**Paurava And Alexander** SUBBA RAO,1971-04-01 When Alexander the great Macedonian conqueror invaded India in 327 B C the various kingdoms and republics of the North West failed to forge a united front against the common enemy Some rulers like Ambhi submitted without resistance while others like Paurava and the chief of Massaga refused to bow to Alexander even when defeat seemed certain Although Alexander met his match in King Paurava he managed to overpower him Alexander was also helped by the weather the heavy rain on the day before the battle had made the earth wet so that Paurava's able archers found it difficult to rest their bows on the slippery ground Nineteen Greek writers who either accompanied Alexander or visited India soon after the invasion wrote accounts of Alexander's march Based on these early records Arrian 1st century A D wrote his biography of the Macedonian conqueror This and other works by Curtius Diodoros Plutarch and Justin describe Alexander's invasion but there is no detailed Indian source to which we can turn It is therefore difficult to trace Alexander's movements in India with precision or to identify the tribes he encountered in the course of his arduous march

**A Global History of Pre-Modern Warfare** Kaushik Roy, 2021-09-14 This book examines the military histories of the regions beyond Western Europe in the pre modern era Existing works on global military history mainly focus on the western part of Eurasia after 1500 CE As regards the ancient period such works concentrate exclusively on Greece and Rome So global military history is actually the triumphal story of the West from Classical Greece onwards This volume focuses not only on the eastern part of Eurasia but also on South America Africa and Australasia and seeks to explain the history and varied trajectories of warfare in non Western regions in the pre modern era Further it evaluates whether warfare in non Western regions should be considered primitive or inferior when compared with Western warfare The book notes that Western Europe became militarily significant only in the early modern era and argues that the military divergence that occurred during the early modern era is not unique it had also occurred in the Bronze Age the Classical era and in the medieval period This was due to the dynamism and innovativeness of non Western militaries and the interconnectedness that existed in parts of the Eurasian landmass Further those polities which were able to construct a balanced military force by synthesising diverse elements were not only able to survive but also became capable of projecting power across continents This book will be of much interest to students of military history strategic studies and world history

**Reminiscences an Anthology of Poems** M.C. Mahesh, 2025-03-05 The following is a collection of poems written over a period of time It is an eclectic mixture with themes ranging from Stephen Hawking s brief history of time the Rig Veda and Jawaharlal Nehru s Discovery of India There are poems on the Indian seasons Indian weather and romance What they do have in common is that most of them have been modelled on the Locksley Hall metre It is one of the archaic metres which is still there in circulation Though it was used extensively in medieval Europe it is comparatively easy to handle due to its inherent flexibility The anthology has relatively fewer themes but the ones that are present are thought provoking The six Indian seasons have been dealt with in detail in Kalidasa s Ritusamhara There are Ragas in Hindustani classical music that are specifically sung during the onset of a season Having read Kalidasa s rendition of the Hemanta Ritu and Sharad Ritu I was convinced that only the Locksley hall metre could do justice to the descriptions of Indian autumn or winter The poems on the birth and dissolution of the cosmos are based on the Rig Veda and the Discovery of India has an interpretation of it There are striking parallels to the Nasadiya Sukta in Stephen Hawking s The Brief History of Time I have always felt that poetry does more justice to the classics of any

nation rather than mere prose The same is true of all languages especially when romantic scenes are described I hope this small booklet will inspire the readers to go into the originals besides stimulating their thinking **INDIANS MUST KNOW** Shrinivas,2019-07-31 Our great Vedas says Truth is one but wise men speak as many The book contains stories which are based on true events of our incredible past The book contains 14 short stories which will increase your respect for India The heroes of the book are not known to many generations There are facts from before the Christ era to the post independence era The pages tell stories of the wealthy south to the hard working north The book also deals with women empowerment and is an eye opener towards our real powerful history Military Manpower, Armies and Warfare in South Asia Kaushik Roy,2015-10-06 Roy investigates the various factors that influenced the formation and mobilization of military forces in the region from 300 BC to the modern day ALEXANDER THE GREAT IN BACTRIA AND INDIA NARRATIVE Dan-Tudor IONESCU,2025-01-01 This book is not only the attempt at the reconstruction of the military expedition of the army of Alexander the Great in Bactria and India and an analysis of the historical sources on which our modern image of Alexander s age is based but also aims at reconstructing the imago mundi that the ancient Greeks and Macedonians had on the world they conquered The birth and development of Alexander s myth are also treated in these pages **1001 Battles That Changed the Course of History** R.
