultural Boundaries and Reflexive Analysis Brenda Jo Bright *Bellas Artes and Artes Populares The Implications of Difference in the Mexico City Art World* Liza Bakewell *Space Power and Youth Culture Mexican American Graffiti and Chicano Murals in East Los Angeles 1972 1978* Marcos Sanchez Tranquilino *Remappings Los Angeles Low Riders* Brenda Jo Bright *Marketing Maria The Tribal Artist in the Age of Mechanical Reproduction* Barbara Babcock *Aesthetics and Politics Zuni War God Repatriation and Kachina Representation* Barbara Tedlock *Middlebrow into Highbrow at the J Paul Getty Trust Los Angeles* George E Marcus

**Portraiture** Richard Brilliant, 2013-05-15 This is the first general and theoretical study devoted entirely to portraiture Drawing on a broad range of images from Antiquity to the twentieth century which includes paintings sculptures prints cartoons postage stamps medals documents and photographs Richard Brilliant investigates the genre as a particular phenomenon in Western art that is especially sensitive to changes in the perceived nature of the individual in society The author's argument on behalf of portraiture and he draws on examples by such artists as Botticelli Rembrandt Matisse Warhol and Hockney does not comprise a mere survey of the genre nor is it a straightforward history of its reception Instead Brilliant presents a thematic and cogent analysis of the connections between the subject matter of portraits and the beholder's response the response he or she makes to the image itself and to the person it represents Portraiture's extraordinary longevity and resilience as a genre is a testament to the power of this imaginative transaction between the subject the artist and the beholder

**In Defense of Don Giovanni** Luisa Passerini, 2024 Who wants to champion the figure of Don Giovanni in the time of Harvey Weinstein and MeToo Don Giovanni is a rapist murderer serial seducer and a liar Can he ever be held up as a role model or seen as a figure to be enjoyed This is the task that the eminent Italian historian and lifelong feminist Luisa Passerini sets for herself in *In Defense of Don Giovanni* As she developed the long arc of her distinguished career Don Giovanni surprisingly became not only her role model but also a secret object of research Taking her method from oral history Passerini creates a series of characters with whom she discusses the forms and incarnations of the myth of Don Giovanni across time from its

first appearance in early medieval Spain and Commedia dell Arte to its many European variations and its transposition to the colonial and postcolonial world in the Middle East the Americas and Africa Pivoting round Don Giovanni s best known incarnation in Mozart s opera Passerini and he interlocutors meet in different locations from Venice and Bern to Paris and Turin They discuss plays films and operas and talk about art novels and psychoanalytic interpretations of the myth while also sharing their own life stories in which Don Giovanni often plays a part that is by turns destructive mischievous and full of the joy of life From his early beginnings in the Iberian Peninsula to recent analysis of the sexuality of colonial conquest and postcolonial revenge and return Don Giovanni shape shifts between rapacious hypermasculinity comic trickster and morally vacuous loser whose annoyingly persistent nemesis Don Ottavio emerges as an alternative and ultimately better object of desire As she tracts Don Giovanni s image across the world and through the centuries however Passerini comes to see that it also plays another role that of mirror in which women can see themselves emerge as individuals with their own life force
