**Pauvres au Moyen age** Michel Mollat, 1978      **Women, Family, and Society in Medieval Europe** David Herlihy, 1995 A

selection of Herlihy's essays compiled as a tribute to his influence His particular interest in the nature of the family and the role of women within that unit is amply reflected in this volume Articles include Did women have a renaissance The

Florentine Merchant family in the Middle Ages Biology and History Suggestions for a Dialogue      *The Metamorphosis of a*

*Medieval City* David Nicholas, 2023-12-28      **Medieval Violence** Hannah Skoda, 2013-02-21 Medieval Violence provides a detailed analysis of the practice of medieval brutality focusing on a thriving region of northern France in the late thirteenth and early fourteenth centuries It examines how violence was conceptualised in this period and uses this framework to

investigate street violence tavern brawls urban rebellions student misbehaviour and domestic violence The interactions between these various forms of violence are examined in order to demonstrate the complex and communicative nature of medieval brutality What is often dismissed as dysfunctional behaviour is shown to have been highly strategic and socially integral Violence was a performance dependent upon the spaces in which it took place Indeed brutality was contingent upon

social and cultural structures At the same time the common stereotype of the thoughtlessly brutal Middle Ages is challenged as attitudes towards violence are revealed to have been complex troubled and ambivalent Whether violence could function effectively as a form of communication which could order and harmonise society or whether it inevitably degenerated into

chaotic disorder where meaning was multivalent and incomprehensible remained a matter of ongoing debate in a variety of contexts Using a variety of source material including legal records popular literature and sermons Hannah Skoda explores experiences of and attitudes towards violence and highlights profound contemporary ambiguity concerning its nature and legitimacy

*Prostitution in Medieval and Early Modern Literature* Albrecht Classen, 2019-07-18 Prostitution is known as the oldest profession in the history of humanity While historians have already given due consideration to the profession's social and cultural meanings across time periods little has been written about literary representations of prostitution

*Prostitution in Medieval and Early Modern Literature* analyses the work of writers from an array of social positions including courtly poets and even religious writers dealing with the topic during the medieval and early modern periods Its study shows that prostitutes and brothel owners were present on the literary stage far more often than we might have assumed Utilizing an interdisciplinary approach and incorporating relevant sources from across the entire European continent dating from the

early Middle Ages to the sixteenth century it examines the phenomenon of prostitution in a variety of contexts and highlights the extent to which the institution mattered for both the higher and the lower classes      **The Medieval Prison** G.

Geltner, 2018-06-05 The modern prison is commonly thought to be the fruit of an Enlightenment penology that stressed man's

ability to reform his soul The Medieval Prison challenges this view by tracing the institution's emergence to a much earlier period beginning in the late thirteenth century and in doing so provides a unique view of medieval prison life G Geltner carefully reconstructs life inside the walls of prisons in medieval Venice Florence Bologna and elsewhere in Europe He argues that many enduring features of the modern prison including administration finance and the classification of inmates were already developed by the end of the fourteenth century and that incarceration as a formal punishment was far more widespread in this period than is often realized Geltner likewise shows that inmates in medieval prisons unlike their modern counterparts enjoyed frequent contact with society at large The prison typically stood in the heart of the medieval city and inmates were not locked away but rather subjected to a more coercive version of ordinary life Geltner explores every facet of this remarkable prison experience from the terror of an inmate's arrest to the moment of his release escape or death and the ways it was viewed by contemporary observers The Medieval Prison rewrites penal history and reveals that medieval society did not have a persecuting mentality but in fact was more nuanced in defining and dealing with its marginal elements than is commonly recognized

*Human Agency in Medieval Society, 1100-1450* Ionuț Epurescu-Pascovici, 2021 Argues the case for the individual as autonomous moral agent in the later Middle Ages

*A Companion to the Medieval World* Carol Lansing, Edward D. English, 2012-12-26 Drawing on the expertise of 26 distinguished scholars this important volume covers the major issues in the study of medieval Europe highlighting the significant impact the time period had on cultural forms and institutions central to European identity Examines changing approaches to the study of medieval Europe its periodization and central themes Includes coverage of important questions such as identity and the self sexuality and gender emotionality and ethnicity as well as more traditional topics such as economic and demographic expansion kingship and the rise of the West Explores Europe's understanding of the wider world to place the study of the medieval society in a global context

Poverty and Devotion in Mendicant Cultures 1200-1450 Constant J Mews, Anna Welch, 2016-07-15 Ever since the time of Francis of Assisi a commitment to voluntary poverty has been a controversial aspect of religious life This volume explores the interaction between poverty and religious devotion in the mendicant orders between the thirteenth and fifteenth centuries While poverty has often been perceived more as a Franciscan than as a Dominican emphasis this volume considers its role within a broader movement of evangelical renewal associated with the mendicant transformation of religious life At a time of increased economic prosperity reformers within the Church sought new ways of encouraging identification with the person of Christ This volume considers the paradoxical tension between voluntary poverty as a way of emulating Christ and involuntary poverty as situation demanding a response from those with the means to help the poor Drawing on history literature and visual arts it explores how the mendicant orders continued to transform religious life into the time of the renaissance The papers in this volume are organised under three headings prefaced with an introductory essay by the editors Poverty and the Rule of Francis exploring the interpretation of poverty in the Franciscan Order Devotional Cultures considering aspects of

devotional life fostered by mendicant religious communities Franciscan Augustinian and Dominican Preaching Poverty on the way poverty was promoted and practiced within the Dominican Order in the later Middle Ages and Renaissance
